U.S. Sends Troops Across Red Border In Berlin Dispute

3 Jeeps With Armed M.P.s Escort Americans Past Communist Guards

BERLIN (UPI) — The United States sent a civilian car escorted by a convoy of three jeeploads of armed soldiers into East Berlin today in a demonstration of American determination to keep Friedrichstrasse crossing point open to Western traffic.

The incident this afternoon developed after a U.S. official in civilian clothes riding in an official Army sedan was turned back by Communist guards during the morning. He switched into an Army uniform and later drove into East Berlin without difficulty to deliver a message from Berlin's American commandant to the Soviet commander.

Before and after the two incidents, the Friedrichstrasse crossing point remained open to traffic, with cars passing back and forth in both directions.

The car's occupants were a driver in civilian clothes and Irwin Firestone of Pittsburgh, Pa., Russian-speaking head of the military police liaison office. He was the civilian also involved in the incident this morning while he was on his way to deliver a message from Maj. Gen. Albert Watson II, Berlin's American commandant, to Col. A. V. Solovyev, his Soviet counterpart.

A spokesman for the U.S. Berlin command, said that at 3:05 p.m. five U.S. tanks and five armored personnel carriers moved up to the border at the Friedrichstrasse crossing point.

Five minutes later, the civilian car started through the Communist check point, only to be stopped at the eastern end by Red police.

Lt. Col. Robert Sabolyk, the U.S. provost marshal, and a first lieutenant went over to the car and brought it back. A few minutes later, Sabolyk went back, asked for a Soviet officer, and was told none was available.

At that point, the American convoy formed. One jeep moved in front and two behind the sedan. Each jeep had three MP's and a driver. All wore bullet-proof vests and steel helmets. They carried M-14 rifles with fixed bayonets and submachine guns.

At 3:45 p.m., the convoy moved through checkpoint into East Berlin without a word from Red Guards.

The sedan continued on into East Berlin, while the jeeps swung around and sped back into West Berlin.

The civilian car drove around in East Berlin for a few minutes. Returning to West Berlin, the sedan was stopped at the eastern end of the checkpoint. The driver signalled with his lights, and the jeep escort went back into East Berlin and brought the sedan back into West Berlin.

U.S. Plans To Protest Red Action

WASHINGTON (UPI) — The United States announced today it will lodge a formal protest with Moscow over the latest Communist restrictions on travel to East Berlin.

A spokesman said U.S. Ambassador Llewellyn E. Thompson will go to the Soviet Foreign Ministry tomorrow to warn against "unilateral action" by the Communists in tense Berlin.

It was not immediately clear whether he would see Foreign Minister Andrei Gromyko personally.

State Department press officer Lincoln White said, however, that Thompson would reassert the right of U.S. officials to travel without hindrance in and out of East Berlin.

The latest flare-up occurred when the Communists for the first time required U.S. officials driving into East Berlin to show identification to East Berlin police even though they rode in official U.S. cars.

White made clear the United States would not bow to such demands.

Soviet Union Pressing For Parley On Berlin

MOSCOW (UPI) — The Soviet Union pressed today for negotiations with the West on Berlin and Germany but gave no indication what if anything was negotiable in its own position.

Foreign Minister Andrei Gromyko sounded the latest call for talks yesterday at the 22nd Communist Party Congress and Soviet broadcasts and newspaper reports played it up big today.

Gromyko said the Soviet government "spares no efforts to find a common language with the Western powers on the question of a German peace treaty," but he gave no hints as to specific items the Russians might consider bargainable.

He said that if no agreed solution was reached, Russia would sign a peace treaty with East Germany alone.

Nevertheless, observers considered the tone of the speech relatively mild and they noted he mentioned nothing about a year-end time limit.

Gromyko said that in his talks with Dean Rusk earlier this month in New York and Washington, the American secretary of state said "he fully shared the aspirations of the Soviet government for peace and on behalf of the American government Rusk expressed hope there will be found ways to secure peace throughout the world."

Gromyko said Rusk told him that much in the world situation depended on what Washington and Moscow decide.

"This is a correct statement and we can only welcome it if actions in the United States foreign policy field will follow this trend," Gromyko said.

College Issues Statement On Land Buys

The Marin Junior College District board in a public statement today defended its conduct of negotiations for purchase of land for expansion of its Kentfield campus, and charged the Independent-Journal "has failed to provide full and accurate reporting" of the matter.

In a lengthy statement by Kent O. Seymour, president of the college board, and Mrs. Elizabeth M. Deedy, clerk, the board took exception to stories in the Independent-Journal of Oct. 17 and 18 which disclosed the board had met in secret to discuss land purchase. (The statement appears in full on page 24 of today's paper.)

The propriety of the board's conduct is under investigation by the Marin County Grand Jury in its role of watchdog over the conduct of public business of all jurisdictions within the county.

The I-J story of Oct. 17 disclosed that the board, without prior public discussion, approved purchase of property at 143 Kent Avenue, Kentfield. Only by inquiring of the college president, after the meeting, was a reporter able to learn the price paid, the extent of the property, or the purpose for which it was purchased. These matters, it developed, had been discussed in closed session, of which "full and accurate reporting" had not been possible.

Two other land purchases—one still under negotiation — without public discussion by the board were disclosed in subsequent stories.

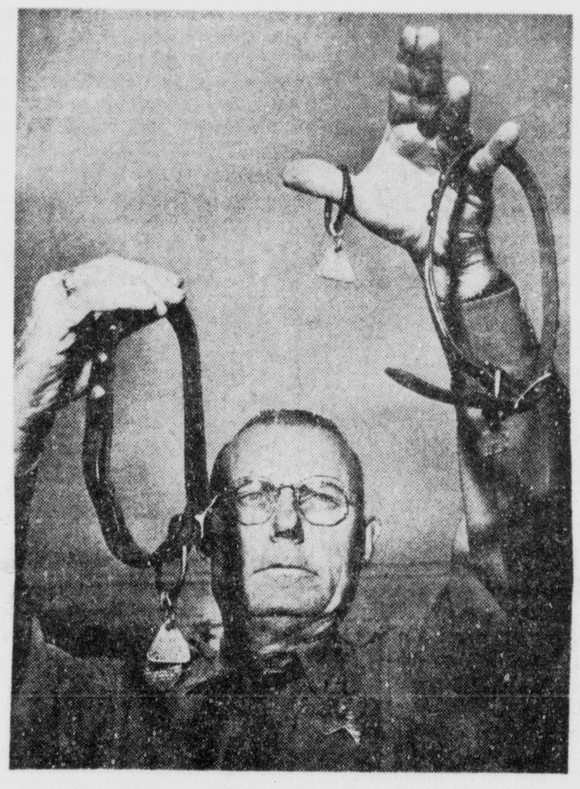
Still another, purchase of acreage known as the Crown Development property over the Larkspur city line, was erroneously reported as also having been handled in secret session. This property was purchased from Mosk Realty Co. for $51,000, in a negotiated settlement after a condemnation suit was instituted. Original asking price was $90,000.

The Independent-Journal regrets this was incorrectly included with the other properties as being discussed in closed session while not subjects of litigation. The error arose because acceptance of the negotiated price or the fact that a price had been negotiated were not publicly placed in the board meeting record, nor was reference to the litigation or negotiation reflected in the board's public action accepting "grant of title" in the land.

The statement of the junior college district board appearing elsewhere goes into many other matters. The Independent-Journal's stories were concerned with the holding of closed - door sessions of the board for purposes other than those specified in the Brown Act.

KILLER DOGS?—This dog, one of five pit bulls found at the Sequeira Ranch in Marinwood, was seized and taken to the Marin County Humane Society last night when sheriff's officers and Humane Society officials followed up report of dog fights being promoted on the property. Joseph Sequeira, his son and nephew were charged today with roles in the dog fighting. (Independent-Journal photo)

Trio Accused Of Dog Pit Fights On Marin Ranch



TROPHIES OF THE KILL?—Roy Couts of Marin County Humane Society shows dog collar and tags found at Sequeira Ranch in Marinwood, believed to be from dogs picked up elsewhere and killed by pit bulldogs kept for fighting matches. (Independent-Journal photo)

Area Betting Probed; Stray Found Killed

A Marinwood ranch owner and his son and nephew were accused today of throwing stray dogs into an arena and allowing trained pit bulls (fighting dogs) to mangle them to death.

Deputy Dist. Atty. P. Roy Vallarino said he is preparing complaints against Joseph Sequeira of 200 Miller Creek Road, his son George, and his nephew Clem Sequeira. Charges against George and Clem Sequeira include cruelty to animals, training animals to fight, and allowing dog fighting. The elder Sequeira is accused of aiding and abetting cruelty to animals.

Dist. Atty. Roger P. Garety said he is also investigating possibilities that dog fighting operations may extend outside Marin County, possibly in Oakland, and that betting may have been going on in Oakland.

COLLECTING EVIDENCE

Vallarino said he has reason to believe that some of the dogs may have been picked up off the streets for the express purpose of letting them fight. Depending on evidence collected in further investigation, he said the case may go to the Grand Jury for a felony indictment.

Marin County Humane Society officials and sheriff's deputies converged on the Sequeira Ranch at Marinwood last night on complaints by several residents that they heard dogs howling and screaming.

They found a half dozen pit bulls in kennels and a German shepherd dog lying dead, still chained to a dog house.

TORN DOG

In a tack room inside the barn, deputies found a black mongrel lying on the floor, its fur torn and blood in the area of its left ear. Another white and brown mongrel was cowering in the corner under some saddles hanging from the wall.

Officers said they found traces that appeared to be blood on the floor of the tack room and garage of the barn.

The injured mongrel, badly chewed, was sent to Dr. H. P. Boyd's veterinary hospital in Mill Valley for treatment.

The humane society has four sets of dog tags and a dog collar found in the tack room.

EVIDENCE OF FIGHT

Officers picked up a black and white pit bull, which showed evidence that it had been in a fight. Its dog license showed an Oakland registration.

Deputy Sheriff Ted Hughes was the first to arrive at the scene about 7 o'clock last

Gov. Brown Suspicious Of Nixon Plans

LOS ANGELES (AP)—Gov. Edmund G. Brown said today that Richard M. Nixon "cannot blame the people for suspecting that he hopes to convert the state capital into Nixon-for-President national headquarters."

The Democratic governor said Nixon must expect such suspicion to develop "in the absence of an unequivocal declaration that he would serve four full years as governor."

Brown, addressing the women's division of the Democratic State Central Committee, said the voters will be told "that this time they may not have a choice merely between a Democrat and a Republican—but between a Democrat and Richard Nixon."

"If that doesn't wake them up," Brown said, "nothing will."

Brown said the former Republican vice president declared only weeks before he entered the governor's race that his "primary concern was with national and international affairs—not with California."

M'Carthy Demands Defense Answers

I-J Special Report

SACRAMENTO—State Sen. John F. McCarthy of San Rafael, Republican Senate leader, today demanded of Gov. Edmund G. Brown answers to what Californians are expected to do in case of a nuclear attack "right now."

"Right now Californians unfortunately do not know what to do if an attack should come today, tomorrow, or a month from now," said McCarthy, who is a candiate for lieutenant governor, in a telegram delivered to Governor Brown.

He declared "every citizen of the state deserves to know the answers" to the following questions:

"1. As of today how will the public be informed that an attack is emminent?

"2. If and when they receive such a warning, specifically what should they do?

"3. If children of a family are in school, the father is at work, and the mother is at home, should members of the family make any attempt to contact each other?

"4. You have spoken of stockpiles of food and medical supplies. When, where and how will these be made available to the public?

"5. In your press conference yesterday you said a pamphlet with specific instructions has already been prepared for distribution with the 1962 auto license renewals next year. What about older people who have no cars? If this vital information is already prepared why isn't it being released to the public now and why are you unwilling to do so?

"6. If you and your administration are not now in possession of clear-cut and decisive answers to these life and death questions, will you be willing to direct an urgent plea to President John F. Kennedy to supply them immediately?"

Heavy Snow Forecast For Mountains

SAN FRANCISCO (AP)—Locally heavy snow is forecast for the mountains of California's extreme north tonight and tomorrow.

There will be rain at lower levels, the Weather Bureau said, and the storm is expected to extend southward to around Ukiah and Redding.

There will be snow in the mountains south to around U.S. 50, however, the bureau reported.

Variable cloudiness but mostly sunny weather is expected south of the precipitation area tomorrow.

Rainfall last night was .85 of an inch at Crescent City, .31 at Eureka and .01 at Sacramento and Susanville.

Motorists going into mountain areas were warned to carry tire chains. Chains were required over U.S. 50, Echo Summit, between Twin Bridges and Meyers. On U.S. 40 there was some snow on the pavement from Kingvale to Donner Lake.

HAMMARSKJOLD DEATH PROBE VOTED IN U.N.

UNITED NATIONS (UPI) — The General Assembly, by a 97-0 vote, today authorized an international investigation of the death of Dag Hammarskjold.

Although Russia expressed no opinion in the brief debate on a 10-power resolution, it voted for the measure. There were no abstentions.

The resolution authorized appointment of "five eminent persons" to investigate the plane crash that caused the death of Hammarskjold and 15 others in the Rhodesian jungle last month.

Kennedy Faces Deficit; Promises Less Spending

WASHINGTON (UPI)—President John F. Kennedy, faced with a prospective federal deficit of nearly seven billion dollars, told his cabinet today that he intends to spend "substantially less" than Congress authorized for the current 12 months.

The White House did not say how big a tuck Kennedy will take in expenditures. But press secretary Pierre Salinger said this would be reflected in the mid-year budget review which will be made public Sunday night.

Kennedy, in a long statement to the cabinet and a group of 13 agency heads gathered in the White House urged them to cut down all spending commitments "not absolutely necessary to the national interest at this time."

He also said he believed the government could function efficiently witht fewer employees than Congress voted funds for. The White House declined to say whether this meant a reduction in the present federal force or a freeze on government jobs.

The president emphasized the need for a slowdown in anti-recession spending programmed earlier this year for specific anti-recession purposes, saying the recuperative force of private enterprise has reversed the downward trend in income and employment and brought about "steady and strong recovery."

County Covered By Light Rain

Light rain which started on the West Marin coast about 10 a.m. today gradually moved eastward and by noon had covered the county.

Point Reyes Station was among the first areas reached by showers gradually developing into a heavier drizzle.

Such points as Novato, Corte Madera and Mill Valley began to experience the sprinkles around 11 a.m., with Sausalito a little later and San Rafael at 11:40 a.m.

In the Chevy Chase district of Larkspur, it had rained .07 of an inch by noon.

WIRE NEWS BRIEFS From Everywhere

Turk President

ANKARA (UPI) — Gen. Cemal Gursel, leader of the military coup that overthrew the Turkish government of executed Premier Adnan Menderes, was elected president of Turkey today.

Gursel's election had been virtually assured by the stand of the ruling military junta, the National Unity Committee, after the national elections Oct. 15.

The junta was reported to have warned that its 17-month military rule might become permanent unless the four rival political parties agreed on a coalition government with Gursel as president.

Gursel had been serving as acting chief of state since Menderes' overthrow.

Trujillos Leaving

CIUDAD TRUJILLO, Dominican Republic (AP) — One brother of the late dictator Rafael Trujillo flew to Bermuda last night for a long stay abroad, and the government confirmed that another brother departed for exile earlier.

Gen. Hector Trujillo, president of the Dominican Republic for eight years under the generalissimo slain May 30, arrived in Hamilton, Bermuda, with nine relatives and friends.

Presidential Secretary Armando Oscar Pacheco said that a second brother, Gen. Jose Arismendi Trujillo, also had left the country.

Peace Corps 'Mistake'

SAN FRANCISCO (AP) — It's a mistake for Peace Corps recruits to live like people of the countries they're assigned to, says the executive director of the Near East Foundation.

Dr. Lyle J. Hayden told a news conference yesterday that when Americans sleep on floors, for example, the people think the corpsmen are "trying to make fun of them."

Hayden, who recently completed a tour of Ghana, Iran, Jordan and Korea, also added that Peace Corps nations don't need "pick and shovel gangs" but technical skills.

He proposed that senior Americans with such skills be recruited to guide the program.

Won't Snub Nixon

SACRAMENTO (AP) — Former Lt. Gov. Harold J. (Butch) Powers won't join two other Republican gubernatorial candidates in refusing to attend a GOP fund-raising dinner at which Richard M. Nixon will be the only speaker.

Powers said yesterday he'll be at the Nov. 13 dinner in San Francisco and "I'll try to get the unity message across to as many Republicans as I can personally reach even if I won't be allowed to talk to the Republicans as a group."

Former Gov. Goodwin J. Knight and Assemblyman Joseph Shell (R-Los Angeles), the other candidates, have said they will not attend unless they get equal time with Nixon.

Landslide Kills 32

OITA, Japan (UPI) — Thirty-two persons were killed today when a speeding passenger train was engulfed in a landslide caused by heavy rain in this city on Japan's southernmost island.

Thirty-three persons were injured and several persons were believed trapped in the train which carried more than 70 passengers when it was caught by the landslide at mid-afternoon.

Police said rescue workers recovered 26 bodies from the train buried under mud. Six persons died after they were taken to hospitals.

Rayburn 'Better'

DALLAS (UPI) — Vice President Lyndon B. Johnson visited Sam Rayburn for nearly an hour yesterday and said the cancer-stricken House speaker wants to visit him at his ranch.

"He expressed a desire to visit the ranch when he gets better," Johnson said. "He said he was very happy to see good friends around him."

Johnson said the 79-year-old Rayburn looked "considerably better" than when he saw him a week ago. It was Johnson's fourth visit to see Rayburn since he entered Baylor University Medical Center Oct. 2.

Fire Injures 23

NORTH TONAWANDA, N.Y. (UPI) — A flash fire injured at least 23 persons and caused an undetermined amount of damage today to a top secret government work area at the Wurlitzer plant in this Buffalo suburb.

Some of those injured apparently suffered serious burns. Eight persons were admitted to hospitals.

A Wurlitzer spokesman declined to reveal the nature of the work in the area involved. He said only that it was part of defense department contracts handled by the firm, which manufactures musical instruments.

Strike In France

PARIS (UPI) — Public transportation workers went out on strike today, halting subway and bus service here and bringing an estimated 75 per cent of the nation's trains to a standstill. The walkout was scheduled to last 24 hours.

Communist, Socialist and Catholic unions — the three largest — opened the strike against railroads and subway and public bus lines.

Air France ground crews at Orly airport planned to walk off their jobs for 24 hours starting today.

Night trains rolling across the country pulled into the nearest stations and stayed there. Paris buses and subway trains simply stayed in their terminals.

The unions are demanding wage increases ranging from 7 to 15 per cent.

Picasso III

VALLAURIS, France (UPI) — Artist Pablo Picasso, who marked his 80th birthday yesterday, was reported ill today. But this sunny Riviera town went ahead with plans for a two-day weekend birthday celebration anyway. Picasso was believed stricken with a cold.

In New York two of his paintings executed at the turn of the century brought a total of $147,000 at auction last night.

The overall sale brought $1,098,775. Sold were a blue-period Parisian cafe scene, for $81,000 to David L. Kreeger of Washington D.C., and a rose-period portrait of nudes bought by an unidentified New York collector for $46,000.

Kekkonen Arriving

SAN FRANCISCO (AP) — Finland's flag was flown from the Mark Hopkins Hotel today in welcome for that Scandinavian country's President Urho Kekkonen and his wife, Sylvi.

Demo Leaders Hit Back At Ike's Attack

WASHINGTON (AP) — With the White House silent, four Senate Democrats struck back today against an attack by former President Dwight D. Eisenhower on Kennedy administration fiscal policies and the Peace Corps.

Senate Democratic Leader Mike Mansfield of Montana said Eisenhower was engaging in "campaign oratory" when he said in New York Tuesday that the administration's budget policies are "shrinking dollars" and that the Peace Corps is a "juvenile experiment."

POLITICS

"When the former president talked about deficits in his purely political speech," Mansfield said, "he should have been reminded that in one year during his administration the nation had the highest peacetime deficit in its history, 12.5 billion dollars.

"I am glad he is willing to admit that the nation has attained a state of prosperity. I hope he recalls that when President John F. Kennedy took over from him we were in a state of recession."

Mansfield said Congress had given its overwhelming approval to establishment of the Peace Corps. He added that he hopes it will "be given an opportunity to prove its worth before it is condemned for purely political reasons."

Sen. Philip A. Hart (D-Mich.) said in a separate interview he was disappointed that Eisenhower would express critical opinions about the Peace Corps.

"I think he has caused hurt to a lot of very sincere American young men and women who are showing a dedication to their nation that ought to be encouraged" Hart said.

BELITTLED

Sen. Maurine B. Neuberger (D-Ore.) said she thought Eisenhower had "belittled his own position" by suggesting sarcastically that a Peace Corps member be sent to the moon because that was an underdeveloped country.

"His statement that this is a 'juvenile experiment' shows his lack of information about the corps," she said. "There are people in it as old as 50 years of age."

Sen. Albert Gore (D-Tenn.) said Eisenhower was "completely misinformed if he thinks the Peace Corps is not popular and eagerly sought in countries where it has not yet sent any of its members."

CORP WANTED

Gore, just back from a four weeks' tour of Africa, said countries where Peace Corpsmen are operating "without exception told us they would like to have more of these young people." He said other nations "want in on it."

"I regret that the former president, who devoted a lifetime of service to his nation, yielded to the political temptation to disparage the efforts of these young people," Gore said.

Pierre Salinger, press secretary, said yesterday there would be no White House comment on Eisenhower's remarks.

Yugo Wins Nobel Literature Prize

STOCKHOLM, Sweden (AP) — The 1961 Nobel Prize for literature was awarded today to the Yugoslav novelist and prewar diplomat Ivo Andric, 69.

The prize, worth $48,300, is the first Nobel award ever to go to Yugoslavia.

Andric was nominated for the prize last year and was eliminated only in the last round.

Andric's greatest work is an historical trilogy — "Miss," "The Travnik Chronicle" and "The Bridge on the Drina." It and most of his work are about his native Bosnia and its people.

The Royal Swedish Academy of Letters said in its citation that Andric was given the prize for "the epic force with which he has depicted themes and human destinies from the history of his country."

The academy has 18 members. The chair of the late U.N. Secretary-General Dag Hammarskjold, one of its most prominent members and the winner of the 1961 Nobel Peace Prize, is still empty.

Andric served in the Yugoslav diplomatic corps from the 1920s until World War II. His last diplomatic mission was as Yugoslav minister to Berlin, and he returned home only a few hours before the first Nazi bombs fell on Belgrade.

He was the second writer-diplomat in succession to get the literary award. Last year it went to French poet Saint-John Perse, who as Alexis Leger was secretary-general of the French Foreign Ministry when World War II broke out.

Andric is the second Nobel winner of Yugoslav origin. Leopold Ruzicka, who was born in Vukovar, then part of the Austrian, Hungarian empire, shared the 1939 chemistry prize but was then a Swiss citizen.

IVO ANDRIC
Nobel Prize winner

Andric is the fourth person to be given a Nobel Prize this year. Last Thursday the prize for medicine was given to Dr. Georg von Bekesy, 62, Hungarian-born telephone engineer now an American and working at Harvard. He was awarded the prize for his research on the human ear.

Monday the Nobel Committee of the Norwegian Storting awarded the 1961 Peace Prize to the late Dag Hammarskjold and the 1960 Peace Prize to the Zulu chief Albert Luthuli, 62, of the Republic of South Africa.

The prizes for chemistry and physics are to be awarded next Thursday by the Royal Swedish Academy of Science.

Khrushchev Willing To Dump 'All Weapons Into The Sea'

TOKYO (UPI) — The foreign office today disclosed a letter from Soviet Premier Nikita Khrushchev in which he said he ordered the resumption of atmospheric nuclear tests" after long thought and with sorrow and grief."

The letter was in reply to Prime Minister Hayato Ikeda's personal plea to Khrushchev to halt the tests. It was delivered to Foreign Minister Zentaro Kosaka yesterday by Soviet Charge De'Affairs Serguei P. Suzdalev.

In his brief note to Ikeda, Khrushchev said Russia was willing to "dump all its weapons into the sea" under a "very strict" international total disarmament treaty.

"Peace is necessary to build Communism," he said, "and we are willing to dump all our weapons into the sea . . . but we must have perfect disarmament."

A migrating flock of Canadian geese can average about 55 miles an hour.

Syrian Revolt Held Causing Egypt Arrests

BEIRUT, Lebanon (AP) — The Syrian revolt has touched off a wave of arrests and reorganization in Egypt that diplomatic sources say is more widespread than President Nasser has admitted publicly.

Nasser even may have been forced to share some of his power with two long-time associates.

The arrests extend into the army and air force.

Nasser's government has admitted the arrest of 40 civilians and confiscation of property of 107 more. The government said they were reactionary obstacles to Nasser's goal of Arab socialism.

Damascus newspapers reported property was seized from more than 1,000 persons, most of them Syrians and Lebanese. And qualified informants say that at least 16 air force officers have been confined and possibly 100 army officers have been arrested or dismissed.

The army officers are mainly relatives or close allies of the wealthy civilians picked up on Oct. 17.

Censorship of outgoing dispatches has prevented Cairo correspondents reporting these additional arrests or other evidences of unsettled conditions in Egypt.

Some informed observers in Cairo believe that in moving to squelch any potential challenge to his regime, Nasser has been forced to surrender some of his power. These sources see a triumvirate emerging, with Nasser still very much on top but forced to trim his sails.

The other two members of the triumverate are both veterans of that council: the minister of treasury and planning, Abdel Latif Boghdady, and Interior Minister Zakaria Mohieddin.

UNGRAMMATICAL, TOO

Sandburg Calls Ike 'Welfare' Product

WASHINGTON (UPI) — Carl Sandburg, the poet and Lincoln biographer, yesterday pictured former President Dwight D. Eisenhower as history's most ungrammatical president, the sheltered product of a "welfare state" life in the Army.

He said it was a relief to watch President John F. Kennedy, for whom he forecast a place among the nation's great leaders.

The white-maned 84-year-old poet said welfare state was a dirty word to Eisenhower but that from he time he left a boyhood creamery job at Abilene, Kan., to enter West Point, Eisenhower was protected from all the normal hazards of freedom including looking for work.

"He has yet to know the people of the United States," said Sandburg at a news conference at the Library of Congress where he viewed and formally opened the library's new Civil War Centennial exhibit.

Sandburg said of Kennedy: "The way he is going is almost too good to be true. There were never more formidable circumstances for a chief executive to face."

At his news conference he waxed even warmer about the president and polished up critical remarks he had made at the White House about Kennedy's predecessor. He centered his fire particularly on Eisenhower's statement Tuesday criticizing the Peace Corps and Kennedy's unbalanced budget.

"The chances are entirely that he (Kennedy) is going to rate as one of the great presidents," Sandburg said. "He's a great relief from the press conferences of Dwight David Eisenhower, the most ungrammatical president we've ever had. Shooting off about the youth corps! Before it's begun to have a try-out he says it's no use. That wasn't good sportsmanship. . . ."

Art Club At College Sponsoring 2 Films

College of Marin Art Club is sponsoring a double-bill of foreign movies at 8:30 p.m. tomorrow in room 61 of the art building.

The first picture, "Captain's Paradise," stars Alec Guinness. The second, "In the Park," features Marcel Marceau. The money received will go toward the art club scholarship, said art teacher Doris Meyer.

Scientist Says Milk Is Safe From Fallout

GENEVA (UPI) — A leading American scientist said yesterday the Russians could explode a 50-megaton nuclear weapon every two or three days for a year before the radioactive iodine content in ordinary milk became dangerous.

Dr. Austin M. Brues, director of biological and medical research at the Argonne, Ill., National Laboratory, was commenting on a report by the British Medical Research Council Tuesday which said the contamination of milk was the most serious consequence of the recent Russian nuclear tests.

Brues is attending a conference of East-West scientists which is measuring statistics of sickness caused by atomic radiation against statistics of illness caused by other factors.

"On the basis of this one bomb the Russians have let off there can be no danger of milk becoming contaminated," he said. "The radioactive iodine 131 count in milk decreases by a half in eight days. In 16 days it decreases to a quarter, in 24 days to an eighth and in 32 to a sixteenth.

"Thus, since the level is not maintained, there is no danger. To maintain the danger they would have to set off a 50 megaton bomb every two or three days for a year. By that time powdered milk or some other substitute would be in operation."

Brues said nursing mothers would have little or no opportunity to pass radioactive iodine on to their children.

"The iodine gets into the milk because cows pick it up from the grass they eat and pass it on through their milk," he said. "Unless you had a nursing mother who eats grass a tiny baby couldn't be contaminated."

Parent Orientation

The Del Mar School in the Reed Union School District will hold a parent orientation meeting tonight from 7:30 to 8:30 o'clock in the Reed School auditorium.

Teller Pleads For Fallout Preparedness

SAN FRANCISCO (AP) — The 63rd annual conference of the California League of Cities heard a plea yesterday by Dr. Edward Teller, developer of the hydrogen bomb, for fallout preparedness in the event of nuclear war.

Dr. Teller, addressing a final-day league assembly, said, "We can save 90 per cent of our people by proper preparation of adequate fallout shelters. My estimate is that it would cost about 10 billion dollars to put us in a decent state of preparedness."

Earlier, Gov. Edmund G. Brown pledged the state's help in the fight against juvenile crime.

As an example of what the state plans, Brown said, the Governor's Conference on Youth for Community Services will meet in Long Beach Nov. 13-14 to find ways of finding jobs for teen-agers

Levels Of Radioactivity 'Are No Cause For Concern'

WASHINGTON (UPI) — The Public Health Service said today that current levels of radioactivity "do not warrant undue public concern."

But it added that fallout from the current Russian nuclear tests "will add to the risk of genetic effects in succeeding generations."

For the present, however, the PHS said that "at present radiation levels, and even at somewhat higher levels, the additional risk is slight and very few people will be affected."

Officials also emphasized that they are not recommending at this time the imposition of any control measures designed to limit the intake of radioactive materials.

However, there has been increase of surveillance measures aimed at sampling the radiation levels of air, water, milk and food.

The statements were made in a background paper released to the press as the PHS opened a two-day conference on fallout with health officers from all 50 states.

The statement said:

"The extra radiation caused by the Soviet tests will add to the risk of genetic affects in succeeding generations, and possibly to the risk of health damage to some people in the United States. It is not possible to determine how extensive this ill effect will be—nor how many will be affected."

French Film Tonight

A French film, "The Wild Oat," starring the pantominist Fernandel will be shown at the Marin Jewish Community Center's film festival at 8:30 o'clock tonight at 1618 Mission Avenue, San Rafael. The showing is open to the public.

Mill Valley Street Closing For Work

Portions of Corte Madera Avenue in Mill Valley will be closed starting next week for the next two months during installation of a new sewer line, Supt. of Public Works Ross Benson said today.

Work is to be started at Gardner Street, working north. Traffic will be re-routed during the day and the street opened at night.

Power Restored

Electric power, which was off 44 hours in the main buildings of the Golden Gate Baptist Theological Seminary at Strawberry Point, was restored at 3 p.m. yesterday. Cause of faliure was a faulty underground cable.

9-County Planning Unit Meets With Opposition

SAN FRANCISCO (UPI) — A bill to form a nine-county Bay Area planning district met with opposition yesterday at a hearing by the assembly municipal and county governments interim committee.

The only leader in favor of the plan for area-wide coordination of transportation, highways, parks and recreation was John Hirten, executive director of the San Francisco Planning and Urban Renewal Assn.

Objections from others present at the hearing were on the proposed power of taxation and compulsion which would be invested in the group.

Hirten, however, said it was the only way to give Bay Area communities a voice in the regional planning of the Bay Area and said taxation, with proportionate representation, would mean a gain in the taxpayers' authority.

The mayor of San Rafael, John F. McInnis, said he opposed any "concept of a complete, authoritative compliance with a regional plan."

McInnis spoke on behalf of the Assn. of Bay Area Governments' regional planning committee of which he is chairman.

The group, he said, saw danger in "powers of compulsion" and would "strenuously resist" any program to set up a regional group with taxation powers.

San Francisco planning director James McCarthy said his group, the Bay Area Planning group, the Bay AREA Planning Directors Committee, originally indorsed the bill but now had its objections.

ACCUSED

Continued from page 1

night. Sheriff's Sgt. Edward Levine and Humane Society officials, Mel L. Morse, Irving Sousa and James Dehnert also arrived to investigate.

They got permission from the elder Sequeira to search the buildings. They entered a large building to the rear of the house. On one side was a two-car garage, then a large tool room, and on the other side a tack room, where the injured mongrel was found in a stupor.

In another portion of the property were the kennels, where five pit bulls were found. In a small fenced area near the kennels were three pups. Near the garage were two pit bulls chained. This is where they found a dead German shepherd, still chained to the dog house.

A dog collar found in the tack room contained Marin County License 9829. In an old dresser drawer was a Petaluma dog license No. 706.

Sheriff's deputies reported that Sequeira told them someone had given him the dog collar. When asked about the injured dog, Sequeira explained both dogs in the tack room were sheep killers and "I turned my dogs loose on them," officers reported. Officers quoted Sequeira as saying he put the injured dog in the garage with his dogs, and they tore him up.

Deputy Hughes said Sequeira maintains he can kill any dog that bothers his sheep.

Morse said a check by the Humane Society today disclosed the dog found cowering in a corner was reported stolen in Petaluma yesterday.

Stolen Whisky Hearing Today

Isadore Biess, 37, auto salesman of 760 Sir Francis Drake Boulevard, San Anselmo, appeared before U.S. Commissioner Donald Constine in San Francisco today and his arraignment in U.S. District Court on a charge of receiving five cases of stolen whisky was set for Nov. 7.

Biess was indicted yesterday by the U.S. grand jury which also indicted Henry J. Pickette, 22, of San Francisco on charges of breaking into box cars and taking 66 cases of liquor, 21 cases of cigarettes and other goods.

Biess is accused of accepting the liquor with the knowledge that it was stolen Sept. 23 by Pickette. Biess today reposted bail of $250.

MARIN FIRE CALLS

YESTERDAY:

9:15 a.m., Novato—Grease fire in Novato Joe's restaurant, Nave Shopping Center; smoke damage.

10:15 a.m., Fairfax—Fire at residence of Harold McLain, 56 Wreden Avenue; cause undetermined; structural damage of $500 with $300 content damage.

11:35 a.m., Ross — Trash fire, cause undetermined, in yard at residence of E. L. Griffith, Lagunitas Road; no damage.

4:07 p.m., Alto—Grass fire, probably caused by children with matches, on Golden Gate Baptist Theological Seminary property opposite 308 Reed Boulevard.

7:24 p.m., San Rafael—Clothes in dryer caught fire at 1675 Grand Avenue, residence of Marist Fathers; no damage.

8 p.m., Larkspur — Spark from incinerator caused grass fire on empty lot at Via La Paz and Barranca Road in Greenbrae; burned 50 square foot area.

9 p.m., Mill Valley— Grass fire, cause unknown, behind Larry Brink Motors, Inc., at 433 Miller Avenue.

TODAY:

7:18 a.m., Novato—Marin Sanitary District truck, north of Novato on Highway 101, sacks caught on fire from truck exhaust; no damage to truck.

Bolinas-Stinson Children To See 'Beauty And Beast'

"Beauty and the Beast" will be presented before children of the Bolinas-Stinson Beach School district Nov. 4 at 2:30 p.m. at the Bolinas Community Center, trustees of the district were told at last night's meeting.

The play is being given by the Players' Guild, a traveling theater group from San Francisco, which has brought shows to the district for the past three years. The school district pays $50 for the performance; pupils are admitted free but admission is charged adults.

Trustees discussed other routine business, chairman Arthur E. Carpenter said, but took no action.

Army Warrant Officer Retiring

Chief Warrant Officer Walter S. Filler of 21 Englewood Way, San Rafael, post food adviser at the San Francisco Presidio for the past three years, will share honors with seven other officers and two enlisted men at an army retreat and retirement parade and ceremony at the Presidio at 4 p.m. tomorrow. He will retire with more than 30 years' service.

Two provisional battalions of soldiers from the Presidio and Fort Baker will parade, with the Sixth Army band also passing in review.

Filler will enter the real estate business after a short vacation.

School Meeting Off

Cancellation of tonight's regular meeting of the Lagunitas School board was announced today. There was no immediate decision as to whether a special meeting would intervene before the next regular meeting Nov. 9.

SHERIDAN DOWNEY
'$30 every Thursday'

Ex-Senator Downey Dies; Heart Victim

SAN FRANCISCO (AP) — Former U.S. Sen. Sheridan Downey, 77, died last night at his apartment here.

The ex-senator had been under treatment for a heart condition for several years.

A Democrat, he was U.S. senator from 1939 to 1950.

He left two sons, Sheridan Downey Jr., of Oakland, an attorney, and Richard Downey of Littleton, Colo., and three daughters, Mrs. John Dinsmore of Los Angeles, Mrs. Norman Wilcox of Walnut Creek, and Mrs. Joseph Brogden of San Diego.

Downey's wife died in 1956.

Downey served two terms in the U.S. Senate, resigning Dec. 1, 1950, after several months of illness.

He was an ardent advocate of liberal old age pensions in the years before his election to Congress. In the Senate he became chairman of the Civil Service Committee.

Upon leaving the Senate, he opened an office in Washington to represent the Long Beach Board of Harbor Commissioners in their controversy with the federal government over ownership of offshore oil lands.

In his advocacy of old age pension plans, Downey campaigned for his first election to the Senate in 1938 on a platform backing the "$30 Every Thursday" proposal.

Janitors Spend Night Locked In

Two janitors had to sleep on the counters at the Jolly Store in Mill Valley last night because store manager Jack Teal forgot to unlock the door and let them out.

Police Officer Tony Wuadros discovered the pair at 1:30 a.m. First thinking he had spotted a pair of sleepy burglars, he aroused them and was told their sad story. He did not take their names.

Said the embarrassed Teal, "I went to a union meeting last night, then forgetting about the men, went home and went to bed."

Sports Car Robbed

Someone took a white tonneau cover valued at $30 from his British sports car while it was parked at Fourth and E streets last Friday night, Joseph W. Stern of 407 Mission Avenue, San Rafael, complained to police yesterday.

Salesman Gets Probation In Battery Case

Hoyt Murphy, salesman of 2360 Sir Francis Drake Boulevard, Fairfax, was given a six-day suspended jail sentence yesterday on his plea of guilty to a charge of battery.

Judge Leonard A. Thomas in Marin Municipal Court also places Murphy on six months probation and directed that he make restitution for damages to his victim, Harry M. Ingle of 1520 San Anselmo Avenue, San Anselmo.

Murphy banged Ingle's head against a wall of the apartment house where Ingle resides, and struck him in the face, the court was told.

Ingle said no party was in progress at his apartment prior to the attack, as originally reported. He said Murphy and a woman had been guests. The trouble started after Murphy followed the woman to her apartment in the same building and became rude to her. Ingle followed Murphy from the building and was assaulted, he said.

What's To Be Done In Case Of A Fire

NEW YORK (UPI) — What should you do in case of fire?

The National Board of Fire Underwriters has issued these rules, for home and public places:

At home — Get every one out of the house quickly and then call the fire department. Each member of the family should know how to make this emergency call.

At public gatherings — WALK, do not run, to the nearest exit and then rush to the nearest fire alarm box or telephone. Keep calm, for a milling crowd at an exit can be almost as dangerous as a fire itself.

U.S. Death Rate Due To Fires

NEW YORK (UPI)—The highest death rate by fire is among persons 65 years of age and over, according to the National Board of Fire Underwriters.

The second highest rate is among children under five years of age.

Safety experts advise parents to keep matches out of reach of children and forbid youngsters to operate electrical appliances unless an adult is present.

Old persons should be warned to try to leave a burning house as soon as possible, the underwriters said.

Who Trained Him For Police Work?

MANSFIELD, Ohio (AP)—Deputy Sheriff Lester Hampton might be excused for being less then enthusiastic about an offer of a Doberman pinscher to be used in police work.

A woman came to the office with the dog, which she said had been trained for police work, and explained that Sheriff John E. Steel had expressed interest.

Hampton reached down to pet the dog. It bit him. Six stitches were need to close the wound in the deputy's right wrist.

Savings, Loan Application Hearing On

A second application to start a savings and loan association in Novato and second applications to start branches of a San Anselmo firm and a San Francisco association in Novato were heard by the State Savings and Loan Division today.

The hearings were held in San Francisco by Alec C. Stein, deputy commissioner.

A group of Marin men seeks a charter for the Novato Savings and Loan Assn., which would have capital of $250,000. Ross Valley Savings and Loan Assn. of San Anselmo and Home Mutual Savings and Loan Assn. of San Francisco made applications for Novato branches.

All three groups were denied permission to function in Novato last November on grounds that the city was served sufficiently by four existing savings and loan associations in Marin County.

The state division has 120 days from the time applications were filed in which to make its decision.

Tree Vandals Hit In San Rafael

Vandalism to potted trees placed on Fourth Street was discovered today while 13 new trees were being placed on the street between A and B streets, the San Rafael Beautiful Committee reported.

The city parks and public works department put the new trees in place under direction of Gene O'Connor and Joe Petersen of the committee.

Meanwhile, said O'Connor, the tops of two trees, broken off a short distance above the pots, were found lying over the sidewalk across the street from the courthouse. He said the trees would bush out again but a year's growth had been destroyed by the vandalism.

Adlai, Roger Kent Go Duck Hunting

COLUSA (AP)—U.S. Ambassador to the United Nations Adlai Stevenson went duck hunting near here today with his son, John, and Roger Kent, of Kentfield, state Democratic chairman.

Stevenson, who participated in U.N. week observance in San Francisco this week, brought in the legal limit of ducks.

$80 Radio Stolen

Sal Cedos of Cedos TV Co. in Kentfield reported to the sheriff's office yesterday that someone had stolen an $80 radio from his truck while he was making his rounds on television repair calls at homes.

Big Piggs Remain

OKLAHOMA CITY (AP)—Three little Pigg children went to court and had their name changed to Bond. Their parents said that was all right with them, but they weren't going to change their names.

STOCKS TODAY

NEW YORK (AP) — The stock market closed with an irregular edge to the upside today. Profit taking cut early gains. Trading was moderate.

Gains of key stocks ran from fractions to a point or so.

Volume for the day was estimated at 3.3 million shares compared with 3.59 million yesterday.

Hallinan Files Suit Over Soul

Attorney Vincent Hallinan of Ross has filed a suit in San Francisco Superior Court denying the existence of a soul, and of Heaven, Hell and Purgatory.

Defendants in the suit are the Roman Catholic Archdiocese of San Francisco and a long list of Catholic organizations.

The suit involves the estate of the late David F. Supple of San Francisco, which Hallinan said amounts to about $200,000. Supple left nearly all the estate to the Catholic church and its organizations. Hallinan claims Supple's next-of-kin and lawful heir is John C. Smith of Corte Madera, and that Smith assigned a quarter interest in his share to Hallinan's son, Terence, for "a valuable consideration." He is suing on behalf of Terence.

Hallinan contends that Supple, who died at the age of 88, was induced to leave his money to the church "for the safety of his soul, and that upon his death, it should be permitted to enter Heaven."

The petition to the court denies the existence of a soul and of such places as Heaven, Hell and Purgatory, and alleges that if no such things exist, the church cannot assure the entry of the soul into Heaven and therefore would be acquiring the estate as a result of fraudulent representations. It asks that the court rule out the church's right and distribute the estate to Smith and Terence Hallinan.

Hallinan was himself brought up a Catholic.

Childrens' Books Going On Display

A collection of 750 childrens' books published during 1961 will be on display at Mill Valley's School auditorium from tomorrow through next Thursday.

The exhibit will be open daily during school hours, including lunch hour, from 9 a.m. to 5 p.m., as well as on Wednesday from 7 to 9 p.m. They are displayed by Books Exhibit Inc.

OBITUARIES

Guide Dogs' Grace Gale Dies At 74

Mrs. Grace Tognazzi Gale, wife of San Francisco insurance executive Maurice A. Gale, died yesterday in a local hospital after a brief illness.

Mrs. Gale, 74, was widely known in Marin County for her philanthropic activities.

She was a past president, and vice president until her death, of Guide Dogs for the Blind Inc. Mrs. Gale was also a director of the Marin County Humane Society and an active member of San Francisco's Francisca Club.

A native of San Francisco, Mrs. Gale was the daughter of the late Baptista Tognazzi, California banker and financier.

She had been a resident of Marin County since her marriage 53 years ago. The couple resided at the family home on Golden Gate Avenue in Belvedere.

Her husband is her sole survivor.

Funeral services will be held at St. Stephen's Episcopal Church in Belvedere tomorrow at 2 p.m. followed by private interment. Contributions may be made to Guide Dogs for the Blind Inc., San Rafael, or the Marin County Humane Society.

JOSEPH WAGNER

The custodian for the Larkspur-Corte Madera School collapsed and died, apparently of a heart attack, yesterday minutes after directing traffic for the school's afternoon dismissal.

Joseph John Wagner, 62-year-old employee of the school since 1951, collapsed as he entered the main entrance of the school. He was rushed to Marin General Hospital where doctors pronounced him dead upon arrival. An autopsy will be performed.

Wagner, who resided at 211 William Avenue, Larkspur, is survived by his wife, Mildred, and four children.

ANGELE LARRIEU

A Requiem Mass for Mrs. Angele Larrieu of 215 Orris Terrace, San Rafael, will be celebrated at the Church of Notre Dame des Victories, San Francisco tomorrow at 9 a.m.

Mrs. Larrieu, 45, died at her home Tuesday after complaining of illness earlier in the day. An autopsy will be performed.

She was a native of San Francisco and wife of landscape gardener Remi Larrieu.

Besides her husband she is survived by two sons, Robert and Edmond Larrieu, and four grandchildren.

Interment will be at Holy Cross Cemetery, Colma. Recitation of the Rosary will be tonight at 8 o'clock at Gantner-Maison-Domergue Mortuary, San Francisco.

GOLDIE HARRIS

Mrs. Goldie M. Harris, widow of Oakland dentist Dr. C. B. Harris, died yesterday in a local hospital after a short illness.

Until her recent retirement, Mrs. Harris had been a dental nurse in Oakland for 35 years.

A native of Pennsylvania, she lived in California 47 years. Two months ago, she moved to Marin County to reside with her sister, Mrs. Iva E. Brown, at 1123 Sir Francis Drake Boulevard, San Anselmo.

She is survived also by two additional sisters, Mrs. Pearl E. Esch of Flinton, Pa., and Mrs. Mildred E. Boring of San Leandro, and two brothers, Frank H. Moore of San Anselmo and C. Rupert Moore of Oakland.

Funeral services will be held at St. Paul's Episcopal Church, San Rafael, tomorrow at 2 p.m. Entombment will be at Mountain View Cemetery in Oakland.

BIRTHS

KRETCHMER—A daughter to the wife (Sandra Sollum) of James Kretchmer, San Rafael, Oct. 25, in Marin General Hospital.

FOREHAND—A son to the wife of Fred Lester Forehand, San Anselmo, Oct. 15 in San Francisco.

MARRIAGE LICENSES ISSUED

ARTIST NORMAN ROCKWELL WEDS

Norman Rockwell, noted magazine cover artist and illustrator, and Miss Mary L. Punderson, 65, a retired teacher, were married yesterday in St. Paul's Episcopal Church, Stockbridge, Mass. It was the third marriage for Rockwell, 67. His first marriage ended in divorce in 1930. His second wife died two years ago. (AP Wirephoto)

Negotiation On Glenwood Park Asked

The San Rafael Parks and Recreation Commission voted last night to ask the city council to negotiate for purchase of the Glenwood area park site on the basis of the original boundary lines.

The commission took the position that the latest alignment under consideration reduced the amount of land available for playground purposes, said Recreation Director Joseph Rodota. The commission also voted to ask that "the drainage problem be corrected."

The commission took under advisement Rodota's recommendation for terms under which the Pony League, for baseball players 13 to 16 years old, could be made part of the city recreation program.

Rodota's report said the league would have to have a board of directors and be self-supporting financially. Commissioners tended to agree.

Copy of his report also went to the Pony League in time for consideration before the commission votes on the matter at its next meeting Nov. 29.

Druggists Trade Stamp Rule Lifted

SAN FRANCISCO (AP)—Druggists soon will be able to resume giving trade stamps on prescriptions, it was learned today.

The State Board of Pharmacy last July 27 adopted a rule prohibiting druggists from giving the stamps.

The board on Oct. 20 rescinded the order on advice of legal counsel, according to Floyd Heffrom, board secretary.

"Official notice is being sent to all pharmacies in California by special mailing, effective on receipt," Heffrom said.

Enters Novitiate

Kenneth Franseschi, 1956 San Rafael High School graduate, has entered St. Joseph's Novitiate in Watertown, Wis. The young Holy Cross seminarian is a son of Mr. and Mrs. Jerome Franceschi of 71 Summit Avenue, San Rafael.

Positions Opened With Air Force

Applications for positions of foremen and mechanics in aircraft propellor and radar-radio equipment installation are being accepted by the board of the U. S. Civil Service Examiners, it was announced today.

Positions are open at Hamilton, McClellan and March Air Forces Bases. Applications will be accepted at the offices of the 349th Troop Carrier Wing at Hamilton Air Force Base until further notice.

Fall Flower Show Opens On Saturday

Amateur flower growers will receive award ribbons in all divisions of the annual show of the Chrysanthemum Society of Marin in the Crocker-Anglo National Bank, Fourth and B Streets, San Rafael on Saturday and Sunday.

Ivan Johnson, president of the society and general chairman of the show, said the display may be seen from 2 to 9:30 p.m. Saturday and 10 a.m. to 6:30 p.m. Sunday, without charge. Door prizes will be given at the close of the show Sunday

Entries will be received between 7:30 and 9:30 p.m. Friday. Members of the club will be eligible for cups and trophies.

Drake Student Gets $150 Research Grant

Dale Glaser, 17-year-old senior at Sir Francis Drake High School, has received a $150 research grant from the Marin County Heart Assn. The presentation, third in a series, was made by Fred C. Hoffman of Sausalito, 1962 Heart Fund chairman.

Jury Awards $90,000 In Plane Crash

NEW YORK (UPI) — A state supreme court jury awarded three victims of the March 3, 1959, American Airlines crash in the East River a total of $900,000 in damages last night.

The airline asked Judge Henry M. Martiscello to set aside the verdict as excessive. He reserved decision.

The jury gave $450,000 to Edward Gottlieb, a New York public relations executive from New Rochelle, N.Y., for injuries; $425,000 to Mrs. Teresa R. Manicone of Babylon, N.Y., widow of one of the 63 passengers who lost their lives; and $28,000 to Seymour Kemach of Brooklyn for injuries.

The Lockheed Electra crashed in the East River while attempting a landing at LaGuardia Airport. The plane was using a new type of altimeter, according to testimony at a Civil Aeronautics Board hearing held shortly after the crash.

Redwood Empire Group Convention Underway

I-J Special Report

EUREKA—The 41st annual convention of the Redwood Empire Assn. opened here today as Rep. Clem Miller of Corte Madera called for a united effort to encourage the recreation industry in the North Coastal counties of California.

"We must unite, all of us—the hunter, camper, fisherman, hiker, bird-watcher, motel and service station owner, timberman, sheepman and miner" in selling Congress that recreation is not just fun but an industry," Miller said.

"We all have a basic interest," he declared, "in open space. We must persuade the congressmen that open space is business, that it is an investment with assets as well as liabilities, that public recreation is an investment."

It is possible for the presently battling interests such as conservationists and lumbermen, hunters and sheepmen, to work together for the one thing they all need—space, he insisted.

He told the opening luncheon meeting of the three-day convention that "private enterprise and local government will provide the services for a recreation industry worth not millions, but billions of dollars each year in California. We here in the Redwood Empire can reap the lion's share of this reward if we lay our plans and do our work well."

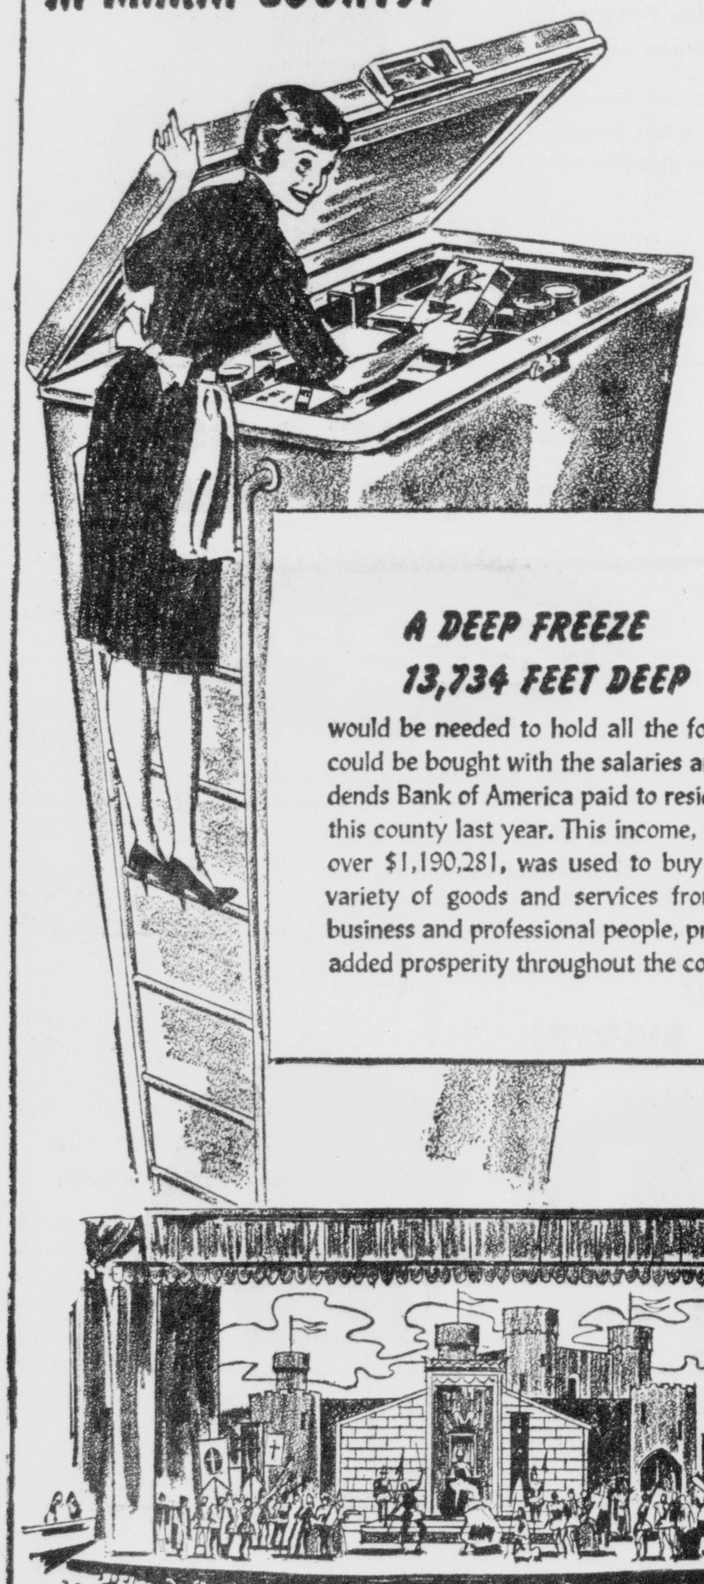
The growing recreation industry is "not replacing lumber, farming and fishing as the basic economy of the region," he went on, "rather it shall be a welcome adjunct to provide livelihood for an increasing population."

The convention was continuing this afternoon with a review of legislation and legislative actions affecting the area and a report on the state's beaches, parks, recreation and small boat harbor programs in the area.

No Water Meeting

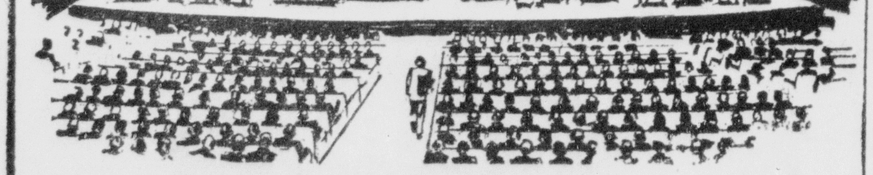
Due to lack of quorum, no meeting of the Marin Municipal Water District board could be held last night. Another effort was scheduled for next Tuesday.

A MATTER OF FACT IN MARIN COUNTY!



A DEEP FREEZE 13,734 FEET DEEP

would be needed to hold all the food that could be bought with the salaries and dividends Bank of America paid to residents of this county last year. This income, totaling over $1,190,281, was used to buy a wide variety of goods and services from local business and professional people, providing added prosperity throughout the county!



A CIVIC AUDITORIUM FOR OVER 14,000 PEOPLE

could be built with the $18,279,000 in Marin County municipal and school bonds bought during the past five years by underwriting groups organized by Bank of America. By backing bond issues your local Bank of America branch helps to bring better roads, parks and schools to your community.

MEETING LOCAL NEEDS

is a Bank of America specialty. Each branch is a local business, staffed by local people and dedicated to serving the best interests of its own community. Bank of America is the neighbor you can bank on!

FILM SPEAKER—Dr. Alfred M. Bailey of Denver, wildlife photographer and naturalist, will give the commentary accompanying his film, "Subantarctic Life," in Olney Hall of College of Marin at 8 p.m. tomorrow as the first of a new Audubon Film Series sponsored by the Marin Audubon Society.

Transit Chief Warns Of 2nd Bond Election

SAN FRANCISCO (AP) — If trains are banned from the Golden Gate Bridge a second bond issue election would have to be held, the Bay Area Rapid Transit District manager told a California Assembly committee yesterday.

John M. Peirce said, 'We would have to hold a second bond issue election to finance the Marin County line. It would be a district-wide vote."

In the election voters in San Francisco, Alameda, Contra Costa and Marin counties would be asked whether they want to pay higher taxes to construct tracks across a new bridge and into Marin County.

It would cost Marin County any hope of getting rapid transit, Peirce intimated. "The problem would be obvious," he said.

Peirce said the 1.1-billion-dollar bond issue to construct the system now planned will probably be on the ballot next June or November.

Whether the Golden Gate Bridge will be made available to rapid transit will be decided by the bridge's directors after an independent board of review reports whether rails can be added safely to the span.

The Canada goose has a wingspread of about 6 feet and weighs from 7 to 14 pounds.

MUTUAL FELICITATIONS — Dondog Tsevegmid (left) vice foreign minister of Outer Mongolia, and Souleymane Ould Sheikh Sidya of Mauritania, shake hands in mutual congratulation after the United Nations Security Council approved the applications of their countries for U.N. memberships. Final approval goes to the General Assembly. (AP Wirephoto)

U.N. Appeal Against Bomb Build; Mongolia, Mauritania Approved

UNITED NATIONS, N.Y. (AP)—Bolstered by a thumping 75-10 vote of approval from the U.N. political committee, delegates pressed today for quick General Assembly action on an appeal to the Soviet Union to refrain from exploding a 50-megaton hydrogen bomb.

Denmark, one of the eight sponsors of the appeal, asked that the General Assembly give top priority to the resolution which cleared the committee after a stormy day of Soviet opposition.

Only the nine-nation Soviet bloc and Cuba voted against the appeal. Mali abstained and 15 nations—10 of them from Africa—were absent when the balloting took place.

As support for the resolution mounted, the Soviet Union and its allies finally abandoned attempts to stall off the committee vote. But Soviet Delegate Semyon K. Tsarapkin indicated the Kremlin would reject the appeal, asserting maneuvers by the NATO nations would not deter the Soviet Union from perfecting its defenses.

Tsarapkin charged that in the past the United States had conducted tests of 15, 20 "and perhaps even 30-megaton bombs." He asserted that the nations who backed the resolution calling on the Soviet Union not to drop the monster bomb had kept silent during U.S. tests in the atmosphere.

The resolution was sponsored by Canada, Denmark, Iceland, Iran, Japan, Norway, Pakistan and Sweden.

During the debate, delegates appealed to Moscow not to touch off the giant bomb Soviet Premier Nikita Khrushchev said last week probably would be exploded by Oct. 31.

Sir Michael Wright of Britain accused the Soviet Union of betraying its partners in the nuclear test ban negotiations.

Ambassador Ralph Enckell of Finland, which lies next to the Soviet Union, said his government did not make a practice of telling other nations what to do.

"We are not taking a stand against anybody," he said. "We are only speaking against the bomb. We appeal solemnly that this bomb not be set off."

The Security Council, meanwhile, finally approved U.N. membership for Communist Outer Mongolia and Mauritania, breaking a deadlock that had imperiled Nationalist China's seat in the United Nations.

The Nationalists had threatened to veto Outer Mongolia and the Soviet Union to veto Mauritania, but both lifted their threats. The applications of the two countries were sent on to the General Assembly, which is certain to admit them as the 102nd and 103rd members of the world body.

The deal admitting the two small nations was concluded after weeks of maneuvering, during which the Kennedy administration advised Chiang-Kai-shek's regime that a repitition of its 1955 veto against Outer Mongolia might cause a number of U.N. members to favor Nationalist China's replacement in the U.N. by the Chinese Communists.

Nationalist China's Tingfu S. Tsiang did not participate in the vote in the 11-nation council and the United States abstained. Mongolia was approved by a vote of 9-0.

The Soviet Union then lifted its veto threat against Mauritania and the African nation was admitted by a 9-1 vote.

Sport Coats Gone — Again

Arthur M. Perry of 83 Woodland Avenue, San Rafael, reported to police yesterday he is having trouble keeping supplied with sport coats.

He said that some time between Tuesday morning and yesterday morning three gauges, one tachometer, two sport coats and a pair of slacks, total value $170.30, vanished from his car.

He said the coats had been bought by his insurance company to replace two coats stolen from his car only nine days earlier.

LIFE IN MARIN

'cause the

DAILY BRINGS YOU ALL THE NEWS

Ex-Premier Molotov Comes Out Of Seclusion

VIENNA (UPI) — Vyacheslav M. Molotov, one-time Soviet premier and foreign minister who has become the scapegoat of the Communist Party congress in Moscow, ended his self-imposed seclusion today and went shopping.

Western newsmen waiting outside his apartment house observed the old Bolshevik, going to a nearby store to buy a few personal items. He was alone.

It was the first time Molotov had been seen in public since last Sunday. He had remained at home when delegates to the congress made speech after speech condemning him for his attempts to oust Premier Nikita S. Khrushchev in 1957.

Until the attacks began, the 72-year-old Molotov daily had strolled with his wife, Pauline, through the nearby city park or the even closer Belvedere Gardens.

Molotov, now a delegate to the International Atomic Energy Agency, is staying away from diplomatic gatherings where he and his energetic wife have been welcome guests. He has been under attack in Moscow since last Saturday and speaker after speaker has demanded that he be ousted from the Communist Party as punishment for his efforts in 1957 to unseat Khrushchev.

What his future holds is anybody's guess. In his case he must wait for the party decision and then for the final government verdict.

Western observers here who have been keeping close watch on him since his arrival in Vienna a year ago say they are not at all convinced that Molotov still has political importance.

In the two atomic energy general sessions which he has attended he has been overshadowed by the erratic and fiery atomic energy head, Vassily Emelyanov. He has been scarcely more active outside of the agency.

U.S. To Spend $5.5 Million On Atom Blast

WASHINGTON (AP)—The government has placed a 5.5-million-dollar price tag on a planned underground nuclear explosion to launch a new search for peaceful uses of atomic power.

President John F. Kennedy approved plans for the pioneer blast in a salt shaft, some 1,200 feet below the surface, among the salt beds of New Mexico, about 25 miles southeast of Carlsbad.

The Atomic Energy Commission said the blast probably would be set off during the second week of December and that its power would be five kilotons, equivalent to the power of 5,000 tons of TNT. That is about one-fourth the force of the atomic bombs dropped on Japan in World War II.

This would be the first blast in the AEC "Plowshare" program, which has as its objective the evolution of peaceful uses for atomic explosives. Preparations have been under way since March, 1960. The test will be designed as "Gnome."

The shaft was built over the past year at a cost of a million dollars.

Asked whether other Gnome tests were planned, the AEC spokesman said it would depend upon what scientists find out in the initial blast. He estimated it would take about a year for full evaluation.

The White House said scientists of all interested U.N. members, including the Soviet Union, would be permitted to be on hand for Gnome.

Building Service Is Bought Out

Leo H. Strauss of 15 Bret Harte Heights, San Rafael, whose International Building Service Corp. of San Francisco has been purchased by Allied Maintenance Corp., will continue as president of International while also becoming a vice president of Allied, it was announced today.

Strauss organized the International organization a little less than a year ago to provide building maintenance services in the San Francisco Bay Area, the Peninsula and Sacramento. Its subsidiary Mr. Services, Inc., also acquired, furnishes similar services in the Detroit area.

Allied operates nationwide, was founded in 1888 and is the largest company in the field.

Felon Ordered To Explain His Debts

A group of irate creditors are demanding that a convicted murderer serving a life sentence at San Quentin Prison be produced at a meeting to explain why he is unable to pay his bills.

A writ of habeas corpus ordering Robert B. Dalton, 40, to appear at a meeting of his creditors on Nov. 17 was signed yesterday by U.S. District Judge James M. Carter in San Francisco.

Dalton, convicted last March for beating his aged employer to death, filed bankruptcy petition in U.S. District Court in San Diego. He claimed he owed 31 creditors more than $243,000.

Since Aug. 8, Bankruptcy Referee Arline Rossi has been petitioning both the prison and Atty. Gen. Stanley Mosk to produce Dalton, now a clerk in San Quentin's education department, in federal court.

Associate Warden Dale B. Frady said today the writ had not yet been received at the prison. When it is, Frady said, it will be turned over to Attorney General Mosk for action.

It is not customary for prisoners to be released for civil actions, said Frady.

Innocent Pleas In Fatal Shooting

Two 17-year-old Reno youths accused of fatally shooting a grocer in a holdup in Reno last March pleaded innocent to a murder charge in Superior Court in Reno yesterday.

The youths, Chester Blum and Richard Worrell, were ordered held for trial, to be set Nov. 1.

In Marin Superior Court last Monday, Judge Thomas F. Keating denied a writ of habeas corpus to prevent extradition of Jeffrey Kelley Connell, 18, of Mill Valley to face trial in the same case.

Judge Keating granted Connell's attorney, Benjamin Dreyfus, 10 days to appeal the case to the State District Court of Appeals in San Francisco.

Sierra Leone, which recently became a country, had been an English Crown Colony since 1808.

$219,000 Dixie Plan Approved

Trustees of the Dixie School District last night approved preliminary plans for a $219,000 addition to Don Timoteo School.

Included will be seven standard classrooms, a remedial room, storage space and washrooms as well as site work. Estimated cost is $163,120 basically to which will be added architectural fees, equipment and furniture, inspection, testing and site development to reach the $219,000 figure.

The board authorized Supt. Dennie B. Willis to apply to the State Allocation Board for $235,000, providing for a contingency fund and possibility of rise in construction costs.

Opposition to placement of nuclear fall-out shelters on school district property was voiced by a succession of speakers from Terra Linda, with support from several Lucas Valley residents who did not speak. Mrs. Norman Gurin of 628 Bamboo Terrace led off, followed by Dr. Bertram Koel of 855 Penny Royal Lane, Mrs. Michael Franzblau of 768 Montecillo Road, and Mrs. Jack Danielson of 719 Bamboo Terrace.

Chairman Walter J. Doll pointed out that there is no proposal before the board for installation of such shelters. He said the board has not studied the problem and therefore no answer could be given. If the problem is brought under study the fact will be publicized and those interested may be heard again, he said.

Resignation of Mrs. Eloise Arnedt, kindergarten teacher now on maternity leave, was accepted.

New lesgislation, including the gifted child program, the foreign language program to be required of elementary schools by 1965, the testing program and new code sections concerning course of study, was discussed.

Willis was directed to study the possibility of using portable classrooms as temporary administration offices, considered advisable because there may be some plan for school district reorganization within the next three years.

Motorcyclist Curious —Ends Up At Hospital

Neil Logan Nininger of 31 Orange Avenue, Larkspur, was curious as to how fast his motorcycle could negotiate the Corte Madera northbound turnoff from Highway 101, he told the California Highway Patrol yesterday.

He didn't find out when he tested at 5:15 p.m. The cycle went into slide and wound up against the guard rail. Nininger was treated at Marin General Hospital for multiple cuts on his legs, hands and back.

U.S. SENDING BOOKS, CLOTHES TO FAR EAST

MANILA (AP) — Three hundred thousand California schoolbooks and 700 tons of clothing and other items are en route to the Far East from the United States aboard five U.S. Navy ships.

The ships are among the 10 vessels of Amphibious Squadron 1, which left San Diego Oct. 16 to join the 7th Fleet in the Western Pacific, the Navy reported Thursday.

The books are destined for Philippine schools, donated by the California State Board of Education.

Some of the clothing, medicine and medical supplies, toys and vehicles will be distributed in Hong Kong, Okinawa, South Korea and Japan. Contributors included San Diego.

Gable Widow Learns Of Kidnap Report

ENCINO (UPI) — Police protection was given Kay Gable, widow of the late Clark Gable, early today after a report of a plot to kidnap her 7-month-old son, John Clark Gable.

Officers surrounded the 22-acre estate when a man told police he had overheard four men conspiring to abduct the child.

David Treganon, an unemployed publicity man, said he heard the men mention the name "Gable" in connection with kidnaping as they sat in a downtown Los Angeles cafe.

According to officers, Treganon waited until the men left the cafe before calling police. Treganon was quoted as saying he didn't obtain the license number of the car in which they drove away. He added that the men were swarthy and well dressed, but didn't mention when and where they planned to carry out the kidnaping.

"I didn't know anything about it until the police came to my home early this morning," Mrs. Gable said.

"I was sleeping with the baby last night because it was the nurse's night off.

"I've taken every possible precaution to safeguard the children. We have an electric gate that won't open unless one of us in the house pushes the button. And all the property is carefully fenced in."

Demo Club To Hear Assemblyman Rees

State Assemblyman Thomas M. Rees (D-Los Angeles), considered in the race for U. S. senator though still unannounced, will appear at a meeting of the Tiburon Peninsula Democratic Club at 8:30 o'clock tonight at Tiburoners Hall, Tiburon.

A recent West Berlin resident, Dieter Tede, will speak on "Berlin, City Between Two Worlds."

Sausalito To Review Plans For High Rise Apartment

A temporary architectural board is to be selected to review plans for the proposed high rise apartment building in Buena Vista Heights subdivision, Sausalito planning commission decided last night.

The commission drew up a list of architects from which three names will be selected for the board by Mayor Philip S. Ehrlich Jr.

San Francisco developers Perego, Harney and Teague, Inc., have been granted a use permit to build one of their three proposed nine-story apartments in the subdivision. The developers will appeal the planning commission's recommended denial of a height limit variance before the city council Nov. 7.

The commission set a public hearing Nov. 22 on the zoning committee's policy report on the proposed new zoning ordinance. Copies of the report, chairman Paul Micou said, will be available after Nov. 8 at the city hall.

Art Graduate

Carl Flindt, 503 Cane Street, Larkspur, has graduated from the Famous Artists Schools of Westport, Conn. Flindt specialized in commercial art and illustration during a three-year course with home study course.

Auditions Saturday For Yule Pageant

Preparation for an informal Christmas pageant and a January concert by the Winifred Baker Boys Chorus will get underway during auditions for boy sopranos Saturday at 10 a.m. in room 16, Angelico Hall, at Dominican College, San Rafael.

The concert will be presented at the college on Jan. 13 at 8 p.m. No date has been set for the Christmas program.

College Board Meeting On Foreign Language Lab Aid

College of Marin trustees will consider an application to the federal government for aid in starting a college foreign language laboratory at their meeting today at 8 p.m. in room 61 of the art building on the campus.

If the application is accepted by the government, one-half the cost for the equipment and remodeling would be paid by it. Cost of the project is estimated at $11,919.50.

Among other items on the agenda are: A budget report on student body and district funds; reports from Dr. Ellsworth R. Briggs, adult school dean, on the conference on adult education held at the College of Marin and the conference on "establishing legal bases for community colleges" held in Chicago, and a faculty load report for the fall semester.

In College Play

Maeanne Jackson, daughter of Mr. and Mrs. Richard Jackson of 36 Rafael Drive, San Rafael, has been cast as one of the two jesters in the production of Shakespeare's "Taming of the Shrew" at Dodge City, Kans., Nov. 17 by St. Mary of the Plains College, where she is a freshman.

SOME of our friends in the beer business think so. And here's why: there are *two* ways to make a beer light. But only one way to make a beer light and not watery. That one way takes money. And Burgie spends it...spends almost twice as much for the one choice and costly brewing grain that makes beer *naturally light*. Why spend more? Because it makes today's Burgie light. And not watery. Makes it refreshing. And not wishy-washy. Tell you what—flip the lid off an ice-cold Burgie and see for yourself!

Burgermeister BEER

Brewed for refreshing people!

GIFTS FOR PRESIDENT

Secretary of State Dean Rusk received an armful of gifts for President John F. Kennedy from Samual Akintola, premier of Western Nigeria yesterday. Ankintola called on Rusk at the State Department. (AP Wirephoto)

Unification Opposition Sets Meeting

The first public meeting of a committee which opposes unification and favors annexation of part or all of the San Jose School District to the Novato District will be held at 8 p.m. Monday in the Novato High School.

The committee against unification and for annexation opposes the unification of the two districts, said Edwin Grundstrom, Novato attorney who is the committee chairman.

At the Monday meeting, Novato school trustees Earl Marshall and William Kirk will be on hand to answer questions about the problems arising out of unification as opposed to annexation.

Mrs. L. A. Graxiola of 20 Boulevard Terrace, has been named secretary to the committee.

The first successful sugar beet refining plant in the United States opened in California in 1879.

Gallinas Community District To Fight Consolidation Move

Directors of the Gallinas Village Community Services District mean to fight against consolidation with Las Gallinas Valley Sanitary District as recommended by the Regional Water Pollution Control Board, it was learned today.

This contrasts with new policy of the Marin County Board of Supervisors as expressed this week in opening negotiation with the Las Gallinas district on behalf of the San Rafael Meadows and Venetia Harbor County Sewer Maintenance Districts.

A sweeping long-range plan and policy resolution adopted by the control board for the whole Las Gallinas Valley watershed embodies a virtual directive to Gallinas Village district, along with the two which are administered by the supervisors.

Reason for this attitude is that recreational uses are growing on tidal reaches of Gallinas Creek, into the south fork of which sewage is being discharged by plants of all three districts.

In the face of a threatened cease-and-desist order which the control board has said it will prepare against all three unless they act to improve the situation, the board of the Gallinas Village district on Oct. 12 passed a resolution opposing the idea of merger with Las Gallinas district.

This was communicated to Las Gallinas directors at a special meeting called this week on another subject.

George J. McSweeney of 504 Vendola Drive, Santa Venetia, member of the Gallinas Village board, said today the board action was taken "after due thought and consideration."

"However," McSweeney went on, "we are interested in retaining our sewage assets (possibly $250,000 replacement cost) as belonging to the property owners, are interested in local and personal administration and operation of our existing facilities, and are well convinced that with the step by step remedial actions under way and contemplated can, in the not too far distant future, present a sewage plant facility satisfactory to all factions.

"We hope to realize this and with the funds allocated, not through the medium of a sizable bond issue which we feel the constituents which we represent are against."

Mrs. Annie M. Reagan, secretary of the Las Gallinas board, said today that a preliminary survey by the Las Gallinas engineer indicated that it would cost about $400 a house in the Gallinas Village district to bring facilities up to Las Gallinas standard. There are nearly 500 houses.

"We in Gallinas Village have our secondary treatment plant which is unique for an area this size," McSweeney went on, "and we feel that such can be operated economically to the benefit of the people in the area."

Of the control board, McSweeney expressed "complete accord" with the purposes for which it was formed but said his group feels that "the end results should be on a gradual and continuing basis. Many small sanitary districts are of minimal means. . . They should be given sufficient time to improve their positions, not forced into premature decisions."

Plans for Gallinas Village "corrective actions," he said, are proceeding after consultation with the board's civil sanitary engineer and envisaging "a minimum and timely outlay of funds, commensurate with the property owners' ability to pay."

But the control board has indicated that it wants recreational waters kept pure to an exceptional degree.

Novato Unification Vote House Canvass Planned

Halloween spooks and a house-to-house canvass will be used to get out the voters for the Nov. 21 election on unification of Novato and San Jose School districts, it was decided at last night's meeting of the Committee for Better Education.

Committee members are making cardboard pumpkins reading: "vote on Nov. 21," they are asking children to wear these when they go "trick or treating" on halloween.

Mrs. Michael Doran, assisted by Mrs. Richard Dunn, will plan a house-to-house canvass in the San Jose district, urging voters to get out and vote. Robert Carrow, chairman of the committee, is in charge of a similar campaign for Novato district.

Maret Boissevan, Novato School Trustee, and J. F. Kallmayer, president of the Loma Verde Property Owners Assn., both addressed the meeting favoring unification of the districts.

The American public spent $5.9 billion for automobile insurance in 1960.

CONSTELLATION — Standing in the afternoon sun, the aircraft carrier Constellation awaits commissioning to have been held this afternoon. The photo was made from across the East River looking from Manhattan to Brooklyn with the East River Park in the foreground. (UPI photo)

FOUR-ACRE FLIGHT DECK

Constellation, World's Largest Fighting Ship, Joins The Navy

NEW YORK (UPI) — The world's largest fighting ship officially joined the Navy today.

The sleek super-carrier Constellation, a 75,000-ton giant capable of launching 100 warplanes from its four-acre flight deck, was scheduled for commissioning at the Brooklyn Navy Yard today.

The Constellation's tradition is long and proud and its responsibility in a troubled world is great. Nearly a year ago, tragedy struck her. She was named for the Navy's first ship, the frigate Constellation, which went to sea in 1798 and served honorably for nearly 160 years before its decommissioning in 1955.

The modern Constellation is a showpiece of naval architecture with a warmaking potential that is fearsome. Its air group represents a powerful, nuclear-capable striking force and its all-missile anti-aircraft defense system is no less formidable.

Commissioning of the Constellation was delayed seven months by a tragic and costly fire, described by the Navy as "the worst naval shipyard fire on record."

The carrier was 85 per cent completed when it was swept last Dec. 19 by a blaze which took the lives of 50 men and caused extensive damage.

But the Navy said it emerged a better ship. It was refitted with more modern radar, an extended flight deck and the latest type arresting gear for landing highspeed jet planes.

The Constellation, costing more than 200-million dollars, is 1,047 feet long and 25 stories high from keel to mast. Eventually it will have a crew of 4,100 officers and men, including its air group. The carrier is about 12 times as long as the post-revolutionary sailing ship for which it was named and its 1,000-foot flight deck, placed on an angle to its keel, would accommodate nearly four dozen copies of the original Constellation.

The Constellation is under the command of Capt. Thomas J. Walker, 45, a graduate of the Naval Academy and a veteran Navy aviator and ordnance officer.

The Constellation, sixth and largest of the Forrestal-class aircraft carriers, is powered by a 200,000-horsepower propulsion plant and will operate at a speed of 30 knots. Its defensive armament is composed of supersonic surface-to-air terrier missiles, 27-foot projectiles which can be fired in salvos and guided by radar against aircraft.

The Constellation can berth 4,600 men and has an air conditioning plant that would service two Empire State buildings.

Magazine Features Marinite's Patio

Featured in the November issue of Sunset magazine is the unusual patio of the Stan Carlsen residence in San Rafael, designed by Marin landscape architects Katy and Paul Steinmetz.

Central attraction of the patio, facing on San Rafael Canal, is a free-form sandbox which when covered serves as a sun bathing platform. Both faces of the double duty box are shown in photographs by San Rafael commercial photographer Ken Molino.

SCHOOL BOARD BACKS McGUFFEY

Tiny Wisconsin Village Board Insists Home Rule Better Than 'Dictatorship'

TWIN LAKES, Wis. (UPI) — The embattled Twin Lakes School Board has defied a state order to get rid of the McGuffey readers, maintaining it has the right under an old Wisconsin law to pick its own textbooks.

In a statement issued last night, the board said it stands on the principle of home rule "as opposed to state dictatorship."

The statement, approved by a 4-0 vote with the lone opponent of the 82-year-old McGuffey readers abstaining, cited state statutes giving common school districts the right to pick their own textbooks. Twin Lakes is a common school district, the board said.

State Supt. Angus Rothwell told the school board Monday it could not use the textbooks "either as basic textbooks or as supplementary readers."

The order followed a threat to withdraw the school's state aid—representing about one-eighth of its annual budget—if the books are retained.

Rothwell maintained the books contain sectarian material which is forbidden by law. The school board of the tiny Kenosha County village complied by ripping out some of the pages in question and taping over the pages of others.

The statement, to be sent to Rothwell, read:

"The school board of the Lakewood School does not concur in the state superintendent's usurpation of the right to select the books to be used in its local school system.

"The board, relying on the laws of the state which give it authority to manage affairs of its district including specific responsibility to adopt textbooks, stands irrevocably for the principle of local autonomy as opposed to state dictatorship."

The board hinted earlier this week it would take the matter to court to test the superintendent's power. However, attorney Rodney Richardson of Delavan who acted as adviser to the group, said "the board is not contemplating any legal action."

Macy 25-Year Club Adds New Member

David Shields, for 45 years a resident of San Rafael, became a new member of Macy California's 25-Year Club at a banquet at the St. Francis Hotel, San Francisco, yesterday.

Shields started work at the old Albert's Store in 1936, and continued under the Macy management when Albert's was sold to Macy's in 1952.

Recently he was promoted to display manager of its Bay Fair store in San Leandro, and so the family left San Rafael for a new home in San Lorenzo.

Serious Fire Averted At Restaurant

Quick action yesterday by Bennie Paris, operator of Novato Joe's Restaurant, prevented a serious fire in the Nave Shopping Center, Novato Fire Chief George Cavallero said.

Grease in a pan in the oven caught on fire. Smoke and flames poured out of the oven to fill the air in the restaurant.

Paris quickly took a carbon dioxide fire extinguisher and put out the fire.

"When we arrived, we saw the smoke coming out of the restaurant," Cavallero said. "People had already left it. We thought for sure that we had a good one going."

However, Paris had the fire out when the firemen arrived.

Two Firms File For Incorporation

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced two Marin county organizations have filed articles with his office to form non-profit corporations.

The San Anselmo Athletic Assn., Inc., listed its directors as Peter Maggi Sr., 80 Butterfield Road, Nicholas Nacca, 222 Saunders Avenue, and Ernest Giono, 1628 San Anselmo Avenue, all of San Anselmo.

The Sir Francis Drake Kennel Club listed its directors as L. Paul Putnam, 527 Atherton Avenue, Novato; Mrs. Isabella Cheda, 234 Bayview, San Rafael, and James Tufts II, 45 Ridgecrest Road, Kentfield.

Marine Corps General Scores U.S. Flabbiness

CLEVELAND (UPI)—The Marine Corps chief of staff told a Navy Day audience here today that Americans are shockingly unfit to defend their country.

Lt. Gen. Wallace M. Greene Jr., who prides himself on physical fitness and plays tennis to keep his own body lean and trim, said the U.S. may be in danger of developing too many people who have learned to rely on robots even for their thinking.

The general cited military induction figures to back up his charges. Rejections for physical and mental deficiencies, he said, amount to 44.9 per cent of all those examined. Thirty per cent of the men accepted, he added, later drop out.

"Only one in four boys is presently qualified physically and mentally to be a marine," he said. "And when one considers that the sick, lame and lazy don't even show up as volunteers, the percentage of unfit among the youth of this country is startling."

Greene also complained that only half the boys accepted into the Marine Corps can rationally explain the meaning of the Fourth of July and only one out of three knows which came first, the Declaration of Independence or the Constitution.

"Only one out of 10," he added, "can give a reasonable comparison between Communism and our free system. In other words, they came to us unprepared.

"They are aware that Communism is bad, that they should be against it, but they don't know what they are against. Even worse—most of them are not sure what they are for."

Turning again to physical unfitness, the general said that the average American youngster sits immobile six hours before a television set for every one hour he spends in vigorous exercise.

He scored the American public for its consumption of alcohol, tobacco, narcotics, reducing aids and quack medicines.

Aluminum milk bottles have been used in Europe since 1921.

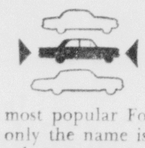
what's new?

everything but the name!

You've heard rumors, talk, guesses about an altogether new kind of Ford to be announced in a few weeks. Now here are the facts. You will want to consider them carefully, because *this car is like no other new car you've seen this year*—unique in size, unique in price, unique in the advantages it offers you. Body, engine, transmission, suspension—the very proportions of the automobile—everything is completely new, everything but the name. We sincerely believe it will be one of the great Fords of all time.

Right size, right price right between Galaxie and Falcon



The name is both familiar and famous. We have called it the Fairlane 500 after one of the most popular Fords ever built—but only the name is the same. In every other respect nothing's borrowed, everything's new.

Just right for just about everybody, the newest of Fords is in a class by itself. It will bring you big-car room, luxury and performance in a car that competes with the compacts in price and economy. It is priced well below the Fords that used to bear its name. It is priced under many compacts.

New unitized body shaves bulk...saves room

As a first step in building the new Fairlane, Ford engineers took a fresh look at the proportions of the American automobile—and realized it was time to change the relationship between inside room and exterior size.

They started with a full-size passenger compartment. They would not settle for less—because this was designed to be, above all, a fine car.

At the same time they wanted to get rid of all automotive fat—those extra inches of steel that make some cars hard to park and expensive to run.

The solution: a completely new unitized body that gives you room on the inside and eliminates bulk on the outside.

New room, new comfort, new luxury

On the inside the new Fairlane 500 is actually bigger, roomier than the majority of the cars on the road today.

On the outside everything is different. With one foot less to park, the Fairlane 500 is the trimmest, sleekest car you have ever seen or driven.

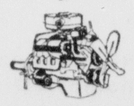
Inside and out, it is in every respect a fine car, giving you every essential and every important luxury you want in full-size fine cars. Even the smallest details have been planned with a jeweler's concern for precision.

Twice-a-year maintenance

A major step toward the absolutely trouble-free car, the new Fairlane has all the service-saving features made famous by the Galaxie. Routine service has now been reduced to a minimum—30,000 miles on many items, no more than twice a year or 6,000 miles on the rest.

The new Fairlane 500 will travel 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications. You go two years, or 30,000 miles, without changing engine coolant-antifreeze. The car adjusts its own brakes, saving you those time-wasting trips to a garage.

Introducing the world's first economy V-8



A new foundry technique, perfected by the world's largest maker of V-8's, made possible a completely new V-8 engine of precision-cast iron, almost as light as engines made of less economical, less durable lightweight metal. Developed exclusively for the new Fairlane, the new Challenger V-8 is the world's happiest combination of performance, economy and durability. Its motion is crisp and quick and eager ... its thrift is a delightful surprise.

If you're looking for even greater savings, your natural engine choice would be the new Fairlane Six. Designed by the engineers who built the record-breaking Falcon, it establishes a new standard of economy for full-size cars. Many compacts would envy its gas mileage figures.

The first of a new generation of automobiles

America's newest car has much to offer that you have never seen before. You have seen cars that were supposed to be in a new class—the intermediates—but which turned out on closer inspection to be slightly enlarged compacts or somewhat abbreviated big cars. The car you haven't seen yet is the first fine car that puts economy *first*. It will be at your Ford Dealer's in a few weeks. Be sure to see it then—it's quite a car.

JUST RIGHT FOR JUST ABOUT EVERYBODY!

GOING TO THE DOGS

Angie, a French poodle, who apparently has everything, looked yawningly yesterday in Dallas upon Neiman-Marcus' "gift for the dog who has everything"—a 14-carat gold miniature dog bone. (UPI Telephoto)

Miller Meeting With Bolinas, Mill Valley

Rep. Clem Miller (D-Corte Madera), accompanied by Army Corps of Engineer representatives, will be in Southern Marin Nov. 7 to meet at 10 a.m. in Bolinas with Bolinas Harbor District commissioners and at 8 p.m. in Mill Valley with the city council.

Gene W. McDaniel, president of the Bolinas board, said the commission will probably meet first at the community center and then go "into the field" to review navigation improvements at Bolinas Lagoon.

Mill Valley's meeting in the city hall will be to discuss flood control on Corte Madera Del Presidio Creek. The creek, City Manager A. E. Almcrants said, has been surveyed by the corps of engineers who have offered to contribute $300,000 toward flood control measures which would mean widening the creek, plus some contributing channels, from Willow Street to Richardson Bay. Total cost of the job is estimated at $550,000.

One question that will be asked of Miller is on the possibility of getting a Congressional grant to help pay for the flood control, Almcrants said.

Fifty-seven Korean cities are benefitting from water systems built or expanded through Korean-American mutual security projects.

Young Texan Talked Out Of Death Leap

SAN FRANCISCO (AP)—A 22-year-old AWOL Coast Guardsman disrupted a busy intersection at Powell and Market for 30 minutes yesterday as he stood on a fourth floor ledge. He was finally talked inside.

Two priests persuaded the man, identified by police as Phillip J. Peters of Corpus Christi, Tex., to climb a fire escape to safety through a 10th story window of the Flood building.

Officers said Peters had been AWOL from the cutter Gresham at Alameda since Sunday.

He was hospitalized for observation.

Tomales School Area Trustee Plan Changed

Because of a legal technicality the Augmented County Committee on School District Organization for the study of the Tomales Joint Union High School Area has changed its recommendation on trustees, Edwin L. Blackmore, county assistant superintendent of schools, said today.

With only a single item on its agenda the committee met last week and voted to provide for seven trustees elected from seven areas. It previously recommended seven trustees from four areas, but was advised by the state attorney general's office and the county counsel's office that the legislation had been passed after the current study had begun and thus was not applicable, Blackmore said.

The augmented committee selected these trustee areas:

1. Point Reyes District and old Inverness District.
2. The old Oleman District plus the part of the old Black District south of the Point Reyes-Petaluma road and Highway 1 through Point Reyes Station.
3. The old Marshall District and the portion of the old Black District that lies north of the Point Reyes-Petaluma Road and Highway 1.
4. That portion of the old Tomales District lying south of Stempel Creek and the Fallon-Two Rock Road.
5. The Bloomfield District and that portion of the old Tomales District lying north of the Fallon-Two Rock Road and east of Highway 1.
6. The Watson and American Valley Districts and that portion of the old Tomales District lying north of Stempel District and west of Highway 1.
7. The Bodega Bay District.

New York State Debt Hits High

NEW YORK (UPI)—Total state debt grow from 4.2 billion dollars in fiscal 1950 to 15.6 billion in 1960, according to the Tax foundation.

The 1960 figure equaled $88.52 per person for the nation as a whole against $28.56 per person a decade earlier.

Novato Triangle Of Land Zoned Retail Commercial

The triangle between Novato Boulevard, Diablo Avenue and Center Road will be retail commercial with professional buildings, the Novato Planning Commission decided last night at a study session on a master plan for the city.

The commission passed several motions to set up zoning in the area as the planners wanted it.

It voted to exclude any type of residences whatsoever. Under the present zoning ordinance, single family, duplex and apartment residences can be constructed in commercial zones.

Professional offices could be allowed in the area, the planners decided.

The commission then wanted to exclude such types of commercial establishments as repair shops and service stations, so that the area would be strictly retail commercial, with professional.

It voted to instruct the counplanning staff to inform anyone wanting to put in such an establishment in the area, that the planning commission did not want it there.

Miracle Mile Signal Plea Is Referred

Police Chief Charles J. Chiesa of San Rafael today referred to the city's traffic advisory committee a request for synchronized signals along Miracle Mile.

He sent to Public Works Supt. Norris Rawles as traffic engineer a letter from Mrs. Joseph D. Schlesinger of 78 Alexander Avenue, San Rafael, complaining of a "dangerous hazard" on the road between San Rafael and San Anselmo "The hazard," she wrote the chief, "lies in the fact that parking of cars is allowed on the right hand side facing toward San Anselmo. It absolutely blocks the driver's view of oncoming traffic when entering Miracle Mile from any one of the cross streets."

North Marin Water Line Ceremony Off

A ceremony for setting the last piece of pipe on the North Marin County Water District's 10-mile line to Petaluma, tentatively set for Saturday, has been postponed, Jerome B. Gilbert, district manager, said today.

"Clean-up and other construction problems will delay any ceremony on the completion of the pipe line," Gilbert said.

"We may delay the completion ceremony until the line has been inspected and is ready to connect with the one now being built north from Petaluma to bring Russian River water."

PLAQUE FOR EDITORIAL—R. Keith Dearth (left) and Fred F. Enemark (right), Marin members of National Thrift Committee, present Chapin A. Day of the Independent-Journal a plaque for National Thrift Week editorial last year which was one of three national award winners. (Independent-Journal photo)

I-J Thrift Editorial Wins Award—One Of Three In U.S.

The Independent-Journal was awarded a plaque yesterday as one of three United States newspapers honored for National Thrift Week editorials.

The plaque was presented to Chapin A. Day of the I-J for an editorial on the principles of thrift which appeared on Oct. 24, 1960. It was presented by R. Keith Dearth of Northwestern Savings and Loan Assn. and Fred F. Enemark of Marin County Savings and Loan Assn., local members of the National Thrift Committee. Presentation was at the San Rafael Chamber of Commerce-joint service clubs luncheon at Dominic's Harbor Restaurant.

The committee is a national cooperative organization set up to encourage development of self-reliance through savings, a balanced economy on both personal and governmental levels, and furtherance of the knowledge that thrift is basic in the development and growth of the nation.

Awards went to two newspapers in Connecticut and to the I-J. Editorials were judged for presenting the subject of thrift in a direct, influential and original manner.

"This editorial has served to remind the citizens of Marin that thrift and savings are an important and necessary adjunct to our future growth and personal security," said Enemark in presenting the award.

Flower Show Slated This Weekend

The 15th annual Fall Flower Festival of the Garden Society of Marin will open at noon Saturday at the Art and Garden Center in Ross, it was announced today by Chester Bowers, festival chairman.

The festival will continue through Sunday when the doors will open at 10 a.m. Closing hour is 6 p.m. both days.

Designed by landscape architect William L. Kapranos on the theme, Four Seasons, the festival will feature over 1,000 plants for sale, including over 600 blooming chrysanthemums. Proceeds from the sale will go toward upkeep of the Art and Gorden Center.

Those interested in entering plants or arrangements for competition may obtain further information from Mrs. Victor Guilder, 66 Bennett Avenue, San Anselmo; Mrs. Fred H. Sloat, 25 Winship Avenue, San Anselmo; Mrs. Leona Harrington, 40 Geary Avenue, Fairfax.

Attorney's Law Firm In Sausalito

William B. Wolfson of Ross, one of those being considered for the post of trustee in the Tamalpais High School District, is with the Sausalito law firm of Lawrence and Wolfson.

A story in yesterday's paper identified Wolfson as an attorney with Gardiner, Riede and Elliott. He was formerly with that firm.

Marin Crusade Over One-Third Completed

With $44,424 collected, the 1961 United Crusade drive in Marin is "more than a third of the way home," Carroll Walker, campaign chairman, announced at the second report luncheon yesterday at Rickey's Rancho Rafael.

The total is 33.9 per cent of the county Crusade goal of $131,095. Since the figures were prepared for the meeting, Walker said, more than $5,000 additional has been reported. The official figures include only $1,544 from the biggest division, residential, in which reports are just beginning to come in.

Marin now ranks third among the five counties in the United Bay Area Crusade, it was reported. In the Bay Area campaign as a whole, a total of $5,612,725 has been collected, 51 per cent of the 11-million dollar goal.

"More donors, more dollars" is the trend, Walker told the group of 50 campaigners who attended the meeting.

Of the eight campaign divisions, public employees lead with $1,756 collected, or 64.2 per cent of their quota. Other divisions over the halfway mark are business, $7,759 collected, 59.7 of quota; professional, $8,106 collected, 53.1 per cent of quota; and commercial, $3,028 collected, 52.9 per cent of quota.

Given special recognition for "early and outstanding achievement" were a West Marin community, employees of a local hospital and a major utility firm, and one section of the education division. They are:

Stinson Beach, first community to exceed its residential quota; $324 collected, $24 over quota.

San Rafael General Hospital, with employee gifts totaling $329, an increase of 322 per cent over last year.

Pacific Telephone employees with $6,584 collected, an increase of seven per cent on top of last year's 70 per cent increase.

Public schools, leading the education division with 31 per cent more donors and 25 per cent more dollars at the halfway point. Topping the list are Tamalpais High School with $663 collected over $395 last year, and Ross School District, with $344 collected over last year's $264, and 100 per cent participation.

Reports from the residential division will be featured at the next report luncheon, scheduled for Nov. 8 at Dominic's restaurant in San Rafael, Walker announced.

Jobless Insurance Deadline Tuesday

State unemployment insurance wage reports and contribution returns for the third quarter must be filed by next Tuesday, according to Charles J. Brady, auditor in charge for the State Department of Employment in Marin County.

Employers needing assistance may reach Brady at 807 E Street, San Rafael. Penalties will be charged for filings after the deadline.

Popularity Contest Set For Cat Show

Taking a leaf from a common art show feature, the Marin County Cat Fanciers will conduct a contest for "most popular cat" during their 10th annual show Saturday and Sunday.

Visitors to the show in the National Guard Armory at the Marin Civic Center in Santa Venetia will be invited to cast a ballot for the cat or kitten they like the most.

First, second and third prizes will be given.

Another feature of the show will be a children's art contest, with entries from Marin students. Three prizes will be awarded.

Show hours will be 10 a.m. to 10 p.m. both days. Nearly 200 entries—cats and kittens of all kinds and colors—will compete and be on display. Proceeds will benefit the Marin County Humane Society.

Austin To Speak On Civil Defense

Ward H. Austin, retired president of College of Marin and veteran of World War I, will speak on civil defense tomorrow at 7:30 p.m. at the Painters Union Hall, 701 Mission Avenue, San Rafael.

A film on atomic weapons will also be shown at the meeting sponsored by Marin Barracks 550 of Veterans of World War I.

'Playboy Of The Western World' Is Sparkling, Delightful Entertainment

By CATHERINE O'TOOLE

The original "Playboy of the Western World," is not, as popularly believed, a well publicized fellow named Casanova but rather an equally well know gentleman called Augustine.

Augustine not only predated Casanova by a few hundred years but managed to amass a self-admitted reputation as rogue, rake and ne'er-do-well that has yet to be equalled.

Unlike Casanova, however, Augustine ultimately tired of his playboy existence and proceeded to carve himself a niche in history as one of the great theologians and bishops of the Roman Catholic Church.

The lad who started out an enchanting rogue ended his life an undisputed saint.

And, so it is with the improbable hero of the Sausalito Little Theater's dramatic presentation of J. M. Synge's "Playboy of the Western World" which opened last Friday night.

This is a play that could only have been written by an Irishman for nowhere but on that green isle in the Irish Sea have a people so well assimilated the characteristics of Augustine.

St. Patrick may have converted the Irish to Christianity but it is Augustine who has left his stamp upon them.

And, it is with this penetrating insight that Synge has molded his characters and evolved his plot.

The plot, combining pathos and comedy in equal measure, revolves around a young lad named Christy Mahon whose only claim to fame is that he has just killed his father during an argument. In God-fearing County Mayo, this would ordinarily justify ostracization at the minimum but more probably hanging as the rule. However, the local inhabitants quickly decide that God being in his heaven and Christy being in County Mayo, discretion really is the better part of valor. So our self-made orphan becomes the town hero and immediately is dubbed "Playboy of the Western World," an appellation usually used in Irish circles when describing the young Augustine.

Christy, once launched upon his career as playboy, does exceedingly well for a country boy. That is, until his father comes wandering back onto the scene and then the dilemma. But, in true Augustinian fashion, it is solved.

Supported by a competent cast, director John King in presenting "Playboy of the Western World," has provided an evening of sparkling and delightful entertainment. Ed Pilley, a young actor from Mill Valley, makes a brilliant debut with the group in his interpretation of the difficult role of Christy Mahon. The female lead Mia Carlile turns in a performance to match Pilley's as Pegeen the pub keeper's daughter and Christy's romantic interest. And, when Andrew Susac appears as Old Mahon there can be no doubt that there is nothing to match the professionalism and technique of an old trouper. The authentic Gaelic touch of the production is augmented by the inclusion of Adelaide Roberts, former member of the Abbey and Gate theaters in Dublin, who adds to the gaiety as the delightful Widow Quinn.

The curtain will rise on "Playboy of the Western World" for an additional three-week run on Fridays and Saturdays at 8:30 p.m.

Check Forgery Hearing Today

Two San Rafael men were to appear in Marin Municipal Court today with their lawyers to plead to check forgery charges.

Donald Wilbur Bute, 27, and Charles Ashton McDonald, 44, both of 720 B Street, were held in jail in lieu of $2,625 each. Arraigned before Judge Leonard A. Thomas yesterday, Bute said he would get his own lawyer, and McDonald asked for the public defender.

Bute, a laborer, and McDonald, a salesman, are accused of passing a series of $25 checks at various stores in the county. Among the victims were Paul's Liquors of San Rafael, Del's Liquor of Mill Valley, and Lockwood Pharmacy of Kentfield.

San Rafael police arrested the pair Tuesday.

School Information Meetings Slated

Two school information meetings, sponsored by the Tamalpais High and San Anselmo School districts, have been scheduled for November, announced Mrs. Doris Harnsberger of Sleepy Hollow, program coordinator.

The first meeting will be at the home of Mrs. Leo Gosliner at 859 Butterfield Road, Sleepy Hollow, at 10 a.m. on Nov. 3. The second will be at 10 a.m., Nov. 16 at the home of Mrs. Irwin Gold at 25 Irving Drive, San Anselmo.

220 Ninth St., Vallejo, California
Wilshire Service Stations in the following counties will be giving away tickets for the free Falcon: Alameda, Contra Costa, Marin, Solano, and Sonoma.

Novato, San Rafael Gridders Honored As Preps Of Week

Dennis McCormick, Novato High halfback, and Jack Clark, San Rafael High guard, have been selected for "Prep of the Week" honors by the Independent-Journal and Radio KTIM.

Halfback McCormick was chosen for both his outstanding offensive and defensive effort which contributed heavily to his team's shutout victory over Redwood last week.

Lineman Clark has been given the award as the outstanding player in San Rafael's win over Tamalpais in that 41st classic contest last week.

McCormick knocked off yard after yard and at key periods during the Redwood contest. His total rushing for the afternoon was 138 yards gained. He set up the Hornets' first TD by intercepting a pass and running it back deep into Giant territory, and scored the Novato team's final touchdown of the game. In addition McCormick played a superb defensive game.

McCormick is a 170-pound, 5-foot, 10-inch senior with two years varsity experience. He also throws the shotput for the Hornet track team. Dennis' older brothers were also outstanding high school athletes. Mike, 24, and Tom, 22, both attended Marin Catholic High. Mike now is a pre-medical student at the University of California, Davis, and Tom is an engineering major at Chico State College.

Dennis, who contemplates going into business with his father, Harold McCormick, a builder, works in construction during the summer, and earns additional money by rebuilding old cars into purring roadsters and sells them. He has also done some dragging at the Cotati track himself, and won two trophies, one on his own motorcycle. Dennis rides it after football season, never during.

The 18-year-old student is outspoken and extremely conscientious about his work, and about being a good athlete.

He resides with his parents at 924 George Street in Novato, where the family has lived for the past six years. The McCormicks have been residents of Marin for 19 years. Dennis was born in San Rafael.

A HARD NOSE

Clark put on a great demonstration of hard nosed football last week against Tamalpais High. He was the outstanding blocker of the game as well as tackler. He along with his teammate, also a consistently efficient player, Chris Yaeger, were in on 17 tackles during the evening. Bulldog coach Bob Munster described Clark's performance as the best he has seen of a high school guard.

Jack N. Clark is the son of Air Force Major and Mrs. Jack Clark who presently reside at Oxnard Air Force Base. Jack's father was formerly stationed at Hamilton Air Force Base, but was transfered to Canada and then to Oxnard. Young Jack wanted to complete his prep academic work at San Rafael High, and play American style football as well. So until his graduation this June he is the house guest of Mr. and Mrs. Richard Gladstein at 168 Palm Avenue in San Rafael. Gladstein, an attorney, practices in San Francisco. He and his wife are close friends of the Clarks.

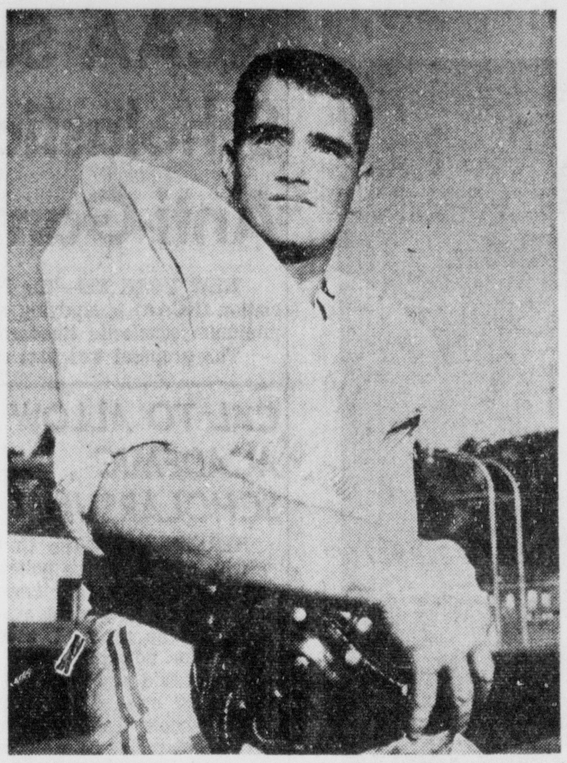
COLLEGE BOUND

Jack has lived in Canada and Japan. He has two younger brothers, Jeff and Jay, at Oxnard. It is Jack's intention to attend a college or university where he can assist his education by playing football. He has already been approached by several colleges regarding athletic scholarships. Last week he was the guest of the University of California athletic department for the Cal-USC game. At this point the San Rafael guard is undecided.

Jack is described by his friends as a modest, studious person, with a keen sense of humor.

The 170-pound, 5-foot, 10-inch athlete is 18. As a matter of fact, his birthday was yesterday.

PREP BACKFIELDER — Dennis McCormick, Novato High halfback, has been selected "Prep of the Week" by the Independent-Journal and Radio KTIM for his star-studded performance which led the Hornets in a defeat of Redwood High last week. (Independent-Journal photo)



PREP LINEMAN—Jack Clark, San Rafael High guard, has been chosen "Prep of the Week" by the Independent-Journal and Radio KTIM for his stand-out performance during his team's victory over Tamalpais High last weekend. (Independent-Journal photo)

49er Shotgunners To Test New Equipment

CHICAGO (AP) — Whether or not the San Francisco 49ers are devising new variations in their shotgun offense for the Pittsburgh Steelers remains to be seen.

But John Brodie, Bill Kilmer and Bobby Waters — the quarterbacks who have helped make the offense a success— will have something new in the way of equipment Sunday.

Coach Red Hickey said yesterday the quarterbacks are trying out a new shoulder pad developed by a sporting goods company specially for the 49er shotgunners, who are called on to run almost as much as they pass.

The new gear is designed to give protection from halfback-type line smashes as well as provide mobility for passing.

The 49ers worked out at Stagg Field yesterday.

Hickey warned his players that Pittsburgh is a tough team that plays the same rough-tough style of defense as the Chicago Bears, who pasted the 49ers 31-0 last Sunday.

But Hickey added:

"There's nobody who will stop us if we do the job."

Tug O' War

NEW YORK (UPI) — The tug of war was a regular Olympic Games event from 1900 through 1920 with the United States winning twice, Great Britain taking two victories and Germany and Sweden each gaining a triumph.

Better Late Than —

DETROIT (UPI)—Joe Schmidt, veteran linebacker on the Detroit Lions, failed to score a touchdown for seven years but got two in the 1960 season, one on a pass interception and the other on a fumble recovery.

Army Strikes Packers Again! Dowler Called

GREEN BAY, Wis. (UPI)— Green Bay Packer coach Vince Lombardi is rapidly learning the meaning of the phrase "it never rains but it pours."

First came the news that Paul Hornung and Ray Nitschke had been called to active duty. Then, yesterday, XIV Army Corps confirmed that flanker back Boyd Dowler has been activated also. That made three starters off a team that won the western division championship last year.

To top it off, Lombardi is faced with the prospect of playing next week's game in Milwaukee County stadium — a "jinx field" as far as he's concerned. Since coming to the Packers three years ago, Lombardi has been able to guide the western leaders to a 20-6 record on all other NFL fields. But at Milwaukee the team is a poor 1-4.

"I guess we're just playing the tough teams there," he said. "I don't know the answer myself."

A bit of sunshine started peeking through the gloom yesterday afternoon, however, with the announcement that Hornung may be rejected for military service because of long standing trouble with a vertebrae in his neck.

A Milwaukee newspaper (the Milwaukee Journal) said Hornung took a special physical examination at the army's main recruiting center here Tuesday.

Officers of the center admitted Hornung had been given a physical, but refused to divulge details of the report that was forwarded to the surgeon general for a ruling.

Col. Andrew R. Duvall Jr., a commander of the 5th Army subsector in Milwaukee, said he didn't think the surgeon general's decision would be known for "another 48 hours."

Hornung has suffered from a "pinched nerve" in his neck several times during the last few years. He has missed playing time because of the injury and sat out much of last year's championship game against the Philadelphia Eagles.

Sporting Family

NEW YORK (UPI)—Bob Gaiters, New York Giants' rookie halfback, is the son of Jesse Gaiters a former light-heavyweight pro fighter.

PRESS BOX VIEWS

By JACK HANLEY

'The Most Important Football Game This Year Will Be Thanksgiving'

HANLEY

One of the finest talks we have ever heard at the weekly luncheon gathering of football coaches and writers was made at last Monday's session on Fisherman's Wharf by a sincere young man named Don McCaleb, neither a coach nor a writer.

McCaleb is the publicity man for Los Angeles State College. Primary purpose of his northern California trip was a drum beating assignment for the LASC football team and its game this Saturday night at Stockton with University of Pacific.

However, McCaleb devoted all of his alloted five minutes to a more deserving cause and when he concluded his brief, factual talk everyone present stood to applaud him.

"The most important football game of the 1961 season at the Los Angeles Coliseum will be played at 11 a.m. Thanksgiving Day," McCaleb started in a quiet voice and then told why.

"It is the Mercy Bowl for the 21 survivors of the tragic plane crash last October 29 that killed 17 members of the Cal Poly football team at Toledo, Ohio, just after they had played their annual game with Bowling Green.

"I will cite the case of only one of the survivors still under hospital treatment. His medical bill already is $28,000 and he still faces prolonged treatment.

"THE NON-SCHEDULED airline went bankrupt and the insurance on the flight was invalidated on technical but sound legal grounds. Funeral expenses for those killed haven't even been paid yet.

"Last week Mercy Bowl tickets were put on sale down south and immediately $20,000 were purchased. They are $3 each and every seat in the Coliseum is reserved. The Coliseum has waived its usual $7,000 rent fee.

"There will be no complimentary tickets. Even Bowling Green already has sent a check covering admission of each member of its team which will play in the Mercy Bowl against this year's winner of the California Collegiate Athletic Association—undoubtedly still unbeaten Fresno State.

"The Los Angeles Board of Supervisors, the Helms Athletic Foundation, a number of southern California business firms and many fine individual citizens are 100 per cent behind the Mercy Bowl.

"Our goal is $200,000 but $300,000 will be needed to take care of all the hardship cases.

"If you can please give us a plug with the good people of northern California. Mail order ticket applications may be made to: Mercy Bowl, Box 800, Los Angeles State College, Los Angeles 32."

Jockey Neves Is Suspended

SAN MATEO (UPI) — Jockey Ralph Neves brought home six winners Tuesday, but it did not stop the Board of Stewards from slapping a five-day suspension on him.

The board yesterday suspended Neves for "carless riding" aboard Wind River in the first race. It was one of only two mounts Neves failed to guide into the winner's circle as he equalled a California record for firsts during a single day.

In yesterday's feature race, Tulane, ridden by Angel Valenzuela, scored a length and a half triumph over Indian Ali and Rough Justice.

Looking Ahead

SYRACUSE, N.Y. (UPI) — The Syracuse University football team will meet Baylor for the first time in 1966. The teams will play a return game the following year.

Raiders Expect Another Rugged Contest Sunday

OAKLAND (AP)—Oakland will probably be a two-touchdown underdog when the Raiders take on the New York Titans Sunday. But Coach Marty Feldman predicts the game will be closer than that.

The Raiders have won only one league game all season—against Denver.

The Titans lead the American Football League's Eastern Division with a 3-3 record.

The New York club will be without the services Sunday of first string end Don Maynard, according to Coach Sammy Baugh.

Feldman sizes up the Raiders' prospects against the Titans this way:

"They won't be as tough as San Diego, but they will give us all we can handle."

Raider halfback Wayne Crow returned to the lineup Tuesday. But center Jim Otto, guards Willie Smith and Wayne Hawkins, and tackles Volney Peters and Hal Smith were still unable to practice.

Feldman said he hopes most or all will be able to play Sunday.

A Hitting Pitcher

CLEVELAND (UPI) — Pitcher Wes Ferrell hit nine home runs for the Cleveland Indians during the 1931 season.

WEEKEND FOOTBALL

TOMORROW
High School
Redwood at San Rafael, 8 p.m.
Tamalpais vs. Marin Catholic at Kentfield, 8 p.m.
Terra Linda at Galileo, 3:30 p.m.
San Rafael Military Academy vs. Emeryville, academy, 3:15 p.m.
SATURDAY
College
College of Marin vs. Yuba College, at Marysville, 8 p.m.
High School
Drake at Novato, 2 p.m.
Tomales vs. Kelseyville at Tomales, 1 p.m.
SUNDAY
Pop Warner
Redwood vs. San Anselmo at Kentfield, 2 p.m.
Mill Valley at Willits, 2 p.m.
Terra Linda at Petaluma, 2 p.m.
St. Vincent's at Sebastopol, 2 p.m.
San Rafael (bye).

Stanford To Have New Backfielders

STANFORD (UPI)—The Stanford backfield will have two new faces Saturday when the Indians play host to UCLA.

Coach Jack Curtice announced yesterday that sophomore Steve Thurlow will make his first start against the Bruins, instead of Rod Sears, who has started until now. Jim Smith will be making his starting debut at left half.

Winning Walt

WASHINGTON (UPI) — Walter Johnson won 38 games by the score of 1-0 while pitching for the Washington Senators from 1907-1927.

MAIN SQUAWS AT INDIAN VALLEY

Mrs. William May (second from right), who won the Indian Valley Women's Golf Club championship recently, poses with other finalists in the annual tournament. At far right is Mrs. Roy Sayles whom Mrs. May defeated for the championship. From left to right are Mesdames Arthur Sears, R. G. Cornelius, George Nolan, Charles Zapelli, Torc Bedayan, Charles Bennett, Reuben Kaehler, Warren Smith, William May and Roy Sayles. (Independent-Journal photo)

NCAA Seeks High Scholastic Limits Anti-Gambling Aid

NEW YORK (UPI)—The National Collegiate Athletic Association (NCAA) is studying a proposal which would establish minimum scholastic standards for athletic eligibility.

The proposal was part of a 16-point program which was endorsed by the NCAA policy-making council at the wind-up of its three-day meeting yesterday.

In drawing up the program, aimed at stamping out the gambling evils which have arisen in some college sports, a special NCAA committee reported that a majority of the players implicated in the recent basketball scandals had been below-average students.

The special gambling report was submitted to the council by professor Henry B. Hardt of Texas Christian University, the president of the NCAA. It will be studied again at the annual NCAA convention in Chicago, Jan. 11-13.

Before concluding its meeting, the NCAA Council also listened to a plea by the Athletic Association of Western Universities (Big Five) to limit the advance scheduling of college football games.

Some schools now are scheduling games six or eight years in advance, the Big Five said in its report.

The West Coast group listed four adverse results of such scheduling:

1. It "decreases the chance of close competition when the teams finally meet." A game that looks mighty attractive when the contract is signed may be a complete mismatch by the time it's played six years later.

2. It "slows down" any change in annual opponents which a school may thing "advisable."

3. Athletic directors and coaches often find themselves trying to live with a schedule that is not of their own choosing, one that was drawn up by their predecessors several years earlier.

4. If a conference wants to admit a new school to membership, it might be years before the school could arrange a good conference schedule.

CAL TO ALLOW ACADEMIC SCHOLARSHIPS

BERKELEY (AP)—The University of California's policy against giving academic scholarships to student athletes will be reversed, says Chancellor Edward Strong.

Strong said yesterday California is one of the few large schools that does not give scholarships to athletes even if they can qualify on the basis of grades.

Athletic Director Pete Newell said he hopes to put the new plan into effect by next September.

He said the university because of the policy has lost several potential athletes who were high-caliber students.

Of the 35 members of Cal's 1961 freshman football team, 13 entered with high school averages of 3.5 or better, said Newell. A 4.0 average is straight A.

S.R. Dragster In Match Race At Vacaville Saturday

VACAVILLE—A match race between outstanding dragsters, the Glass Slipper from Sacramento and the Stoke and Azevedo Special from San Rafael, highlights the final Saturday night drags of the season at Vaca Valley Raceway.

Starting Nov. 5 at the Highway 40 strip will inaugurate its Sunday racing program.

Doug Butler and Ed Cortopassi will share driving duties in the Glass Slipper while Fred Stoke and Larry Azevedo will take turns in their Special for the two-out-of-three challenge match.

Time trials for all classes will start at 4 p.m. with eliminations scheduled to begin under the lights at 9 p.m.

SOPH OF YEAR—Ron Santo, hard-hitting third baseman for the Chicago Cubs, shows he can change diaper on his eight-month old son Ronnie as his wife supervises the project. The Santos live in a suburb of Seattle. (AP Wirephoto)

Determined Ron Santo Elected Soph Of Year

SEATTLE (AP)—The National League sophomore of the year refilled his visitors' coffee cups and said he believed nice guys can succeed, too.

"You hear it repeated everywhere that an athlete has to be mean to get ahead," Ron Santo said today. "I don't believe it. Determined, yes; nasty, no."

The smile Santo wore as he talked to reporters in his suburban apartment was even broader than usual. The 21-year-old third baseman of the Chicago Cubs had just learned of his selection in the annual Associated Press poll as his league's best second-year player of 1961.

A determined Santo earned the honor in his third year of professional baseball. He made the jump from Franklin High School in Seattle to the major leagues after spending only one season in the minors.

"I'm surprised," he admitted. "I thought Gordy Coleman would get it." (Coleman, Cincinnati Reds first baseman, placed third behind pitcher Ray Sadecki of St. Louis in the voting).

Becoming sophomore of the year was not on the list, he admitted, when he set his goals for 1961: To bat .300, hit 20 home runs and bat in 80 runs. He finished with 83 RBI and 23 homers, but his average was .284. Midway in the season he was hitting .330.

He went into a bad slump but pulled out of it with the aid of Rogers Hornsby, former batting coach of the Cubs.

"I was pulling my head around — like a golfer who takes his eyes off the ball," said Ron. "Mr. Hornsby spotted it and I began hitting again."

The Cubs got Santo for the bargain bonus of $25,000. He admits he was offered as much as $40,000 by other teams, but the Santo habit of picking his goals led him to choose an organization which he believed could offer the greatest opportunity for quick advancement.

Molina To Fight Joey

SAN JOSE (UPI)—Matchmaker Marion Spampinato today announced that young Luis Molina of San Jose will fight veteran Joey Lopes of Sacramento in the Nov. 21 main event.

Both lightweights recently beat Cisco Andrade.

New Basketball League Play Starts Tomorrow

CHICAGO (AP) — The new American Basketball League opens its 320-game championship schedule tomorrow night with the Los Angeles Jets facing the San Francisco Saints in the San Francisco Civic Auditorium.

The eight-team circuit, whose commissioner is Abe Saperstein, owner-coach of the Harlem Globe Trotters, will have each team playing 80 games and will be split into Western and Eastern divisions.

The Jets, Saints, Kansas City Steers and Hawaii Chiefs are grouped in the Western section and the Pittsburgh Wrens, Washington Tapers, Cleveland Pipers and Chicago Majors are in the Eastern.

Foremost of the rule change innovations to be introduced will be a three-point "home run" field goal, scored from an arc 25 feet from the basket. There also will be a wider free-throw line with an 18-foot base instead of 12.

A team on offense will be required to get a shot off in 30 seconds and there will be four 12-minute quarters with no zone defense.

On offensive fouls, there will be loss of ball instead of free throws. There will be no free throws on double fouls and also none after a successful shot unless the bonus rule is in effect. Each team is limited to five fouls a quarter before the bonus rule is effective.

Saperstein is working on a possible national TV program for the league. At present all teams except Chicago have local television ties, with each televising at least six games.

Although each club has a home site, the home teams will be rather nomadic. San Francisco will play in the Cow Palace and the Civic Auditorium and has a few games in Oakland and Sacramento.

Los Angeles will play in the Olympic Auditorium and the Sports Arena.

The Los Angeles-San Francisco game is the only league engagement scheduled for Friday.

The schedule through Nov. 7 includes: Oct. 30—Chicago at Los Angeles; Nov. 1—Kansas City at San Francisco; Nov. 3—Kansas City at San Francisco; Nov. 5—San Francisco at Los Angeles.

Pitching Greats To Be Honored At Lake Tahoe Event

STATELINE, Nev.—Three of the all-time great left-handers of baseball—Robert "Lefty" Grove, "King" Carl Hubbell, and Warren Spahn—will be paid special tribute at the second annual Lake Tahoe Sports Dinner, scheduled for Tahoe Harrah's Sunday evening at 5 p.m.

The trio is among over 100 major league baseball personalities, representing every major league team, to be present at a special sports show in the 750-seat South Shore Room of Harrah's.

Tickets for the program are $15, and include the special show, dinner, and the Ella Fitzgerald show, and all proceeds go to the Lake Tahoe Youth Development program. Tickets are on sale at the Downtown Center Box Office, 325 Mason, San Francisco.

Among the other baseball stars to be present are Willie Mays, Stu Miller, Lew Burdette, Harmon Killibrew, Don Drysdale, Albie Pearson, Mike McCormick, Jim Davenport, Larry Jackson, Don Mossi, Jackie Jensen, Brooks Robinson, Jim Gentile, Vada Pinson, and many others.

1961 Big Five Attendance Better

SAN FRANCISCO (UPI)—More than 100,000 fans have attended Big Five university football games so far this season than did last year, according to the Athletic Association of Western Universities (AAWU).

AAU figures show that 1,080,318 fans have attended Big Five games compared to 995,337 last year.

While on the West Coast, the 13 home games this year have drawn 497,505 fans, an average of 38,270 per game compared to an average of 36,385 for the same number of games last year.

Willie Brown Is Doubtful Starter

LOS ANGELES (UPI)—Southern California Trojan Willie Brown today appeared to be a doubtful starter in Saturday's game against Illinois at the Los Angeles Coliseum.

The star halfback watched from the sidelines yesterday as the Trojans emphasized pass offense during a two hour drill. Ken Del Conte was out in Brown's starting position. Brown is suffering from a foot injury.

Cal Bears Flying To Meet Penn

BERKELEY (UPI)—The California Bears took off from Oakland Airport today for Pennsylvania, where they meet rugged Penn State Saturday.

The Bears worked out for an hour this morning before boarding the plane. Guard Tom Meschack hurt his leg in yesterday's workout and was a doubtful participant in Saturday's clash.

History

CHICAGO (UPI) — The Chicago Bears won the National Football League's first playoff game, 23-21, over the New York Giants in 1933 with the aid of two touchdown passes thrown by Bronko Nagurski.

SALTY PARKER
Leaves Giants

'Salty' New Indian Coach

SAN FRANCISCO (UPI)—Francis James (Salty) Parker will be patrolling the third base coaching box for a new team in a new league next season.

Parker, San Francisco Giants coach since 1958, yesterday resigned and joined the Cleveland Indian organization.

The appointment of the personable Parker by the new Tribe manager Mel McGaha came as a surprise to the Giants and the authorization of the switch was made, in the words of vice president Charles Feeney, "with great reluctance."

Parker said that he had planned to coach for the Giants in 1962 until his boyhood friend and Louisiana neighbor McGaha won the Cleveland job.

Parker's leaving will cause a reshuffling among the Giant coaches that will send Whitey Lockman from first base to third and bring Wes Westrum from the bullpen to first.

Theater TV Fans To See Title Go, Plus 'Bonus' Bout

PHILADELPHIA (UPI)—Plans were completed yesterday to make Dec. 4 a red letter day in the history of boxing and television.

A fan will be able to buy a ticket to a theater and watch via closed circuit TV a boxing doubleheader, including the championship bout between Floyd Patterson and Tom McNeeley being fought in Toronto, Canada.

The other half of the twin-bill will feature a heavyweight match at Philadelphia between Charles (Sonny) Liston and Albert Westphal of West Germany.

The boxing bargain was effected when teleprompter Corp. was awarded the TV rights to the Liston-Westphal bout. Spectators watching the fights "live" will be treated to the second fight over closed-circuit TV without further charge.

Mask Tackles On Increase, Rams Claim

LOS ANGELES (AP) — Coach Bob Waterfield of the Los Angeles Rams says that mask tackling is increasing in the National Football League and that the penalty for it should be increased.

The penalty for tackling a player by the face mask is 15 yards, but Waterfield says he believes the offender should be kicked out of the game.

"That type of tackle is becoming too common," said Waterfield. "It is worse than slugging. Some player's neck is going to be broken if this keeps up and I think the commissioner (Pete Rozelle) should order the officials to throw out all such offenders.

Waterfield didn't mention any players by name, but Jon Arnett, Ram halfback, told an interviewer that officials did not call "Night Train" Lane, Detroit defensive back, "when he grabbed my mask at Detroit."

BENT NECK

Arnett says he believes the officials haven't called a single penalty for mask grabbing this season, "but I think they should start cracking down for this is the quickest way to get a bent neck, permanently."

Arnett said that Lane otherwise has been a clean and effective tackler against him.

"We instruct our players to leave the mask alone. "The rule says they must. Other coaches should so instruct their players."

Ram destructive back Marlin McKeever, who suffered a triple fracture of his cheekbone in a game at San Francisco, is lost to the team for the season. Doctors advised McKeever, who spells Ram defensive captain Les Richter, that he should not try to rejoin the club this year. McKeever's checkbone was fractured in a freak collision and had no connection with the mask tackle.

The Rams play the Detroit Lions here Sunday.

Hawaii Chiefs Buffet Chicago Majors, 94-80

VANCOUVER, B.C. (UPI) — Guards Frank Burgess and Max Perry paced the Hawaii Chiefs to a 94-80 victory over the Chicago Majors in an American Basketball League exhibition battle last night.

Burgess shot 21 points while the five-foot-eight Perry swished 20. Jack Fitzpatrick led the Majors with 17 points.

FIGHTS LAST NIGHT

PHOENIX, Ariz.—Leroy Green, 175¾, Phoenix, stopped Bobby Boyd, 173, Portland, Ore., 10.

ROCHESTER, Minn.—Mel Collins, 157, Far Rockaway, N.Y., outpointed Duane Horsman, 161, Chatfield, Minn., 10.

UNION CITY, N.J.—Dave Russell, 172, Hempstead, N.Y., outpointed Sam Jordan, 165, Union City, 8.

CARDIFF, Wales—Terry Crimmins, 120¼, Wales, outpointed Nelgon Estrada, 120½, Venezuela, 10.

I-J Fish and Game Writer

November Fine Month For Striped Bass Fishing On San Pablo Bay

STEVENS

A short note from a reader at Tiburon, identity unknown, asks a question. It is my policy not to recognize an anonymous letter, but the question deserves an answer: "Is it true that striped bass fishing comes to a halt or nearly so by the first of November—that is in the San Pablo Bay? Please reply in one of your columns."

No, it is not true. For a number of years a great many anglers apparently had that idea. They flocked to the back country spots and overlooked the prime fishing in the San Pablo Bay, Napa River, Carquinez Strait and Suisun Bay. It is a matter of record that the month of November has been one of the most productive months of the entire year in the above areas.

I have personally had some of my fastest and finest bass fishing during the months of November and December. It was on my birthday, Dec. 2, when I came within a few pounds of having my first 100 pound limit. Limit was five fish at that time. I caught my fish inside Buoy 14 and there wasn't but one other boat within sight in that entire sector.

THERE IS a great deal of conjecture concerning the persistant run of stripers in the Racoon Strait-Alcatraz area. The question asked is mostly: "What has happened that the fish are hanging around here? How come they don't go upstream to spawn? There never has been such a continued run of bass as has happened in those spots."

I don't believe that. I think the bass were always to be found in those regions. Up until a few weeks ago, however, no one seemed to have the know-how—not until the boys started using regulation salmon rigs was it discovered. Also, I don't believe the bass are going to spawn in those areas. I believe the majority of these fish will head for the spawning grounds within the next 60 days and maybe sooner.

YESTERDAY I heard, for the first time this season, of a male bass, when opened, showing well-developed milt. It indicates to me that the season is a bit later than usual, nothing more. There have been years when half the male fish caught would spill fluid milt when brought aboard, and the female's roe was green in color. That happened often as early as Sept. 15.

In my book, we still have a big run of big fish coming to us.

THERE ARE plenty of fish around. The skiffs and cruisers that fished the Mission Rock area the past few days have done very well—348 bass registered for 50 odd boats. On the Contra Costa side of the San Pablo Bay, business returned to normal (which had been tops until Sunday's letdown). The Quans at China Camp were quite optimistic over prospects as indicated by the better-than-it-has-been results.

THE LOWER and middle Napa has perked up and the Suisun Bay has produced fairly well. An unverified report of some good fishing off the Salt Works and the bridge area at San Mateo have come in.

All in all, bass fishing is good. Salmon fishing outside the gate is slow, but I just had a report of some good results in the Verona section of the Sacramento River. A 51-pound monster was landed by a lady angler.

STEELHEAD fishing perked up considerably on the Trinity. Denny Ferreir landed an 11-pounder on fresh roe. Denny told me that most of the steelies are being taken, however, on nightcrawlers by the bank fishermen.

Scribe Picks Michigan State, Ol 'Miss, Ohio State, Texas In Featured Games

By HAROLD CLAASSEN

NEW YORK (AP) — There's nothing like money in the bank—unless it is in your pocket. And a $1 bet on each of the 57 games a week ago would have netted you $31 on the basis of 44 correct picks and 13 losses.

With no assurance that this week's choices will be as profitable.

Michigan State over Indiana: It is the Spartans' homecoming game and that should be enough to keep top-ranked Michigan State alert even though the Hoosiers will be at full strength for the first time in a month.

Mississippi over Vanderbilt: Old Miss has permitted only 13 points in five games while piling up 157.

Ohio State over Wisconsin: One of these Saturdays Ron Miller, the Badger tosser, is going to get hot and embarrass everyone but doubt it will happen at the expense of the Buckeyes. You can see for yourself on TV.

Texas over Rice: Four reasons for this pick—Jerry Cook, Jimmy Saxton, Ray Poage and Tommy Ford.

Alabama over Houston: But the Crimson Tide will have more trouble than in last week's 34-3 joust with Tennessee.

Iowa over Purdue: The Hawkeyes' new passing combine of Matt Szykowny to Cloyd Webb will prevail in a squeaker.

Louisiana State over Florida: The Bengals keep building for that climactic struggle next week with Mississippi.

Notre Dame over Northwestern: The Irish feel they should have beaten Michigan State last week and will take it out on Northwestern.

Elsewnere in other major games:

Georgia Tech over Tulane, Colorado over Oklahoma, Penn State over California, Missouri over Nebraska, Pittsburgh over Navy, Minnesota over Michigan, Maryland over South Carolina, Southern California over Illinois, Utah State over Idaho.

Friday:

George Washington over Boston University, Miami over North Carolina.

Saturday.

EAST: Army over West Virginia, Brown over Rhode Island, Columbia over Lehigh, Rutgers over Pennsylvania, Princeton over Cornell, Syracuse over Holy Cross, Yale over Colgate.

SOUTH: Auburn over Clemson, Kentucky over Georgia, Memphis State over Mississippi State, Mississippi Southern over Abilene Christian, Duke over North Carolina State, Richmond over Davidson, Tennessee over Chattanooga, Florida State over Virginia Tech, Wake Forest over Virginia, William & Mary over Virginia Military, Furman over Wofford.

MIDWEST: North Texas State over Cincinnati, Detroit over Dayton, Iowa State over Kansas State, Xavier over The Citadel, Wichita over Tulsa.

SOUTHWEST: Arkansas over Northwest Louisiana State, Southern Methodist over Texas Tech, Texas A&M over Baylor, Texas Western over New Mexico State, Arizona over West Texas State.

FAR WEST: Arizona State over Hardin-Simmons, Montana over Colorado State University, Air Force over New Mexico, Washington over Oregon, UCLA over Stanford, Wyoming over Utah, Washington State over San Jose.

Colt Field Goal Kicker Myhra Named 'The Clutch'

By ASSOCIATED PRESS

If Cleveland's Lou Groza is "The Toe" then Baltimore's Steve Myhra must be "The Clutch." The Colts have won only three National Football League games this season and Myhra has won all three with field goals in the closing minutes.

Myhra, a 6-foot-1, 240-pounder from the Red River Valley of North Dakota, credits Bobby Boyd, the ball holder, with his sudden success.

"We work better as a unit than the other fellows who worked with me before," said Myhra today in Baltimore. "George Shaw, Ray Brown and Johnny Sample used to hold at various times. But Boyd makes the difference. The kicker gets the credit or blame when it usually is because of a difference of three or four inches in where the ball was placed."

Whatever the reason, Myhra at 27, is enjoying his finest year. He has kicked 8 of 13 field goals or 61 per cent of his attempts in only six games. Last year he made 9 of 19, his personal high. His career record is 31 of 65.

According to Myhra the toughest club on field goal kickers is the Chicago Bears, the team the Colts play Sunday at Baltimore.

"They load seven or eight men on one side and come at you," he said.

Other NFL games Sunday will find the Green Bay Packers, now leaders of the Western Division, playing the Minnesota Vikings at Milwaukee. New York, co-leader in the Eastern half, will play Dallas at Yankee Stadium, and Philadelphia, which shares the lead with the Giants, plays winless Washington on the road. The San Francisco 49ers will try to reassemble their shotgun charges at Pittsburgh. Cleveland will play at St. Louis and Detroit at Los Angeles.

S.R. Boosters Club To Meet

The Sideliners, a group of parents of athletes at San Rafael High School, have begun their second year and will meet at 8 p.m. Nov. 7 in the school cafeteria to discuss a banquet to be given for all the squads Nov. 16, Mrs. I. J. Allyn of 227 Jewell Street, San Rafael, secretary, announced today.

"Most of the members are parents of boys on the squads," she said. "Right now the big interest is in football but we're very enthusiastic about all the sports."

The group, with about 30 members and an undetermined number of other parents who are backers, has been meeting about once a month.

"It is fun to go to the meetings and hear talks from the coaches and learn a little of what each team is doing," she said.

Mrs. Allyn said she and her husband both hold the position of secretary. Mr. and Mrs. Ralph Sovereign of 1034 Las Pavadas, Terra Linda, hold the position of president; and Mr. and Mrs. Anton Mekisich of 1826 Fifth Avenue, San Rafael, are treasurers.

L.A. Rams Loose Marlin McKeever

LOS ANGELES (UPI)—The Los Angeles Rams have lost the services of their No. 1 draft choice, linebacker Marlin McKeever, for at least a year.

Ram physicians yesterday announced they have recommended that McKeever not play the remainder of the season because of a face injury suffered in the recent San Francisco 49er game.

The team originally placed McKeever on waivers, but he could have returned to the club within 30 days.

Tanforan Opens Its Fall Season Nov. 1

SAN BRUNO (UPI)—Tanforan opens a 42-day fall season Nov. 1, and the track today presented its condition book covering the first ten days of the meeting.

For these 10 days, nine added money events are listed, totaling $105,000 in prizes.

GRAND OPENING

A Complete Line Of:

RETAIL & WHOLESALE MAINTENANCE SUPPLIES

Economic Ruin Ahead, Robert McCarthy Says

The state and the nation face economic ruin unless the public demands that government officials get "full service from every tax dollar," Robert I. McCarthy, former state director of motor vehicles, said yesterday in San Rafael.

Speaking before the annual service clubs luncheon sponsored by the San Rafael Chamber of Commerce, McCarthy told nearly 300 persons at Dominic's Harbor Restaurant that it was up to them to demand an accounting.

He said that two major campaigns were undertaken in his two-year servcie as motor vehicle chief, "saving lives and saving money."

In the first, he inaugurated a tough policy against drunken drivers, invoking a little used law giving him the right to suspend licenses for drunken driving convictions.

"Even Governor Brown, when he was supporting that program, said that in one year we had saved 350 lives. We saved others in subsequent months," McCarthy said. However, the program met with opposition as being "too harsh" and as taking over the prerogatives of the courts.

At the last session of the legislature, he noted ruefully, the governor signed a bill removing the authority from the motor vehicle director.

His economy program in the motor vehicle department saved 2¼ million dollars a year without reducing public services. He said he was able to leave unfilled 386 positions in his department and "the services actually improved."

This can be done in other departments, he said. It is up to the public to "demand an accounting" and assure themselves that their money is well spent on what it should be.

Two honor guests at the luncheon were Julio Caesar Hanon and Otto Suter of San Rafael, Argentina. The two were in San Rafael discussing with city leaders the possibility of establishing a "sister city" relationship between the two name-alikes.

About 45 San Rafael merchants and individuals were given "Civic Pride Awards" for their improvement of proper ties in the city during the year.

Jess J. France Jr., chairman of the chamber's civic affairs committee, presented the civic awards. Fred F. Enemark, president of San Rafael Rotary Club, host club for the luncheon, introduced the Argentine visitors. Jordan L. Martinelli Jr., chamber president, presided.

NAMESAKE VISITORS — Mayor John F. McInnis (left) of San Rafael, Calif., greets Julio Caesar Hanon (center) and Otto W. Suter of San Rafael, Argentina, at chamber of commerce-joint service clubs luncheon. The Argentine visitors were introduced in connection with Rotary Club proposal for a "sister cities" arrangement of the namesake cities. (Independent-Journal photo)

Marin Due $8 Million Share Of State's Highway Budget

Marin County today was cut in for an $8,130,000 slice of California's biggest road-building budget in history — $658,370,017.

The record spending program for the fiscal year beginning July 1, 1962, is up 23 million dollars from the current year.

In Marin, 3.5 million dollars will be spent on widening Highway 101 to six lanes for 2.7 miles from Miller Creek Road north of Entrada Drive near Novato.

Another 4 million dollars will build six lanes of freeway, frontage roads and an interchange at the Blackpoint cutoff at the junction of Highways 101 and 37.

Various rights of way throughout the county will account for the remaining $630,000.

The record state spending program for the year starting July 1 is up 23 million dollars from the current year. It includes 202 projects and will provide 278 miles of multi-lane freeway and expressway and 110 miles of two-lane expressway.

Robert B. Bradford, state transportation chief and commission chairman, said the budget will provide for the most effective use of funds available.

"It will build many urgently needed freeways in our cities and on our major through-highways, replace some outdated rural and mountain roads with modern highways, and eliminate scores of local traffic bottlenecks and danger points," he said.

For the motorist, the new construction will mean:

Completion of 13.3 miles of the Santa Ana Freeway in Los Angeles.

Completion of the San Diego freeway for 49 continuous miles from Westminster to the Golden Gate Freeway near San Fernando.

Virtual finish of continuous freeway on U.S. 40 from Sacramento to the Nevada line.

Start of work on an east-west freeway in the capital.

Start of an accelerated program of tree planting on state highway routes.

A 5.1-million dollar freeway job in the Riverside-San Bernardino region to provide continuous freeway and expressway on U.S. 60-70-99 from downtown Los Angeles to Cabazon, a distance of 90 miles.

Extension of the MacArthur Freeway in Oakland to provide 12 miles of continuous freeway from the Bay Bridge Distribution Structure to San Leandro.

Conversion of more of U.S. 99 in the Central Valley to freeway, including completion of freeway work on the major north-south route in Fresno County.

A total of 101 million dollars is provided for construction and $62 million for rights-of-way in the Los Angeles region, consisting of Orange, Ventura and Los Angeles counties.

Of the statewide total, $527,792,917 will go for actual construction and purchase of rights-of-way. The corresponding figure this year is $509,078, 312.

The federal government has allotted $286,631,017 to California for 1962-63, including $228,847,000 for the Interstate System.

The remainder of the money comes from the state 6-cents-a-gallon gasoline tax and other transportation taxes.

A Marin First--Designer's Showcase

By PATRICIA ZINN

Another first in Marin will be premiered on Nov. 27 when Designer's Showcase is presented at Sabella's Restaurant.

Providing women the opportunity to see distinctive and creative displays presented by the fineset decorating studios, interior designers and furniture stores in the Bay Area is the enterprise of two Marin women whose friendship was formed on the friendship campus of Rosemont College in Pennsylvania.

Marinites, Mrs. Walter H. Larson of San Rafael and Mrs. Ervin G. Vickers of San Anselmo, who will share equal responsibilities as directors, embarked on this unique series because both women were working for and with women in widely separated careers.

This newest answer for fund raising projects for social and charitable groups of Marin and the Bay Area, will afford women previews of the limitless possibilities for beauty in the home come alive through the original and colorful interior interpretations of leaders in the art of decorating. It is also designed to show the housewife how to coordinate and contrast decorative accessories; how a color plan will achieve harmony and distinction in the home, and interesting and unusual combinations of foreign and domestic furnishings.

At the series of Monday luncheons decorating displays will be presented on a custom designed stage of walnut veneer, different in theme and treatment each week and will feature outstanding artists in related fields of interior, exterior design to explain their display and its uses in the home.

The first half of the partnership, Lorette Larson, is well qualified as a director for the Designer's Showcase presentation. After studying art and design at Rosemont, she went on to the Chicago Academy of Fine Arts and still later did advanced color study at the Rudolph Schaeffer School of Color in San Francisco.

In Marin, she found friends and neighbors calling more and more on her services after color took over in the home and baths and kitchens got away from the white look. Soon after, she began a survey on the shopping and buying habits of more than 2,000 women in the Bay Area. The survey revealed and also created Designer's Showcase, which is her solution to the confusion which has resulted from the multitude of colors in paint, linoleums and tiles now on the market.

The other half of the partnership, Margaret Vickers, has concentrated on journalism and experience with leading volunteer groups in the county and San Francisco. In addition, Mrs. Vickers' experience includes creative writing, she authored the two satires "Volunteerily Yours" produced by the Social Service Auxiliary of Marin. She has also had experience in radio and publicity.

Thus, the Nov. 27 premier will present not only beautiful designs but also practical concepts.

DISCUSSING FABRICS for this scale model to be built for the premiere of the Designer's Showcase series on Nov. 27 are the directors, Mrs. Walter H. Larson, left, of San Rafael and right, Mrs. Ervin G. Vickers of San Anselmo. The Monday luncheon series will provide women the opportunity to see distinctive and creative displays presented by the finest decorating studios, furniture stores and interior designers. (Independent-Journal photo)

Prescott-McBride Betrothal

Mr. and Mrs. James J. McBride of San Rafael are announcing the engagement of their daughter, Carole Ann, to Bert Prescott of Placerville.

The announcement was made at a party for friends and relatives in the McBride home.

The bride-elect was graduated from San Rafael High School and is now employed as a dental assistant. She is the granddaughter of Mrs. Esther Rabecca of Sausalito and the late Mr. and Mrs. James J. McBride of San Rafael.

The future benedict, son of Mr. and Mrs. Harold J. Prescott of Placerville, was graduated from El Dorado High School in Placerville and attended College of Marin.He is now attending Sacramento City College. He is the brother of Mrs. Jacob Starnes of Sacramento; Coleen and Glenn Prescott of Placerville, Larry with the U.S. Army in Germany; Mrs. Beverly Moore of Rhode Island and Harold S. Prescott Jr., of Albany.

No definite date has been set for the wedding.

CAROLE ANN McBRIDE

Halloween Theme For Focus Show

"Fashion Focus" will supply the fashionable answers for Halloween Day at Rickey's Rancho Rafael when it spins "The Tale of the Halloween Witch" at the 12:30 p.m. luncheon Tuesday.

United Cerebral Palsy, Inc. of Marin will be honored as the community service organization of the week. Proceeds will help to continue the work of United Cerebral Palsy in Marin.

Modeling in the spirit of the day will be Mesdames Robert Rodden, David Cedarquist, William Healy, Charles Bancroft, Charles Knapp and Richard Garrick in town and country fashions, unmasking a sequence of holiday cocktail styles as a finale.

MARIN'S SOCIAL WHIRL

Mrs. Tompkins Entertains For A Newcomer To The County

By FLORENCE DONNELLY

Mrs. Minthorne (Nancy) Tompkins entertained her Kent Woodlands' neighbors and several other friends at a kaffee klatsch Tuesday morning so they could meet her longtime friend, Mrs. Benjamin Sifford.

The Siffords with their four children, Belinda, Alexis, Deborah and Benton, ranging in age from six to 16, moved to College Park, Kentfield from Northbrook, Ill., and bought the house of Rev. and Mrs. Richard Gray. The Grays went to Portland, Ore., where he is Presbyterian chaplain at Portland State College.

Ben Sifford, who is with Fireman's Fund Insurance Co., was in the Chicago office and he and his family lived for 12 years in Northbrook, a suburb of Chicago. He is now with the San Francisco office. Mrs. Sifford, the former Gail Sollender, was reared in Piedmont.

Nancy's guests also included her mother, Mrs. Gilbert Wagner of San Rafael, Min's cousin, Mrs. Ernest Mailliard of Greenbrae, Mrs. James R. MacKay and her sister, Mrs. Russell Pierce, and Mesdames Lee B. Price, John F. Smith, William Hillebrandt, J. R. B. Ellis, Mozart Kaufman, Frank Barsocchini, Edward H. Solinsky, Robert Scoutten, Bradley Palmer, Robert Brown, William Woolston, Harry Lehman, Richard Williams, Myron DuBain and Richard R. Hughes.

THE SAN RAFAEL HOME of Judge and Mrs. Jordan L. Martinelli was the setting for a luncheon today when Gen Martinelli entertained her sister, Mrs. Albert Kelly and Mesdames Frederick Leo, Samuel Heiman, Harold Keeler, P. S. Harless, Richard Tissot, Albert Raisch, Herbert Chamberlin, Al Stewart, A. H. Dewees, Floyd Spence, Lloyd Grandi, Roger Darrow, Samuel Gardiner, Frank Schrader, Harvey Surratt, Earl Bethards and Otto Poehlmann.

BEFORE THE ANNUAL waltzing party at the Sheraton-Palace in San Francisco Nov. 3, sponsored by St. Luke's Nursery School, the Ernest Esbergs are giving a cocktail party at their San Francisco apartment. It will honor just returned European travelers, R. Adm. Rufus Thayer and his wife, and Gen. Robert McBride and Mrs. McBride. The Thayers, who are well known in Marin, have a home in Nicasio Redwoods. Among the guests at the Esbergs' party will be Mr. and Mrs. Frank Baumgarten of Ridgeview Farm, Fairfax.

THE F. HAROLD SCHUTTES of Ross are entertaining at a cocktail party at their home Nov. 4. They've invited Drs. and Mesdames James Goebel, Orville Grimes, Ira Degenhardt, Earle Young, Messrs. and Mesdames James Russell, Harry Sanner, Arthur Sauter, William Manuel, Gus Niederholzer, Ervin Vickers, James Tufts, John Merryman, Lewis Aaron, Fred McFarland, J. Benton Tulley and Mr. Harold Magee.

OVERNIGHT GUESTS of Mr. and Mrs. LeRoi Dowdell of Greenbrae were Gen. and Mrs. T. E. Bourke, who arrived from their home in San Diego yesterday. Mrs. Bourke is the sister of LeRoi.

On Saturday the Dowdells will have as their dinner guests, Dr. and Mrs. J. E. Riede of Antioch and Messrs. and Mesdames R. W. Hampton and Charles Von Tagen of Greenbrae.

ON BOARD THE Matson liner SS Matsonia which recently sailed from San Francisco for Honolulu are Mr. and Mrs. George A. Miner of San Anselmo. (Cal Pictures photo)

Drake Committee Plans Third Rummage Sale

To raise funds to send a Sir Francis Drake High School senior abroad next summer, the Drake parents' committee of the Experiment in International Living will hold its third annual rummage sale at the girls gym of the school the first weekend in November.

Last year the committee sponsored two "ambassadors": Rosemary Smith of Fairfax, who visited France; and John McVickar of San Anselmo, who went to Costa Rica.

The sale will be from 6 p.m. to 10 p.m. on Nov. 3, and continue from 9 a.m. to 6 p.m., Nov. 4.

Chairman is Mrs. George Hermsmeyer of Sleepy Hollow. Other members of the parents' committee, who will be augmented by volunteers are Mesdames John Wagstaff, Norman Mitchell, John Wisler, Malcolm McVickar, William Andrews, Harry Press, Robert Reynolds, Edward Boero, Gino Gizzi, Clifton McGarr and Stewart Macondray.

Marinite To Preside

Mrs. Frank A. Schroeder of Corte Madera, president of Upsilon Unit, National Assn. of Parliamentarians, will preside at the business meeting Nov. 3 at the Press and Union League Club, San Francisco.

WEARING AN igorot woman's costume Mrs. Richard Over, far right, displayed mementos of her life as a missionary in central Luzon of the Philippines at yesterday's convocation luncheon attended by women of 11 Marin Episcopal churches. She is holding a chokao, worn by Igorot men to carry their belongings. From left are Mrs. Eugene A. Miller, Church of Our Saviour's United Thank Offering custodian; Mrs. Richard Byfield of Palo Alto, who introduced Mrs. Over, and Mrs. Earl Reinke, president of the Church of Our Saviour's Episcopal Church women. (Independent-Journal photo)

130 Episcopal Women Attend Convocation

More than 130 women from 11 Marin Episcopal Churches gathered in Hammond Hall of Mill Valley's Church of Our Saviour yesterday afternoon at a second annual convocation luncheon which featured a talk by Mrs. Richard Over.

Now in Berkeley, Mrs. Over and her husband spent eight years in central Luzon of the Philippines, where he was priest in charge of All Saints Mission located in the wild Bontoc area.

Since one of the purposes of the luncheon was to call attention to the Episcopal Church's United Thank Offering, which helps to support missions, Mrs. Over stressed the accomplishments made possible at the mission with this help.

Before Mrs. Over was introduced by Mrs. Richard Byfield of Palo Alto, Mrs. William Goodwin of San Francisco, Diocesan United Thank Offering custodian, reported that the last offering had amounted to more than $4,000,000 and that the California diocese contribution of $93,000 was the 11th largest in the United States.

Illustrating her talk with colored slides Mrs. Over described her experiences living among the Igorot people of Malayan Ancestry who inhabit the remote Bontoc area.

Their lives are governed by belief in a spirit god and especially by a fear of the spirits of the dead, she explained, and they remain just one step away from a naturalistic paganism. That step is the Christian religion, she said.

Although practices still occur such as occasional head hunting, which is prohibited and punished, and killing of one when twins are born, she said that life among these natives is not dangerous.

Mrs. Over emphasized the need for all baptized Christians to regard themselves as missionaries charged with the responsibility of spreading the Gospel.

White, for All Saints Day on Nov. 1, was used by Mrs. Henri Boussy and Mrs. William Perdue in elaborate decor featuring life-sized and smaller doves and chrysanthemums.

Mrs. Ralph Martindale was coordinator for the event, and Mrs. Earl Reinke, president of the Episcopal Churchwomen of the Church of Our Saviour, presided.

Preceding the luncheon a holy communion was conducted in the morning by the Rt. Rev. G. R. Milliard, Suffragan Bishop of the Diocese of California.

THE BETTER HALF — By Bob Barnes

"Don't say it! . . We're going to buy our own farm and grow our own vegetables and have our own cows, chickens, and pigs! . . . right?"

By RICHMOND BARBOUR, Ph. D
Guidance Counselor

Child May Be Introduced To Failure In First Grade

Do you recognize this boy? Maybe he's your son? He is only 6. He started school a few weeks ago. At that time he was happy and excited. He knew he'd love school. He ran to class the opening day for this was his big adventure.

But now he hates school! He begs to stay home. Sometimes he vomits after breakfast. He spends long minutes staring into space. He has nightmares. He's a different person, overnight. The change makes you shudder.

What happened? Simply this. He has met failure for the first time. He isn't keeping up with his buddies at school. He feels disgraced. He has no defenses. All he can do is suffer. If you failed first grade you know how he feels. More children fail in first grade than in any other.

Can you help him? Yes, if he's your boy. See his teacher right away. Don't wait, hoping things will improve. There's too great a risk that they won't. Ask her for suggestions and follow them carefully. Take what she says seriously. See your doctor about his health. Have an eye specialist test his vision. A large percentage of the first graders who fail have unsuspected eye trouble. Have his ears checked, too. If he can't hear directions, he can't learn.

If he keeps on failing, go to a psychologist. One may be available at school, without cost to you. If not, hire one *privately. You'll find psychologists* on the faculty of your nearest college. Have the expert make a complete study of your boy. Then he can tell you what to do. Be sure he gives a report to your boy's teacher. She can use the information, too.

READERS' FORUM

(Q) "Our boy is failing in the third grade. He tries very hard, but doesn't succeed. We think he'd do better if we whipped him. Are we right?"

M. J.

(A) No, you are wrong. Chances are that part of his trouble comes from strain. Whipping would increase the strain. He needs your love and support. Don't make him feel worse than he already does.

Awareness Group To Hear Talk By Dr. Virgil Hillis

Showing of the controversial film "Our American Heritage" and a speech by Marin County Superintendent of Schools Dr. Virgil Hollis are planned as the program for the meeting Monday of Mill Valley's Awareness Group, according to Mrs. Edmond Gross, founder of the group.

The luncheon meeting starting at 11:30 a.m. will be the first to be held at Mill Valley's "Gallery" under new arrangements which change the meeting place from the Grosses' home to the coffee house- art gallery.

Attendance is by invitation to approximately 50 women who are community leaders.

Mrs. Gross has also announced a roster of speakers for the remainder of the year which will include such distinguished names as Elizabeth Rudel Smith, treasurer of the United States. She will speak on Monday, Dec. 4, at 11:30 a.m.

Others who have been invited to address the group are Congressman Clem Miller, who will speak on "Report From the Capitol" on Tuesday, Nov. 7 at 1 p.m.; John A. Busterud, potential candidate for the U.S. House of Representatives on Monday, Nov. 13, at 11:30 a.m.; Leland Jordan, former president of the Council for Civic Affairs on Monday, Nov. 10, at 11:30 a.m.; and George Monardo and Michael Wornum, members of the Mill Valley City Council on Monday, Dec. 4, at 11:30 a.m.

Now Hair Dryer

One new line of clothes dryers has a hair dryer attachment. The optional accessory provides beauty salon hair drying in the home.

Festival Saturday

The annual fall festival of Isabel Cook School will be Saturday from 1 to 4 p.m. at the school playground. A costume parade will begin at 2:30 p.m. with prizes awarded for funniest, prettiest, spookiest and most original costume.

PANHELLENIC GIVES TEA

Mrs. George R. Mallory, left, Marin Panhellenic president, discussed fall rushing with Mrs. George M. Simonson of Piedmont, center, and Mrs. Merritt A. Robinson, first vice president, yesterday afternoon at the Marin group's annual Report Tea at the San Francisco Theological Seminary in San Anselmo. Mrs. Simonson, member of the grand national council of Gamma Phi Beta for 15 years, was the guest speaker.

MARIN ALUMNAE of all the Panhellenic sorority organizations assembled yesterday around the tea table after the talk and presentation of new officers for the year. The incoming president, Mrs. Eric Wilkinson of Kappa Delta, reported on fall rushing of Marin girls. Two 50 year members of Gamma Phi Beta, Mesdames John Ross and Lewis Pepper, poured tea. (Independent-Journal photos)

ST. ANSELM'S Institute, YLI, 8:15 p.m., St. Anselm's parish hall. Miss Alma Pucci, grand president, to make official visit.

New Laundries, Cleaners To Be More Lavish

Blueprints of lavish new laundry and dry-cleaning centers have been drawn up by industrial designers and soon will be installed all over the country. These new establishments —many with hi-fi music or color television — will make it possible for a homemaker to relax while coin-operated machines do the dirty work.

Coin-operated laundries have been familiar to the landscape during recent years but those being built are more lavish. Some are furnished with bridge tables, soft drink and snack dispensers, writing desks and play pens. The housewife is being encouraged to enjoy the time during which the clothes toss and spin.

But the latest wrinkle is coin-operated dry-cleaning. Drop a few coins into the machine and it will dry-clean everything from draperies to football uniforms.

Fischer-Gomberg Betrothal Announced At Birthday Fete

Mr. and Mrs. Hyman Fischer of Fairfax have announced the engagement of their daughter, Joan Elizabeth, to David Roos Gomberg, son of Louis Roos Gomberg of San Francisco and the late Mrs. Gomberg.

The announcement was made at a birthday party given in Joan's honor at the Gomberg home.

Both Joan and David are students at the University of California, where Joan is a junior majoring in psychology and sociology, and David is a graduate student in mathematics, studying for his doctorate. David was president last year of Alpha Phi Omega.

Joan has a brother, Daniel Myron, studying on a fellowship at the University of Minnesota graduate school, and a sister, Mrs. Jordan Allen Dolgoff of White Plains, N.Y.

David has a brother, Paul Roos, a sophomore at the University of California, and a sister, Lynne Elizabeth of San Francisco.

Joan and David plan to be married Nov. 22 at Temple Emanu El.

Halloween Dance Party Planned By Buzzin Boots

Marin County square dance group, "Buzzin' Boots," is holding a Halloween costume dance tomorrow night at Star Hall, San Anselmo, dance chairman Dottie Fraser announced today.

Bill Owens, Marin square dance caller, will be master of ceremonies for the 8:30 p.m. to midnght affair.

Prizes will be awarded for the best costumed couple, the most original costume and the "craziest" costume.

Committees include Marge Van Couenberghe and Barbara Nichilini, decorations; Fay Scovill, Lil Olds and Anne Sherman, refreshments, and B. G. Pool, Paul Stang and Paul Wipfle, kitchen clean-up. Ed and Cathy Ghiringhelli will be door hosts.

Fashion Industry Geared For 'Twist'

By JEAN SPRAIN WILSON

NEW YORK (AP)—The American fashion industry is already geared for "the Twist."

Designs for next spring's apparel for women were on the drawing boards weeks before the body-gyrating, foot-sliding dance became a craze.

Yet buyers dodging their way through the pushcart-jammed garment district shopping the spring market this week found plenty of fashion stock for courageous, loose-jointed ladies who will probably learn "the Twist."

Adele Simpson was quick to dub one of her many-tiered crepe gowns as appropriate for the required serpentine movement. Lous Esteves, with romantic little costumes tacked together in fluttery layers of material, did not hesitate to point out their "Twist-ability" to his buying public.

Bill Blass' ruffly numbers for the Maurice Rentner design house were naturals for emphasizing the convolutions of the jazz dance.

For the young, informal crowd Ann Klein provided a sugar-coated kind of dance dress called Ben-Ben. A variety of Miss Klein's little black and white crepe costumes included skirts that were double-pleaded, bias-cut or knife-pleated skirts that could take plenty of frenetic leg action of the dance.

For the woman who wants a good excuse for sitting this craze out, Miss Klein has designed some sleeveless dresses with super slim skirts and super-blousy tops.

The designer who has a knack for creating clothes that look young without seeming giddy created for the Junior Sophisticate house a line which includes little girl dresses with diminutive puffed sleeves; coat dresses so form-fitting they are more like dresses than coats; side-button sheaths, and silk printed costumes with deep cowl necklines.

Marin Women

Pumpkin Contest Climax Tonight At Yolansdale

Yolansdale Parent-Teacher Assn. will open its membership drive tonight with an 8 o'clock meeting at the school, when the six pumpkins being decorated by the school's classes will be judged.

The P-TA sponsored decoration contest will carry prizes donated by the unit also. Prize money awarded to each class will be used to buy records for the school.

Mrs. Gene Shinabarger, P-TA president has announced that the pumpkins will be on view at the Halloween parade Tuesday afternoon at the school in San Anselmo, when the prizes will be awarded. P-TA members will vote on the entries tonight.

Down To Earth

An underground elementary school in Artesia, N.M., is expected to open its doors next January. The school for 500 is an experiment to test the effects on children of such confining quarters minus windows, natural air and so on. The unit also will be equipped as a civil defense shelter for housing 2,000 persons for two weeks.

Clean Driftwood

Before you use driftwood as part of a table centerpiece, clean it thoroughly with a brush and soak it in a strong solution of household bleach.

Junior College District Board Gives Land-Purchase Statement

The following statement was submitted to the Independent-Journal by the Marin Junior College District board, carrying the names of Kent O. Seymour, president, and Elizabeth M. Deedy, clerk.

It is presented in full to give the college board opportunity to present the reasoning behind its decision to hold closed-door sessions to discuss land purchases.

"In recent issues the Independent-Journal has criticized action of the Board of Trustees of the Marin Junior College District. That paper has seen fit to term a land purchase by the college board a 'secret deal for land.' That paper further asserted that land purchases were conducted in what the Independent-Journal chose to call secret meetings contrary to the Brown Act.

"On the strength of the assertions and the criticisms made in the October 13 issue of the Independent-Journal, Mr. Roger P. Garety, District Attorney, disclosed that same night, according to the Independent-Journal article on October 14, that he would 'launch an immediate investigation into alleged secret land purchase negotiations by the Marin Junior College District Trustees.' That same article quoted the District Attorney as saying: 'I intend to look into the matter immediately and will take appropriate action if in fact there has been a violation.'

"On Monday, October 16, shortly after 10 a.m., the clerk of the college board of Trustees was served with a subpoena to appear before the Grand Jury on Tuesday, October 16.

"During a conference held on Monday morning, October 16, after 11 a.m., and in response to a direct question from Mr. Kent O. Seymour, president of the College Board of Trustees, Mr. Roger Garety acknowledged that no formal complaint had been filed against the Board of Trustees of the Marin Junior College District, that he knew of the matter only what he had read in the press, and further that Mr. Bryce Anderson of the Independent-Journal, and the Independent - Journal reporter 'who covers the Court House' had called the matter to his attention.

"The office of the County Counsel, legal advisor for all school districts, had no information that the matter was going before the Grand Jury until informed by the Clerk of the College Board that a subpoena had been served.

"By law a school district clerk must seek advice from the County Legal Department. In this instance, the College Board of Trustees has found itself in the unique position of following advice of one office in the legal department, namely the County Counsel, and of being referred by the other office, namely the District Attorney, to the Grand Jury for investigation **without a formal complaint being filed** or **any investigation to determine** if there had in fact been a violation of a law.

"After the hearing on October 17, the Grand Jury stated that the actions of the College Board were conducted in good faith, on advice of County Counsel, and had not therefore been in violation of the Brown Act.

"In view of the headlines and stories, the misleading and false statements, the allegations that have appeared in the Independent-Journal concerning the actions of the College Board of Trustees regarding land negotiations and purchases, the Board of Trustees feels impelled to present to the people of the District and the County the true picture of its actions.

"As the elected representatives of the Marin Junior College District, the Board acts for all people of the District as it provides for the present and future needs of the College of Marin. In all actions the Board strives to make the most efficient and economical use of all funds entrusted to it.

"In keeping with this trust, the Board in recent months has sought to acquire at the greatest possible saving for the taxpayer and with due regard for the rights of the individual property owner that land essential to the development and expansion of the college facilities. The Board consulted with its official legal representative, County Counsel E. Warren McGuire, to determine methods legally available to the Board in land negotiations and purchases.

"Mr. McGuire advised the trustees that in accordance with an opinion of the Attorney General, closed or executive sessions are permissible when there is a possibility of litigation. The County Counsel has advised the College Board in accordance with that opinion of the Attorney General. While in its October 13 issue the Independent-Journal cited several provisions of the Brown Act, it made no mention of the Attorney General opinion in that issue. That opinion, however, represents established precedent. According to Mr. McGuire and his assistant, Mr. Douglas J. Maloney, this opinion of the Attorney General is well know to the Independent-Journal.

"On October 17 the Independent-Journal in a headline asserted: 'Grand Jury Finds Out College Purchased Property in Private.' Inasmuch as the Grand Jury had not concluded its hearing by the time that issue of the paper was on the newsstands, and all testimony before that body is confidential until released by the Grand Jury, the College trustees challenge the accuracy of that statement by the Independent-Journal.

"In the same article on October 17 the Independent-Journal stated 'purchase of property at 143 Kent Avenue, Kentfield, and behind the Garden Spot Nursery in Larkspur had been completed by the College District in advance of action at its regular meeting.' The facts are that the Board moved in regular session on September 14 to 'accept a grant of interest in real property' from Mosk Realty. The land was the acreage described by the Independent-Journal as 'behind the Garden Spot Nursery.' No purchase is consummated until the transaction is recorded and funds transferred.

"In all cases of land purchase the procedure by the Board is the same. The Board takes action in a regular meeting following receipt of written recommendation and escrow instructions from the County Counsel. Necessary documents are signed and any warrant is approved only after the Board passes a motion approving purchases, in open meeting.

"In accordance with that procedure, and following the regular Board meeting on September 14, the warrant approved by the Board for the Mosk Realty Company was sent by the College to the County Schools office for auditing and approval by the County Superintendent of Schools and the County Auditor. The approved warrant was returned by the County Schools Office to the College of Marin on September 21, **seven days after Board action was taken.** The warrants and escrow instructions were then forwarded to the County Counsel for transmittal. **We challenge the accuracy of statements as printed in the Independent-Journal and quoted here concerning the acreage 'behind the Garden Spot Nursery.'**

"In the same news story of October 17, the Independent-Journal stated: 'The warrant for purchase of property at 143 Kent Avenue was issued to Marin County Abstract and Title Company on October 12. The motion authorizing the purchase of that property was introduced and passed at a College Board meeting which began at 8 o'clock on the night of October 12—three hours after the title company closed its doors for the day.' The facts are that since the question of land purchase was on the amended agenda, the business office of the College had prepared a warrant for 10 per cent of the proposed purchase price for the possible approval of the Board. That warrant was approved in regular session on October 12 following the motion authorizing the purchase of the property. On October 13 the warrant was forwarded to the County Schools Office according to the required procedure in all payments for auditing and approval. The approved warrant was returned to the College of Marin on October 16 **—four days after the Board meeting**—and then forwarded to the County Counsel for transmittal to the title company and consummation of purchase. **Again the Board of Trustees challenges the accuracy of the Independent-Journal.**

"All of the land acquisitions undertaken recently by the Board of Trustees of the College of Marin have been to implement the Master Plan which was adopted in August of this year after detailed and continued public discussion. Full presentation was made of possible development of the College facilities and the general areas of land acquisition. **In the past few months the Board has purchased four parcels of land for a total of $156,359. If the Board had paid the total of the asking price or the highest appraised value for those parcels, the Board would have paid over $260,000.** Thus the Board of Trustees of the College of Marin, with the able assistance **of the County Counsel who negotiated the sales, has in effect saved the taxpayers of the District a possible $100,000.**

"The trustees are of the opinion that these purchases have been in the best interest of the people of the District and of Marin County. Prior to the consideration of any possible land acquisition an appraisal has been obtained from a recognized appraiser. The appraiser's report has in every instance listed value of comparable land and recent sales in the vicinity. We further believe that the actions of the Board in these transactions have not been unfair to the interest or welfare of any individual property owner involved. Each of these owners has been active and consulted in all negotiations.

"The Board of Trustees believes the affairs of the public schools are the concern of the people for the schools are theirs. The trustees welcome and encourage the interest of the people.

"The Board of Trustees welcomes interest on the part of the press. We believe, however, the press has an obligation to present facts in both headlines and news stories and to restrict editorial comment to the editorial page in the approved and ethical procedure of good journalists.

"The Board of Trustees further commends to the editorial and reporting staff of the Independent-Journal for serious and thoughtful re-reading, the editorial printed in that paper on October 17 commemorating National Newspaper Week and stating the Ethical Code of Journalists.

"The Board of Trustees of the College of Marin is of the opinion that in the recent articles referred to the Independent-Journal has failed in its 'obligations as teacher and interpreter.' We are of the opinion that the Independent-Journal has failed to provide full and accurate reporting of events and activities surrounding the events.

"We believe the opportunity to publish news carries with it a serious responsibility for the entire staff. We applaud a free press. We demand a responsible press."

Marine Active Duty

Four members of San Rafael's 14th Rifle Company, Marine Corps Reserve,. began six months active duty in San Diego yesterday. Pvts. Christopher H. Hinman of San Rafael, Thomas T. Rollieri of Alameda and Stephen M. Joses and William G. Simmons of Belvedere will take additional training at Camp Pendleton upon completion of 14 weeks boot camp at San Diego.

EXCHANGE PROGRAM

Schultzes Pay Call On German School

There are few automobiles parked outside Redwood High School's "exchange school" in Germany, but the bicycle racks are full.

Niels Schultz Sr. of Greenbrae, who, through the Schultz Foundation, gave $3,000 for Redwood High's exchange school program, found this out on a brief visit to the "exchange school" — Preetz High School, 12 miles south of Kiel. He reported his finding today following return from a two-month European tour with Mrs. Schultz.

The Schultzes went to Preetz to have a look at the school which has exchanged letters and recordings with Redwood High and hopes to exchange students too. But because classes were in session, they contented themselves with merely looking over the campus.

Schultz reported he found a two-story brick building behind a green, heavily wooded park area, "in a private setting, free from traffic and crowds." He described the school's construction as "more functional than schools in America."

Preetz was but one of many stops for the Schultzes on their tour, which began by air from Vancouver, B.C., to Amsterdam, Holland, and continued by boat to Stuttgart, Germany.

Schultz noted the boat gliding up the Rhine and Neckar only moved during the days. During the nights the boat would be tied up "so we didn't miss any of the sights."

During the trip they stopped in Italy, Denmark, Holland and Austria. While in Innsbruck, Austria, Schultz purchased a mortar and pestle dating back to 1620, during Europe's Renaissance period. He plans to display it with other similar items already on open shelves in the Bon Air Pharmacy.

Schultz noted that real estate values are "skyrocketing" in Seefeld, Austria, "because in a couple of years they will have the Olympics for about two weeks."

He also noted much building activity in Germany. "In Munich there seemed to be miles of new apartment houses all in one section outside of town," he said.

The United States Army seemed to be well liked by the residents of the European countries Schultz visited, he reported.

The Schultzes spent 10 days of the trip in Greece — their first visit there—mostly visiting ancient ruins. "Ruin hopping is not restful. You get up for a 7 o'clock breakfast, start out shortly thereafter and in some cases return just in time for dinner that night," said Schultz.

They traveled to the islands of the Aegean Sea, including Patmos, where St. John, one of Christ's disciples, was banished, and Delos, where ruins cover a huge area.

"Greece, at least that part we visited, is far from lush. With the exception of occasional patches of olive trees, grapes and other fruit trees, the country generally consists of baren, bleak mountains and hills," reported Schultz.

"In spite of the hard work connected with it, we enjoyed our stay in Greece tremendously, particularly the friendly attitude of everybody we came in contact with."

Schultz, who still spends a full six-day week in his office, is already considering another trip, this time to the Orient.

Seattle's Space Age Fair Adds An Earthy Note

SEATTLE (AP) — The 1962 Seattle World's Fair, whose theme will be the Age of Space, got back to Earth yesterday and arranged for a girlie show "with some nudity."

A woman entrepreneur, who started out by staging entertainment for a small town Parent-Teacher Assn., was given the contract for the fair's major night club.

Mrs. Gracie Hansen said she plans a lavish "Las Vegas-Parisian" type revue featuring 26 show girls, other acts and a 10-piece band at her "Gracie Hansen's Paradise International," a $250,000 theater-restaurant.

"It will be a daring show with some nudity," she said, "but all in good taste."

'Hatful Of Rain' Opening Tonight

"A Hatful of Rain" will open the winter season for Gate Five Productions at 8:30 o'clock tonight at the Gate Playhouse, Bridgeway Boulevard, Sausalito.

Performances are scheduled for Friday and Saturday evenings until Dec. 16.

The player group, Sausalito's newest theater organization, is headed by Deane Cyr while the present play which was a Broadway hit is directed by Will Marchetti who also plays the role of John Pope Sr. The role of Celia Pope is taken by Megan Whiting of Mill Valley.

San Rafael High Driver Course Open For Adults

San Rafael High School's automated student driver education program has now been expanded to include adults.

The three-part program has been incorporated as part of San Rafael High's night school curriculum, adult education principal Ralph Phelps announced today.

Phelps said that applicants are still being accepted for the sessions which opened last night.

The course will run for four weeks with instruction every Monday and Wednesday from 7:30 p.m. to 9:30 p.m. These classes will include driving theory, held in Room 57 of the school, and driving demonstration in the Drive-O-Trainers installed in a specially constructed trailer near the football field. Driving experience will be given in dual-control cars by appointment on Saturdays. The fee for the course is $16.

The main aisle of St. Peter's is one-eighth of a mile long. Yet proportions in the church are so harmonious that things seem smaller than they are.

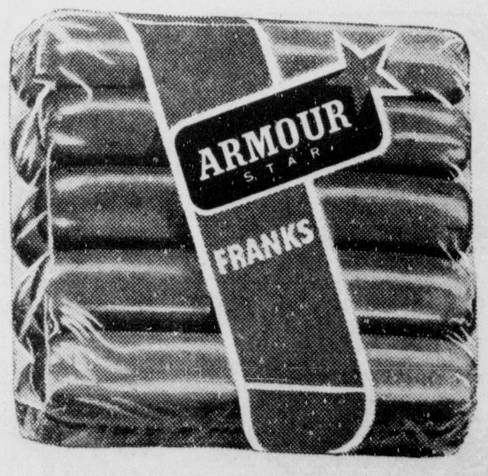
You can serve these hot dogs and know your kids are well fed

There's just as much nourishment in a pound of Armour Star Franks as there is in a pound of steak

This is why. In the 15 ways that the U. S. Department of Agriculture measures the nutritive values of foods, the mighty Armour Star Frankfurter stands right up to sirloin steak or any other fresh red meat. The reason is simple: Armour Star Franks *are* meat—tender, select cuts of beef and pork, mildly seasoned. All good food, food a body can use. So now you can be assured that the meat that tastes good to your children is good *for* them, too. Cheering news?



ARMOUR

The meats that wear the Armour Star are the meats the butcher brings home

TODAY'S EDITORIAL

It's All A Matter Of Keeping Public Informed

All we have ever maintained is that if the public is constantly kept as well informed by school boards as the county counsel informed it in his grand jury statement, neither the College of Marin trustees nor the county counsel would have ever found themselves in such a situation.

THREE MINUTES A DAY

By JAMES KELLER

TAXES BOTHER LITTLE BOY

A little boy wanted to get the "inside story" on taxation so he wrote a letter to the governor of his state of Kansas.

His brief message read as follows: "Dear Governor: How are you. I am fine. I don't know why we have taxes. Will you please tell me?"

In his reply, Gov. John Anderson wrote: "We have taxes so you have a public school to attend, roads for you to travel places, pay a policeman to protect you, courts so you can get fair treatment and protect your rights, and many other things.

Then the governor concluded: "You will probably have to pay taxes all your adult life. Let us hope the money is used honestly and for good purposes."

Do more than "hope" that your taxes are spent wisely. Take steps to see that they are.

With the blessing of freedom entrusted to each of us by God goes the obligation to live up to our personal civic duties, which involve more than paying taxes.

"Hear counsel; and receive instruction, that you may be wise in your latter end." (Proverbs 19:20)

Thanks, O Jesus, for the privilege of freedom. May I protect and strengthen it.

HAL BOYLE'S COLUMN

Some Widows Go All To Pieces —Others Pick Up Pieces And Go

NEW YORK (AP)—"A woman behind closed doors is one of the most tragic things in the world," said Olive Clapper.

"I know widows who have lived for years behind locked doors.

"Their trouble is that they refuse to give to life. They just sit and nurse their sorrow. It's the easiest thing in the world to do. But it is destructive to a woman in every way—it can destroy her health, her personality, her very life."

Mrs. Clapper's own world fell apart Feb. 3, 1944, when her husband, Raymond Clapper, the political columnist, was killed in a plane crash while on a wartime mission in the Pacific theater.

She tells the story of her happy marriage — and how she built a new life of service after her husband's death —in a warm-hearted and inspiring book, "One Lucky Woman."

Since most wives today outlive their husbands, Mrs. Clapper believes they should face up realistically to the prospect of widowhood.

Here are some of her suggestions:

"1. Keep up any skills you have—just in case. A woman who was a secretary should keep a typewriter around — and use it. If she was a nurse before marriage, she should continue doing voluntary nursing.

"2. Even if a widow has no occupational skills, I'd advise her to find some kind of work outside the home—even if she doesn't need the money. Work is the great consoler. Get out among people and don't hide yourself in sorrow.

"3. Many women, after a period of widowhood, hope to remarry. But since men are dying faster than women, the chances of a woman finding a second helpmate are meager. It is better for her to face up to this—and adjust to the prospect of a single life.

"4. Don't impose yourself on your children, or try to run their lives—or the lives of your grandchildren."

Mrs. Clapper, attractive and happy at 65, has lived up to her own creed.

"I never had any resentment or bitterness over Ray's death," she recalled. "He died as he would have wanted to —and I feel he went out in glory."

His editors suggested that she carry on his column. Mrs. Clapper felt this task was beyond her powers, but she had had experience speaking before women's clubs and she filled her late husband's lecture engagements.

IN THE YEARS since then she has busied herself writing and speaking and serving as an executive of CARE. Last spring, President John F. Kennedy appointed her cochairman of the American Food for Peace Council.

A career of service has widened her horizons, left her no time for useless mourning.

LOOKING BACK across a crowded lifetime, Mrs. Clapper repeated the lines with which she closed her book:

"I'm convinced that love, real love, never dies. It follows the beloved forever."

She feels she has, indeed, been one lucky woman.

THE CYNIC'S CORNER By Interlandi

"What have you done to the Saturday Evening Post?"

'NOT GOD'S WILL, BUT MINE BE DONE!'

WHAT OUR READERS SAY

Our Only Hope Of Survival

EDITOR,
Independent-Journal:

A 40 million dollar program for building and equipping bomb shelters for Marin County was seriously discussed by Chairman William Fusselman of the Marin Board of Supervisors in a press release last week.

Proposing the very same financing that he deplores for that comparatively minuscule project, the Marin Civic Center, i.e. promulgating the bonds under assessment proceedings without the necessity for a bond election, Mr. Fusselman seriously suggests that we bond ourselves for the next four decades to finance this immoral and useless project!

What on eartrh are we thinking of? According to all the authorities, even if we should, by some remote chance, escape being cremated in our bonded bomb shelters (this presupposes that the type of bombs being tested at present will not be used), the heat, smoke, claustrophobia, inadequate oxygen, carbon monoxide poisoning, lack of food and water and the panicky desire to find missing members of families would cause a more horrible death later.

As Historian Lewis Mumford states: "At best our peripheral fallout shelters would provide an extra fortnight for contemplating the traumatic horror of facing the continuance of a purposeless war, and lingering on, wracked by disease and starvation, in a meaningless world, disintegrated and permanently defiled beyond power of redemption. To accept such an abomination of terror and desolation as even a remote possibility, much less an honorable and tolerable sacrifice, is sheer madness . . ."

We are the victims of a severe crisis of nerve at the present time. As the playwright Ionesco has said, we are changing into herds of Rhinocerus (Beasts). Instead of burrowing underground, let us stand and fight for those things we believe in: individual liberty and faith in the sanctity of human life.

This is United Nations Week. The U.N. is fighting for its very existence. Let us give our money and support to this and other organizations fighting for a sane world. This course of action is our only hope of survival.

Ross

No Heart Fund Subscriptions

EDITOR,
Independent-Journal:

In reading the letter written by Boris Dragon regarding solicitation of newspaper subscriptions, I was greatly disturbed to see that the Heart Fund was mentioned.

I would like to assure all readers that the Marin County Heart Association has never solicited funds in this fashion. Our campaign for funds is made in February of each year and culminates with a door to door personal collection on Heart Sunday.

We are grateful to Mr. Dragon for publicly calling this to our attention. More and continued complaints to the newspapers involved will, I am sure, put a stop to this misleading salesmanship and benefit not only the newspapers and subscribers but also those charitable agencies who traditionally receive financial support through circulation drives.

A. LEONARD BJORKLUND, JR.
President, Marin County Heart Association
San Rafael

Recall Statement Is Untruthful

EDITOR,
Independent-Journal:

I note with interest the editorial in your paper Saturday, with glowing tribute to your newsboy carriers and their reliability.

Why not the same reliability on the part of your reporters in determining facts and the truth, before going to print, rather than slanting stories, or news, to suit your own wishes as has been quite obvious of late.

Your reporter, Fred Wyatt, in his Notebook column (Oct. 19) has attributed to me certain statements in regard to the pending "Walter Blair Recall Movement." All of the statements made therein are without foundation, are untruthful and misleading and made with apparent intent to influence the voters of the Third Supervisorial District of Marin.

Let me state that I am 100 per cent in support of Walter Blair in this case and unalterably opposed to the recall movement, which in my humble opinion, is a gross misuse of the law as it was intended. By posing as a candidate under such circumstances and apparently condoning the untruths, misstatements and tactics presently being used by the misguided supporters of the recall movement, Peter Behr has placed himself in the position of an unworthy possible successor to the supervisorial position.

In the vernacular of your own paper, Mr. Wyatt, a BOUQUET to your newsboys and let the BRICKBATS fall where they belong.

Ghoulish Hay In Shelter

EDITOR,
Independent-Journal:

As a general contractor in Marin County, I am quite appalled at the ghoulish hay being reaped from a frightened populace. I view the financial exploitation of these Rube Goldberg fallout shelters as similar to the old time patent medicine sales. Dead customers can't complain.

I should like to raise a few questions:

1. Who will be able to use a fallout shelter (assuming the shelter works) with Dad at work, Mother at the store or at bridge, and the children in school?

2. What shelters provide for that age-old custom of breathing, since a thermonuclear blast consumes available oxygen?

There is considerable opportunity for those engaged in the construction industry to derive an honest living meeting the needs of an expanding community.

If our population would expend the same energies towards urging our legislators to seriously approach nuclear disarmament, our safety would be more positively assured.

ARTHUR M. SESTAK
Mill Valley

TRY AND STOP ME

BENNETT CERF

Working for Alfred Hitchcock on TV is an exciting, but sometimes exhausting means of making a living, said a stagehand in a Hollywood studio. "He's a perfectionist. He won't tolerate the slightest mistake."

"For instance," elaborated the stagehand. "In a live show we did last week, the script called for me to rush out and sprinkle tomato sauce over an actor who was supposed to have been shot. Unfortunately, a camera swung 'round unexpectedly and caught me pouring the red sauce on the actor."

"How awful!" exclaimed a listener. "What did you do?"

"What could I do?" countered the stagehand. "I ate him."

Gypsy Rose Lee fainted during a performance in an insufferably hot summer playhouse last August. Pointed out Jack Parr: "It's the first time that Gypsy and Gypsy's clothes have ever hit the stage at the same time."

I-J REPORTER'S NOTEBOOK

By CARLETON WILLIAMS

Planning Commission Begins To Wonder About Shelter Regulations

218-2—Planning COMmissio

The current craze for fallout shelters, the greatest shot in the arm for the get-rich-quick businessman since the launching of theh ula-hoop, launching of the new hula-hoop, came under semi-official scrutiny of the Marin County Planning Commission this week.

In an off-the-cuff discussion following their regular agenda, the planners noted that the shelters, now being dug at an alarming rate, presumably to solve the problems created by the chance dropping of 50-megaton bombs, are creating additional problems.

FROM THEIR point of view, these involve gas, electric and sewer lines, septic tanks and setbacks from property lines, as well as many other factors near and dear to the hearts of planners.

Commissioner Felix M. Warburg raised an added problem by asking what was to become of all the dirt being dug out of the holes. "Is any more fill needed at the Civic Center?" asked Chairman William Upton, hopefully.

As to setbacks, Principal Planner B. D. Dobbs said the county ordinance does not require setbacks on structures totally beneath the ground. If the shelters include above-ground embellishments, such as vent pipes, pumps and elevated entrances, setbacks should be required, he suggested.

HE ALSO OBSERVED, in passing, that water and electric power to the shelters are coming from the main lines. "What happens if the main source is cut off?" he asked of no one in particular.

Although they made no ruling on the matter, it was agreed that the diggers should know the exact location of underground power and gas lines, sewers and septic tanks, suggesting that precise plans of these installations be submitted before work could begin.

Someone advanced the thought that the builders should give some assurance of the workability and efficiency of air vent systems, pumps and other so-called life-saving devices included in the price of a shelter. "But I don't suppose that is really our problem," another commissioner added.

Still another question came up: What will become of all the expensive holes in the ground if nothing happens?

DR. UPTON suggested the addition of cooking facilities so they could be rented out when the scare is over. Another was to use them, as reports indicate the people of Sweden are now doing, for storage of furniture, clothes in mothballs, kids' bicycles and the myriad items now stored in garages.

"My personal solution is to build a swimming pool instead," offered Warburg. "I can either use an aqua lung or put a top on it."

I felt the problem ov eventual disposal of second hand shelters was the question of the day.

I AM FIRMLY convinced of the basic common sense of John Q. Public, despite his occasional stampedes in all directions. I think it entirely possible he may, one day before it is too late, forsake his resignation to a future of total destruction, a philosophy he has seemingly accepted without question from the world's professional politicians.

If, in fact, he should suddenly decide to devote his energy and money toward a real fight for world peace—instead of digging holes in the ground like a frightened terrier—what indeed would we do with all the leftover holes?

ROSCOE DRUMMOND

If Kennedy's Popularity Increases With Each Mistake, Watch Out

WASHINGTON — There is no reason to question the substantial accuracy of the Gallup Polls on the status of American public opinion, but there must be many who are puzzled over what some of the findings really mean. I know I am.

One of the latest polls, for example, reports that President Kennedy's national popularity has mounted to 76 per cent and that he is now "more popular than either Truman or Eisenhower at the same point in their administrations."

Another states that nearly eight out of ten "feel Kennedy has lived up to or bettered their expectations."

Well, if Kennedy gets any more "popular," I suspect he will be among the first to hold up his hands in disbelief and, perhaps, dismay.

WHAT ISN'T clear is whether President Kennedy has become so massively "popular" because of what he has failed to do or because of what he has tried to do or because of what was expected he would do—and didn't. There is also the fact that in assessing the findings that nearly eight out of ten feel that Kennedy has "lived up to or bettered their expectations," there is no measure of what those expectations were.

Now, it may be true that Kennedy is experiencing the same kind of "popularity" which engulfed President Eisenhower, that the country liked him regardless of what he did or did not do. Certainly Kennedy's great "popularity" during the first nine months was not translated into any great public demand that the Congress do what the President wanted.

CONGRESS IS NOT only more conservative than the President. It is more conservative in its membership than last year's Congress. This is because the voters added 21 Republicans to the House. And the outlook is for the continuance of this trend.

The poll showing the President's unique popularity comes at a time when Kennedy is being belabored by both the right and the left, by his natural critics and by his natural supporters.

It is understandable that he should be criticized by his partisan opponents. But he is now being subjected to even sterner criticism by Democratic liberals who feel that he has let them down. The current "American Scholar," published by Phi Beta Kappa, contains a veritable shower of articles of disillusionment growing out of the first nine months of the new administration.

THERE IS certainly a greater element of doubt in Shannon's assessment of the record to date than in the country's assessment. The reason I suggest that Kennedy may himself be somewhat suspicious of this "popularity" is that in the wake of the Cuban fiasco, when he himself knew he had made a very grave mistake and miscalculation—and admitted it—the country gave him an all-time high popularity of 86 per cent.

If Kennedy's mistakes are going to increase the number of people who count him doing a "good job," he is going to have to watch out.

20 YEARS AGO

Fired by the Mill Valley City Council after 29 years' service as legal advisor, City Atty. H. C. Symonds delivered a written eight-page attack declaring "the entire city government from bottom to top needs a good housecleaning."

More Of WHAT OUR READERS SAY

No Limited War In Prospect

EDITOR,
Independent-Journal:

Mr. Jonas, the head of California's civil defense agency, envisages a limited nuclear war from which Californians could be saved and from which we could bounce back in a few weeks to normalcy.

I do not agree that this is a likely possibility. If a war breaks out neither Russia nor this country would dare wage a limited war. Neither side could trust the other to stick to such rules and as a matter of fact both sides agree that they would use everything in their arsenal to insure destroying the other.

The facts of a major nuclear war belie any effort to prepare through civil defense to defend against it. Modern bombs are just too powerful. For instance, a 20 megaton bomb, which is standard nuclear armament, if dropped over the Bay Area would make an inferno from San Jose to Santa Rosa. Besides the effects of the blast and radiation, the air would be burned up or heated to a thousand or more degrees, whereupon everyone would be killed either inside a shelter or out.

If this bombing were carried out over the entire state or country, anyone who by some miracle did survive the original blast would have little possible chance to save his life.

Besides the very doubtful ability of underground shelters to save anyone, I wonder if it wouldn't be wise to look at the situation from other points of view. If we go underground we tend to accept the position that peace is not possible, we are agreeing that the human race cannot solve its problems by any other way but suicide. This is the acceptance of what seems to me to be an insane philosophy.

The real answer to those who wish to save the human race from destruction is to work for disarmament. The President has at last presented to the United Nations a plan for general and complete disarmament under United Nations control. He has asked that the U.N. be strengthened and changed in such a manner as to ensure controlled and policed disarmament.

We should give him all the support we can by letter and telegram and also by talking to our neighbors and friends.

We should carefully read Nikita Khrushchev's disarmament proposal and try to understand where it is similar and where it differs so that we may understand where negotiations may be possible. Mr. Khrushchev may not mean what he says about disarmament, but we certainly have made no effort to pin him down and to really find out.

There are those misguided souls who for one reason or another will continue to press toward the insanity of war and so it is up to those who have faith in reconciliation, who believe that there is something of God in every man, to do their utmost to carry us in the direction of sanity.

I appreciate the normal desire of people to protect themselves and their families by every possible means, but I feel that bomb shelters will not do the job.

It has been suggested that bomb shelters are like lifeboats on a passenger ship. The trouble with this analogy is that we are all passengers on a ship loaded with high explosives and almost sure to blow up. There won't be time to get to the lifeboats and they will be blown to bits along with us. The only hope we have is to get rid of the high explosives and that means a disarmed world under United Nations control..

Someday We May Evolve Settlement

EDITOR,
Independent-Journal:

The letter from a reader printed Oct. 18 re shooting missiles reduced me to sputtering incoherence! The idea of removing a thorn from one's side by blowing oneself to smithereens is very like the recipe for roast pig which involves burning the house down—only Lamb was joking!

That reader posed the question, "Why sweat it out any longer?"

Why, indeed! Because perhaps the world will not see real peace in my lifetime, or even in my children's lifetimes; but if only we can negotiate and renegotiate, and keep all of the quick drawers out of the saddle, someday, somehow, there must evolve somes ettlement under which the world can live in peace.

And I'd like my progeny, unscarred by radioactive fallout, to be there to enjoy it!

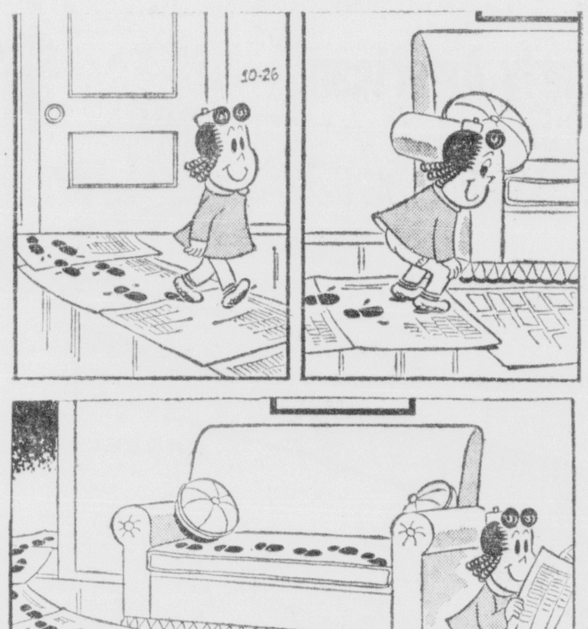
LITTLE LULU



THERE OUGHTA BE A LAW

ALMANAC

Today is Thursday, Oct. 26 the 299th day of the year with 66 to follow in 1961.

The moon is approaching its last quarter.

The morning star is Venus.

The evening stars are Jupiter and Saturn.

On this day in history:

In 1825, the Erie Canal, the first of the great man-made waterways in the United States, was opened for traffic. It extended from Buffalo to Albany, N.Y., and connected Lake Erie with the Hudson River.

In 1920, Terence MacSwiney, lord mayor of Cork, Ireland, died in a prison cell after fasting for 75 days. His hunger strike, said to be the longest in history, represented his demand for complete independence for Ireland.

In 1955, South Viet Nam was proclaimed a republic.

A thought for today: Norwegian dramatist Henrik Ibsen said: "A community is like a ship; everyone ought to be prepared to take the helm."

TIME AND TIDE

Department of Commerce United States Coast and Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

Judge Proposes State Scrap Its Municipal Court System

FRESNO (AP)—A proposal that the state scrap the municipal court system and adopt a two-court judicial system—justice courts and superior courts — was presented to the Judges, Marshals and Constables Convention yesterday.

Justice Court Judge Alec W. Brown of Madera made the proposal in a Courts Survey Committee report.

Brown called for doing away with the municipal court system because it is "becoming a huge, unwieldly and expensive process, duplicating the jurisdiction of the less expensive justice courts."

He added that municipal courts provide a growing enmeshment of the courts in party politics through judicial appointments.

Brown said a check of 10 superior courts in counties where no municipal courts exist showed only 8 to 13 per cent of the courts' case load could have been processed in municipal court.

As an example of excessive costs, Brown said:

"My own justice court in Madera in 1960, with over 11,000 non-parking cases, was nearly identical to South Bay municipal court in San Diego County. However, the operational costs of the South Bay court were nearly $50,000 higher than Madera's."

Brown contended municipal courts fail to be more economical, more convenient and have a "better brand of justice."

He said doing away with municipal courts would preserve "those grass roots courts that have done so much to preserve, for the common man, our ideals of American justice for nearly 200 years."

South	West	North	East
1 ♡	Pass	1 ♠	Pass
3 ♡	Pass	4 ♡	All Pass

Opening lead — ◇ Q

Take this kind of hand. You win the first diamond and plan to set up a spade for an eventual club discard, and you also plan to ruff a diamond in dummy and try a heart finesse.

These are all the right moves, but you must make them at the right time.

If you lead the singleton spade at the second trick East wins with the ace of spades and returns a trump. You must step up with the ace of trumps to save dummy's ruffing trick. And now you ruff a diamond with dummy's nine of hearts.

How do you get out of dummy to draw trumps? You can't discard a club safely on the queen of spades before you have drawn trumps. If you get to your hand with the king of clubs, West will win a trump trick and put you back in dummy with a club.

DON'T RUSH: Don't rush to set up a spade trick. Win the first trick with the king of diamonds, ruff a diamond in dummy and lead the nine of hearts for a finesse.

West wins with the jack of hearts and returns the jack of spades. East takes the ace and returns a spade, whereupon you ruff with the queen of hearts.

West shrewdly refuses to over-ruff, but you have enough high trumps to cope with the situation. You cash the ace of hearts and then lead the ten to force out West's king. Any return puts you back in your hand to draw the last trump with the eight.

Only now is it safe to go to dummy with the ace of clubs in order to take a discard on a high spade. There's a right time for everything.

DAILY QUESTION: Partner bids one spade, and the next player passes. You hold:

♠ J
♥ K J 7 6
♦ Q J 10 5
♣ Q 6 5 2

What do you say?

Answer: Bid one NT. It's quite all right to make this weak response with 10 points in high cards, particularly when so many of your points are in queens and jacks. Despite your high point-count, your hand is more Gorgonzola than gorgeous.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50¢ to Bridge Book, Independent-Journal, P. O. Box 330, San Rafael.

Prison-Hospital Unit Bids Asked

SACRAMENTO (AP) — The state has asked for bids on construction of a temporary prison-hospital facility for confinement and treatment of narcotics addicts.

The facility will be located temporarily at the state prison at Chino. Nineteen buildings—costing 1.75 million dollars—will be built there.

When a permanent narcotics rehabilitation center is completed the Chino buildings will be used as a regular prison branch conservation center.

About 960 addicts will be housed in the buildings under a new program requiring courts to commit known addicts unless they have been convicted of violent crimes. The minimum term is six months.

Notary Issuance

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan today announced issuance of a notary public commission to James Guilder, 485 Vista Grande Avenue, San Rafael.

'Jack And Beanstalk'

"Jack and the Beanstalk," a puppet show by the "Pumpernikle Puppets," will be given Saturday and Sunday from 2:30 to 3:30 p.m. at the Sausalito Little Theater and again at the same times on the following weekend. Puppeteers are Don Deane of Kentfield and Elaine Mitchell of Kentfield.

Mongolism Questions Answered By Science

NEW YORK (UPI)—President John F. Kennedy's drive to improve the lot of retarded children high-lights new scientific answers for critical questions pertaining to Mongolism. This is one of the most tragic forms of retardation because it is one of the most hopeless.

The question is: Do parents of one child affliced with Mongolism have a greater than random chance of becoming parents of a second such child. The old answer was, no. The new answer is yes, if the mother is younger than 35. The younger she is, the greater the chance.

Anothe. question is: Can science now identify the parents of one Mongolism child with the highest risk of becoming parents of a second. A few years ago such identification was not possible, but now it is, to some extent at least. Science now knows more about human chromosomes.

These new answers come from the Institute of Child Health of the Hospital for Sick Children in London which over the past few years has made a number of notable contributions to scientific understanding of the causes and handling of retardation.

A tiny but stable percentage of live births are of babies afflicted wtih Mongolism. That percentage is the random chance which all parents are presumed to be subject to. Two statistical studies, one in 1934 and the other in 1956, indicated parents of one Mongolism child ran no greater than the random chance of having a second.

But a new study of C. O. Carter and K. A. Evans of the institute's staff found to the contrary, and theirs was remarkable for its scientific thoroughness. It covered 698 Mongolism children and their parents. The statistical methods were highly refined.

Carter and Evans concluded that the parents of one Mongolism child and who have no other close relative so afflicted, should be told their risk of having a second is one to two per cent above the random. This advice takes no account of the age of the mother.

If the mother is under 25, their statistics showed, the risk is about 50 times the random risk. If she is between 25 and 34 the risk is five times the random, but if she is older than 35 the risk approximates the random.

In the past few years science's knowledge of human chromosomes has advanced rapidly, due to new techniques which permit their visualization. The institute's scientific staff applied these techniques to chromosomes of nine families which had two Mongolism children each, including grandparents as well as parents.

Three of these families were "carrying" translocations of chromosome 21 which is the one suspected of being at the root of Mongolism when it is missing or disordered in various ways. If their members could have had chromosome examinations, science could have told them their risk of having more babies with Mongolism was quite high.

There's Gold In Those Hills —But No Water To Get At It

SAUGUS (AP)—Four men leased 40 acres in Bouquet Canyon near Saugus for gold-mining purposes and built a modern, automated processing machine to separate the gold from the dirt.

They hoped eventually to make $2,000 a day after initially investing $20,000. Their financial projections were based on low operating costs of the automated open-pit mine and a high predicted yield.

Their proposed method was simple: Hire two bulldozers and one skiploader to move the ore and pile it into the processing machine. Then the machine would wash the gold, platinum and zirconium out of the dirt.

All they would need, they reasoned, was the machinery, five men to operate it, the ore —and water. Nature laughed at the last moment.

"Our well went dry. How can you wash out gold without water? If you want to help, then pray for rain," one of the partners says more than three months after the machinery was first set in motion.

The partners entered the venture with their eyes open. "It's a gamble, pure and simple," one of them, Gordon Zwissler, 47, Upland, said.

Also involved were J. W. Alexander, 50, Ontario; Ralph H. Miller, 44, Upland, and George L. Brannan, 41, Ontario. But Alexander died last August.

Miller said, "Everybody wants to know what we know about gold mines. I tell them, 'Nothing, but we hope to soon.'"

The partners now hope that the well will start pumping water again soon.

"It probably will if we get a little rain," Zwissler said. "There supposedly is an underground stream below the site."

The site is only seven miles from Placerita Canyon, where gold was first discovered in California in 1842. The partners heard about its potential from a former owner, Carl Krohne.

The rainy season is coming on. And a lot of modern, automatic mining equipment is standing in a field—waiting.

Wisconsin Has New Old Town

FAIRLAND, Wis. (AP)—Leaders in this little northeastern Wisconsin community have proposed re-creation of a Belgian settlement similar to those of the early 1850s.

A cash gift of $150,000 to build a convalescent home for persons of Belgian descent already has been pledged.

Backers of the project also envision the building of log cabins, a restaurant serving Belgian food and exhibits of the settlers' furniture and farming equipment.

Wife Gets Dozen, Dozens Of Roses

CHARLOTTE, N.C. (AP) — When their first child was born 14 years ago, Jack Hefner told his wife:

"Honey, I'll send you a dozen roses for every baby. Twelve for this one, two dozen for the next one, three dozen for the one after that . . ."

The latest arrival is Bingham Hefner and, since he is the Hefners' 12th child, his arrival was greeted with 144 roses for Mama.

Planert Studio Sets Art Show

A bust by sculptor William Zorrach, a charcoal drawing by the late Yasua Kunyoshi, and an oil sketch by painter Jon Corbino are on display in the Philip Planert Studio at 53 Throckmorton Avenue, Mill Valley.

Collection owner Frances Romanoff of Mill Valley, who posed as a model for all three artists, said the exhibit will be on view for three weeks.

Course In Office Machines Offered

A College of Marin adult class in office machines, including adding machines and comptometers, is now accepting additional students, according to the College's adult education office.

The class is offered from 7 to 10 p.m. Tuesday in Room 73 in the business building. Instructor is Richard Grass.

HE'S YOUR SON.....

He'll want the best help in his lifetime role of citizen and voter. That help will come from the "eyes and ears" of the people— the newspaper — particularly in reporting the operation of government. News of interest to all of us is the news that affects our pocketbooks. And the biggest spender of all... the biggest spender of OUR money is the government — including federal, state, local, county and school board governments. When these official bodies meet to discuss how to spend our money... and how much... we have a right to be there and to know what is going on, or to have the newspaper there to report the proceedings to us. That's only one of the countless aspects of your newspaper's purpose: to give you... through news and pictures, interpretive editorials and educational features... the information you need to make judgments on current happenings. And remember that your newspaper, as much as any individual or corporation, has a stake in a clean, progressive community to prosper your son's future. All his life he'll depend on his newspaper.

In the Matter of the Conservatorship of REBECCA EMILY PENNEY, Conservatee.

Notice is hereby given that on or after November 6, 1961, the undersigned George Raymond Hale, as conservator of the person and estate of Rebecca Emily Penney, conservatee, will sell at private sale to the highest bidder, subject to confirmation by the above-entitled Superior Court, all the right, title, interest, and estate of the conservatee, and all the right, title, and interest the estate has, by operation of law or otherwise, acquired other than or in addition to that of the conservatee, in and to that certain real property located in the County of Marin, State of California, described as follows:

Lot 10 as designated on the map of Kentdale, Marin County, California, filed in the office of the County Recorder of the County of Marin, State of California, on May 22, 1946, in Book 6 of Maps at page 9.

Subject to: Current taxes, covenants, conditions, restrictions, reservations, rights, rights of way, and easements of record.

Bids or offers are invited for the property and must be in writing and may be delivered to the conservator at his residence at Baywood Avenue and Crest Road, Ross, California, or to the office of his attorney Noel D. Martin, 504 Van Ness Avenue, San Francisco 2, California, or may be filed in the office of the clerk of the Superior Court at any time after the first publication of this notice and before the making of the sale.

Terms and conditions of sale: Cash in lawful money of the United States; 10% of the amount bid to accompany the offer and the balance to be paid upon confirmation of the sale by the Superior Court. Taxes, operation and maintenance expenses, and premiums on insurance acceptable to the purchaser shall be prorated as of the date of confirmation of sale. The examination of title, recording of conveyance, and any title insurance policy shall be at the expense of the purchaser or purchasers.

The property herein described is commonly referred to as 4 Kentdale Lane, Kentfield, California. The undersigned reserves the right to reject any and all bids.

Dated October 17, 1961.

/s/ GEORGE RAYMOND HALE
Conservator of the person and estate of Rebecca Emily Penney, conservatee.

NOEL D. MARTIN,
Attorney for Conservator,
504 Van Ness Avenue,
San Francisco 2, California.
No. 1283 Oct. 19, 23, 26, 1961

Marin School Boards Group Plans Dinner

page 37 .. first run

A dinner meeting of the Marin County School Boards Assn. has been scheduled for next Thursday at 7 p.m. at Dominic's Harbor Restaurant at 507 Francisco Boulevard in San Rafael, it was announced today.

Speaking will be two California School Boards Assn. officials, Kenneth S. Haussler, president, and Robert Formhals, executive secretary. The speakers will be introduced by Elizabeth M. Deedy, president of the county association and Marin Junior College District trustee.

At a brief business meeting, Virgil S. Hollis, Marin County superintendent of schools, will call for nominations and election of trustee representatives to the County Committee on School District Organization. Members whose terms expire on Dec. 31 are Earl Marshall, Novato, member-at-large; Mrs. Joseph Wallace, Belvedere, member-at-large, and Alex Mitchell, Tomales, fourth supervisorial district representative.

Irish Sweepstakes Receipts Seized

SAN FRANCISCO (UPI)—Customs collectors yesterday seized an estimated 50,000 Irish Sweepstakes receipts from mail which arrived at San Francisco International Airport.

Customs collector Gearge K. Brokaw said the envelopes, postmarked from Hamburg, Germany, aroused his suspicion because of a recent flood of obscene mail from there.

Brokaw said the envelopes bore no return address but that he was given permission to open them by several of the addressees. Letters he couldn't open for lack of permission will be forwarded to the postmaster who can order them destroyed in accordance with the U.S. lottery laws, Brokaw said.

Marin Population Grows By 19,780

Marin County's population increased by 19,870 persons from April 1, 1960 to July 1, 1961, it was announced today by the Bay Area Council, Inc.

On the first of July of this year, the population figure stood at 156,200, a 6.4 per cent increase over last year's 146,820, indicating an average increase of 625 persons per month.

Of the nine Bay Area counties surveyed by the council, Marin, Santa Clara and San Mateo showed the highest growth rate.

New Clothing Business Is Opening

Artists Tailors of Marin, a new clothing business for men and women, will be opened at 2056 Fourth Street, San Rafael, on Friday.

The firm is a branch of Artist Tailors of California in San Francisco, owned by Julius Paul of Kentfield. Paul said he is opening the store in San Rafael for the convenience of his Marin County customers. He also maintains an establishment in Oakland. The parent organization is known as Golden Gate Clothes, Inc.

The business specializes in personally styled, custom-made garments tailored from imported and domestic woolens. Measurements will be taken and fabrics selected in San Rafael and tailoring will be done in San Francisco.

Fraser N. Cudworth, a resident and former mayor of San Anselmo, will be in charge of the local branch.

Tam High Freshmen Elect Officers

Charles Collins, son of Dr. and Mrs. Daniel Collins of Mill Valley, has been elected president of the Tamalpais High School freshman class.

Other officers elected are Shelley Smith, vice president; Betty Hodges, secretary; Lana Hill, treasurer and Laurie Lacey, girls' representative. Other classes held elections in June; the freshman class holds their election in October in order that students may get acquainted with each other.

MARIN BUSINESS And INDUSTRY

(A Thrice-Weekly Column)

By HARRY CRAFT

'A Buoyant But Not Booming' Business Year Is Predicted

It is already that time of the year when the economists make their predictions for 1962. "Buoyant but not booming" is the general consensus of opinion for the U. S. economy, according to a survey by F. W. Dodge Corp., New York marketing specialists who will publish their complete findings next month.

Most of those polled based their projections on a "no shooting war" in 1962. They said consumer and wholesale prices will creep upward, forecast a sharp rise in Federal defense spending as a short-range stimulant, feel that the biggest upsurge will be centered in manufacturing and look for a fairly good year in non-residential construction.

But they also warned against lagging consumer expenditures, another sluggish housing year, inflation, more aggressive foreign competition and an uncomfortably high level of unemployment as potentially weak spots.

The collective record of last year's survey showed a fairly good score. Nearly 70 per cent correctly foresaw the mild recession during early 1961 and the rising trend by this fourth quarter.

LESS PROPHETICAL but more factual for the present season, the California State chamber of Commerce places business conditions as generally better in California than throughout the nation. It, too, records an upswing in non-residential construction.

The State Division of Labor Statistics and Research, while showing a recent increase in manufacturing employment, admits that it has only recovered about one-third. Contracts awarded to California firms in defense-related industries are expected to benefit employment in 1962 by the defense build-up started this year.

IN MARIN COUNTY, the picture is differently framed. With comparatively few industries our economy is based primarily upon real estate, real estate loans, retail sales, an ever increasing population and higher-than-average personal incomes, of which at least three seem likely to advance in 1962.

Real estate sales are 29 per cent higher than last year; the increase in real estate loans has moved up almost proportionately; building permits have increased in residential and non-residential structures for a net average of 15 per cent over last year.

Marinites have the highest average taxable income in California—$9,781 annually. Effective buying income for 1960 was estimated at well over 400 million dollars — about one-third higher than Sonoma County with an almost identical population.

NOTHING SEEMS more useless than a motor movie in the daytime, but Hal Fenton of San Rafael is starting a project at the Motor Movies on Bellum Boulevard which should turn it into a lively scene on Sundays.

From noon until 4 p.m. beginning this Sunday it will be converted into a family market place where dealers and individuals alike can bring in anything they have to offer—food, outboard motors, everything that's portable—and put it on display. Says Fenton, the public can make the rounds and possibly pick up some real bargains—maybe a door prize.

Another possible Fenton project at the Motor Movies for the future—go-cart racing.

Student Band

Dan Moore of San Rafael is a member of the 100-student maching band this fall at Oregon State University. Moore is a junior in engineering.

MARIN CALENDAR

TODAY:
